**Problem Identification/Project Justification**

In preliminary 2017, 46.6% of persons killed and 25.9% of persons sustaining incapacitating injuries in Wisconsin crashes were NOT wearing seat belts. Many of these people were ejected from their vehicle. Statewide seat belt use was 89.4% in 2017; however, Wisconsin seat belt use still remains about three percentage points lower than the national average. It has been estimated that seat belt use by motor vehicle occupants in Wisconsin prevents more than 200 traffic related fatalities and more than 8,000 serious injuries annually.

Seat belt enforcement grant recipients are targeted based upon seatbelt usage data. The intention is to encourage extraordinary seat belt enforcement in areas of the state with low seat belt usage.

For crash data and other resources available at the county level, please visit Community Maps at <https://transportal.cee.wisc.edu/partners/community-maps/>

**Additional Justification****RPM/SPM Notes**

The amount of the taskforce grant shall be \$113,400.00 and a detailed funding allocation plan to participating taskforce member agencies shall be submitted. Grantee is prohibited from using grant funds to supplant existing state or local expenditures.

Both Op Plan and signature page are required to be submitted with the grant at the beginning of the process on the "Supporting Documents" tab. NO GRANTS WILL BE APPROVED WITHOUT THESE DOCUMENTS ATTACHED.

The budget is for deployments only; no grant funds are for equipment. This grant requires a 25% soft local match. Activity Reports may use one overall monthly statistical report if a pre-approved spreadsheet is attached. Such reports are due on/by the 15th of the next month (example: January's report is due by February 15th). ALL involved agencies MUST participate in the three (3) National Mobilization periods such as "Click it or Ticket" and "Drive Sober or Get Pulled Over" - summer and winter.

ALL agencies are encouraged to attend the quarterly traffic safety commission (TSC) meetings for their County and the use Community Maps as a guide for scheduling deployment locations:

I agree to the terms and conditions above.

**Project Objectives with Evaluation Plan**

Grantee agrees to adopt a zero tolerance policy for impaired driving during all motor vehicle stops.

Evaluation: Activity Report - Contacts

Grantee agrees to adopt a zero tolerance policy for unrestrained occupants during all motor vehicle stops.

Evaluation: Activity Report - Contacts

During past deployments, grantees have typically initiated a recorded traffic stop about every 45 minutes. To maintain or exceed historical activity levels during grant-funded activity Grantee will, on average, initiate a recorded traffic stop every 45 Minutes.

Evaluation: Activity Report - Contacts

During past grant-funded deployments, grantees typically maintain an agency ratio of three citations to one written warning.

Evaluation: Activity Report - Citations/Warnings

Grantee agrees to make contacts with local media, community groups or other groups to increase public awareness of information related to crashes, and subsequent enforcement efforts. This should be done a minimum of once during every quarter of grant approval. Creating partnerships with public and private community groups, to enforce public awareness of this campaign is strongly encouraged.

Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Restriction on State Lobbying

None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

## General Contract Terms Seatbelt Enforcement

**16. Certification Regarding Debarment And Suspension**

Grantee certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from entering into this Grant by any federal agency, or by any department, agency, or political subdivision of the state. For purposes of this grant, "principal" includes an officer, director, owner, partner, or other person with primary management and supervisory responsibilities, or a person who has critical influence on or substantive control over the operations of Grantee.

Instructions for Lower Tier Certification:

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR Parts 180 and 1300.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarment, suspension, ineligible, lower tier, participant, person, primary tier, principal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definition and Coverage sections of 2 CFR Part 180. You may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by NHTSA.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Instructions for Lower Tier Certification" including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with 2 CFR Parts 180 and 1300.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, the department or agency with which this transaction originated may disallow costs, annul or terminate the transaction, issue a stop work order, debar or suspend you, or take other remedies as appropriate.

Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion—Lower Tier Covered Transactions:

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

**17. Buy America Act**

## General Contract Terms Seatbelt Enforcement

The Grantee and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or sub recipient, to purchase only steel, iron and manufactured products produced in the United States with Federal funds, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification to and approved by the Secretary of Transportation .

**18. Prohibition on using grant funds to check for helmet usage**

The Grantee and each sub recipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

**19. Termination**

This grant may be terminated upon BOTS' determination that Grantee has materially failed to comply with terms of this Agreement. Termination may be considered among the criteria for subsequent grant awards.

