Minutes - Final Unless Amended by Committee

Emergency Medical Services - Medical Advisory Subcommittee

Consider:

Who benefits? Who is burdened?

Who does not have a voice at the table?

How can policymakers mitigate unintended consequences?

C. Discussion Items

Dane County EMS Protocols

Pediatric Hypoglycemia

DCEMS Protocol for pediatric hypoglycemia D10 dosage will change to 3mg/Kilo per Dr. Kim's research and recommendation. Newborn resuscitation protocol dosage should also be updated. Add box that says to check in 10 minutes and redose as appropriate. Once pages are corrected, updates and memo will be sent to agencies.

Stroke Update

Following meeting with the hospital stroke coordinators and neurologists, it was agreed that pre-hospital LVO screening makes no immediate difference in treatment of stroke patients. Because of this, it will be removed from the Dane County protocols following a memo that is sent to hospital stroke programs to make them aware of the change. Carbon suggests hospitals continue to monitor any inter-facility transfers to make sure it isn't causing undue strain on the system; also a suggestion for stroke programs to share data with group.

Stoughton ED Transport - Strandlie

Strandlie reviews capabilities of Stoughton ED as they have seen an increased number of patients being transported that they aren't able to provide proper treatment for. Diebold reiterates that it's sometimes hard to transport patients from their facility to another facility, and EMS transporting directly to a more appropriate hospital may give patient best care. Strandlie will share list of capabilities with Meier to share with agencies.

ED Recovery Coaches

Suggestion for EMS providers to call for a Recovery Coach on behalf of their patient so they can meet them in the ED. EMS providers are not expected to do this, but it is an extra opportunity to get that patient help if desired. Request to add ED2Recovery number to next protocol update. Cards/flyers will also be sent out to get number shared out to agencies. Meriter also provides HOPE kits in ED and trying to track data to see how often they are being distributed and how often Recovery Coaches are being utilized.

D. Presentations

E. Reports to Committee

F. Future Meeting Items and Dates

G. Public Comment on Items not on the Agenda

H. Such Other Business as Allowed by Law

DeerGrove EMS got a grant to help fund HOPE kits for the leave-behind program and will be implementing it late this week/early next week. Dr. Spigner shares that Luke Bryan concert will be in Brooklyn next week.

I. Adjourn

The meeting was adjourned at 12:58pm.

Minutes respectfully submitted by Courtney Morency.
