To Whom it May Concern,

We are submitting the attached Conditional Use Application and Zoning Change Application in regards to property located in Deerfield. We originally submitted these forms in August of 2001 and all fees were paid for at that time. We have just recently been informed that this process was never approved at the final stage. We have never received any correspondence in regards to the "rescinded vote" nor were we informed directly and have conducted business on this site for 15 years under the impression that we were in compliance. We have always met the standards of the EPA and all State and Federal inspections that are required for our business. Any additional information regarding the previous application can be found in the original paperwork that you have on file.

If any more information is needed we can be reached by phone at 608-225-2992 which is Owen's cell # or email at kskustomservice@aol.com. We will be out of state from January 30th to March 17th but can be reached at the above number and email address.

**DANE COUNTY PLANNING & DEVELOPMENT DEPARTMENT
STAFF REPORT**

Petition No. 8229

Item No. 12

Public Hearing Date: 8/28/2001

Work Meeting Date: 9/11/2001

Applicant/Agent: Owen Storlie, owner

Town: Deerfield, Section 21

I. BACKGROUND

A. Request

Owen Storlie owns 270 acres, according to his signed rezone application. He wishes to create a 1.00 acre area (not a separate parcel) zoned A-B Agriculture Business, in which to "have a place to store and work on my equipment that is for hire," which he uses "to custom spray agricultural fields." The site plan submitted with the rezone application shows a "concrete pad" and silo located within the 1.00 acre area to be rezoned to A-B, and a barn located just outside the area.

B. Site/Locational Information

- The subject property is located north of 928 Zechzer Road, SW Quarter of the NE Quarter of the NE Quarter of Section 21, Town of Deerfield.
- Uses: 100% Pasture

II. ANALYSIS

A. Compliance with County Ordinances

- Applicable ordinances: 10.121(2)(a) of the DCCO.

B. Compliance with Adopted Plans

- Town Land Use Plan
 - The subject property is located within the "Village Centered Growth Area".
 - Policies: *New commercial and industrial development within the Town shall be limited to those land uses that do not require public sanitary sewer and water service.*

C. Environmental Features

- Soil Quality: 100% Class II

D. Site and Neighborhood Planning Issues

- Site Plan: The submitted site plan shows a concrete pad and silo. It also shows the proximity to the Village limits. *See attached.*

- Neighborhood Impact: Given the proximity to the Village of Deerfield and more specifically residential development located near the subject property (in the Village and the Town), consideration should be given to where and how the chemicals will be stored.

E. Public, Local Government, And Agency Input

- Town Plan Commission Recommendation:
- Town Board Action: Petition No. 8229 was approved 5-0.
- Division of Environmental Health: Consideration should be given to the provision for storage of the pesticides, herbicides, etc., and for cleaning of equipment that may be associated with this type of business due to concerns about groundwater protection.
- Highway Department: As of 8/22/01, none received.
- Land Conservation Department: As of 8/22/01, none received.

III. CONCLUSIONS

A. Summary of main issues/findings

Owen Storlie wishes to create a 1.00 acre area (not a separate parcel) zoned A-B Agriculture Business, in which to "have a place to store and work on my equipment that is for hire," which he uses "to custom spray agricultural fields."

B. Any recommended conditions of approval

- Provision for storage of the herbicides, etc., and for cleaning of equipment that may be associated with this type of business due to concerns about groundwater protection, as noted by the Environmental Health Department.

Please confirm that the rezoning was approved only after findings were made based on consideration of the following as required by s. 91.77(1)

Wis. Stats.:

Adequate public facilities to accommodate the development either exist or will be provided within a reasonable time.

Provision of public facilities to accommodate development will not place an unreasonable burden on the ability of affected local units of government to provide them.

The land is suitable for development and development will not result in undue water or air pollution, cause unreasonable soil erosion, or have an unreasonably adverse effect on rare or irreplaceable natural areas.

Is the rezone consistent with the County Agricultural Preservation plan? _____

On July 9, 2001 the Deerfield Township Board voted to approve Petition #8229 for Owen Storlie. With the understanding there would be a conditional use permit. After reading the staff report with it stating that it would be to change the zoning^o from the A-1 EX Exclusive Agricultural to the A-B Agricultural Business North of 928 Zechzer Road, SW Quarter of the Ne Quarter of Section 21, Town of Deerfield. This is not what we thought we were agreeing too. We would like to still go along with the approval^o but we will furnish our concerns and questions back to the Dane County Planning and Development in time for your working meeting. If you have any questions about our request please call.

Sincerely,

Betty Duckert, Clerk