Supporting Documentation

This Grant Agreement ("Agreement"), entered into by and between the Bureau of Transportation Safety ("BOTS") and \_\_\_\_\_ ("Grantee"), is executed pursuant to terms that follow.

**1. Purpose of this Agreement**

The Bureau of Transportation Safety, housed within the Wisconsin Department of Transportation's Division of State Patrol, serves as the administering agency for state and federal grants relating to transportation safety. The purpose of this Agreement is to enable BOTS to award grant funding to Grantee for eligible costs of the Grant Project ("Grant") undertaken as outlined in the project narrative and work plan. The funds shall be used exclusively in accordance with the provisions of this Agreement, as well as applicable federal and state laws and regulations.

**2. Term**

Work conducted under this Grant must occur within the federal fiscal year: October 1 to September 30. This Agreement expires September 30 of the federal fiscal year during which the Grant is conducted.

**3. Implementation**

Grantee shall be solely responsible for the design and implementation of the Grant as described in the project narrative and work plan. Grantee agrees to conduct the Grant in accordance with these plans as approved by BOTS.

Modification of the Grant shall require prior approval of BOTS. Any change in project coordinator, financial officer, authorizing official, addresses, or telephone numbers requires written notification to BOTS. If the work plan or other documentation must be changed after the contract is signed, Grantee must submit an amendment request via the Wise-Grants System. Amended activity may not commence prior to BOTS approval.

Failure to perform planned activity may be considered grounds for termination of funding.

**4. Audit and Maintenance of Records**

Grantee government subdivisions are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S. C. 7501-8507) and the Single Audit Requirements of 2 C.F.R. §200, Subpart F (A-133 Single Audit Requirements). If Grantee government subdivision is subject to a Single Audit, BOTS must be notified of the audit and subsequent results. If Grantee is subject to these requirements, it will verify that it is compliance with these requirements and that it has filed with the Federal Audit Clearing House. BOTS may take corrective action within six months and may require independent auditors to have access to grantee's records and financial statements. Documentation of costs shall be maintained for three years following final reimbursement. Reimbursement claim cost detail shall include a list of all personnel whose time is claimed; current billing period and year-to-date wages and fringe benefits paid to each person listed; all travel listed individually and broken out by transportation/mileage, meals, lodging, and related costs; all materials and supplies and contractual services, itemized, required to complete project activity. Employee time records for actual hours worked or percent of time dedicated to project activity are to be maintained by Grantee and made available to BOTS upon request with reasonable notice. Each budget item identified as "Other" shall be claimed separately.

**5. Monitoring by the State**

Grantee consents to monitoring by BOTS staff to ensure compliance with applicable state and federal regulations. Monitoring may occur on-site and will require access to original versions of employee payroll information, citations, and other materials related to the implementation of this grant.

**6. Payment of Funds by the State**

All highway safety projects are funded on a cost reimbursement basis. State or local funds shall be expended before federal reimbursement is made.

BOTS shall reimburse Grantee only for the actual hours worked, and for other eligible costs, and only if the costs are incurred in performing tasks identified within the grant application. Personnel costs shall be reimbursed on the basis of actual hourly salary and fringe rate(s) that have been verified and approved by BOTS, or on the basis of percentage of annual salary and fringe dedicated to project activity as described within the grant application. All expenses for which Grantee

seeks reimbursement must be documented in the Project Activity Reports.

**7. Equipment**

Tangible, non-expendable personal property having an acquisition cost of \$5,000 or more, with a useful life of greater than one year, that is purchased in whole or in part by Grantee using funds awarded as part of this Agreement must be justified in the project narrative or work plan and approved by the NHTSA Regional Office in writing before initiating the acquisition of the equipment. Each item shall be tagged, inventoried, and monitored until the federal interest is released. Tangible, non-expendable personal property having an acquisition cost of less than \$5,000, and budgeted as materials and supplies, will also be monitored. Grantee must inform BOTS in writing when equipment is no longer used for the purpose for which it was acquired. Grantee's procurement of property under a grant will follow the same policies and procedures used for procurement from its non-federal funds, provided their procurement procedures follow the requirements for procurement standards set forth in federal law in 2 C.F.R. §§200.318 general procurement standards through 200.326 contract provisions. Each grantee receiving traffic safety funds must maintain written property management standards that comply with the requirements for property standards set forth in federal law in 2 C.F.R. §§200.310 through 200.316. These requirements include, but are not limited to, the maintenance of accurate property records [2 C.F.R. §200.313(d)(1)]. Such records will include a description of the property; a serial number or other identification number; the source of funding for the property (including the FAIN, if applicable); indication of with whom title is vested; acquisition date; cost of the property; percentage (at the end of the budget year) of federal participation in the cost of the project for the federal award under which the property was acquired; location, use, and condition of the property; and ultimate disposition data including the date of disposal and the sale price of the property. Grantees will institute maintenance procedures adequate to keep the property in good condition.

