

Friends of Lake Kegonsa Society, Inc.

December 18, 2025

Dane County Zoning & Land Regulation Committee
City-County Building
210 Martin Luther King Jr. Blvd
Madison, WI

Dear Committee Members:

I am writing to respond to the applicant's comments regarding the December 9, 2025, letter from Friends of Lake Kegonsa Society (FOLKS) regarding Petition 1224 Pleasant Springs Section 29. I attended the Public Hearing via Zoom but was unable to respond due to technical issues.

FOLKS' mission is to promote, enhance and protect Lake Kegonsa's environmental and recreational characteristics. At the Public Hearing the applicant characterized FOLKS' comments as anti-development. Applicant also asserted that the concerns expressed in the letter about adverse environmental effects were without merit.

Contrary to the applicant's characterization, FOLKS' letter does not oppose development. FOLKS' comments respectfully requested the Zoning & Land Regulation Committee to consider potential negative impacts and evaluate those conditions before acting on the application.

Sincerely,

David Gilles
Board member
Friends of Lake Kegonsa Society
