2023 RES-019

**RECLASSIFYING A JANITOR TO A FOOD SERVICE HELPER / DRIVER IN
CONSOLIDATED FOOD SERVICE**

The Consolidated Food Service Division has a vacant Janitor position. The Division has been working without a Janitor for some time, as the previous incumbent had been on a leave of absence. Additionally Food Service Helper / Drivers are already responsible for cleaning their own station.

The Division would be best served by an additional Food Service Helper/Driver instead of a Janitor position. An additional Food Service Helper Driver would offer additional flexibility to help provide services to Senior Meal Centers, Badger Prairie, Juvenile Detention, and the Dane County Jail. The Division is requesting to reclassify this position from a Janitor to Food Service Helper/Driver.

Reclassification of a vacant position require County Board approval. Employee Relations has reviewed the request and is recommending that the position be reclassified.

THEREFORE, BE IT RESOLVED, that position #1717 is reclassified as a Food Service Helper/Driver as described above and the Department is approved to fill the position.