**8. Print and Audio Visual Materials**

Grantee shall submit all materials developed under this Agreement to BOTS for approval of content and style prior to final production and release. All video materials intended for general public viewing must be close-captioned. Grantee shall credit the Wisconsin Department of Transportation Bureau of Transportation Safety and the National Highway Traffic Safety Administration on all such materials. Grantee may not copyright any portion of materials produced under this Agreement.

**9. Program Income**

Program income is gross income derived by Grantee from Grant-supported activities. Grantee will report program income on reimbursement claims, stating whether the income is retained or credited as a reduction in federal share of project expenditures. If retained, such income may be used only for highway safety activities and is subject to audit by BOTS.

**10. Additional Requirements Where Funds Are Expended on Law Enforcement**

- A. Grantee agency certifies that it has a written departmental policy on biased-based policing, or that it will initiate development of one during the grant period.
- B. Grantee agency certifies that it has a written departmental policy on pursuits or that it will initiate development of one during the grant period. The policy should conform to the guidelines of the IACP or a similar pursuit policy.
- C. Grantee agency certifies that it has a written departmental policy on the BAC testing of all drivers involved in fatal vehicle crashes involving alcohol, or that it will initiate one during the grant period. Grantee agency will require a test of all killed drivers and will encourage all surviving drivers to consent to a test.
- D. Grantee agency certifies that it has a written departmental policy on the use of safety belts by employees, or that it will initiate development of one during the grant period.

**11. General Costs of Government**

The general costs of government (i.e. supplanting) are unallowable except as provided in 2 C.F.R. §200.474. [2 C.F.R. §200.444]. The replacement of routine or existing state or local expenditures with the use of federal grant funds for costs of activities that constitute general expenses required to carry out the overall responsibilities of a state or local agency is prohibited.

**12. Guidelines for Allowability of Costs**

To be allowable under Federal awards, costs must meet the following general criteria [2 C.F.R. §225, Appendix A, C(1)]:

1. Be necessary and reasonable for proper and efficient performance and administration of Federal awards.
2. Be allocable to Federal awards under the provisions of 2 CFR part 225.
3. Be authorized or not prohibited under State or local laws or regulations.
4. Conform to any limitations or exclusions set forth in these principles, Federal laws, terms and conditions of the Federal award, or other governing regulations as to types or amounts of cost items.
5. Be consistent with policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the governmental unit.
6. Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost, incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
7. Except as otherwise provided for in 2 CFR part 225, be determined in accordance with generally accepted accounting principles.
8. Not be included as a cost or used to meet cost sharing or matching requirements of any other Federal award in either the current or a prior period, except as specifically provided by Federal law or regulation.
9. Be the net of all applicable credits.
10. Be adequately documented.

**13. Nondiscrimination**

  3. To permit access to its books, records, accounts, other sources of information, and its facilities as required by the State highway safety office, US DOT or NHTSA;
  4. That, in the event a contractor/funding recipient fails to comply with any nondiscrimination provisions in this contract/funding agreement, the State highway safety agency will have the right to impose such contract/agreement sanctions as it or NHTSA determine are appropriate, including but not limited to withholding payments to the contractor/funding recipient under the contract/agreement until the contractor/funding recipient complies; and/or cancelling, terminating, or suspending a contract or funding agreement, in whole or in part; and
- To insert this clause, including paragraphs a through e, in every subcontract and sub-agreement and in every solicitation for a subcontract or sub-agreement, that receives Federal funds under this program.

The grantee will comply with all Federal statutes and implementing regulations relating to nondiscrimination ("Federal Nondiscrimination Authorities"). These include but are not limited to:
