(97 lots, 127.4 acres)
Rezone Petition #11379
Review deadline: December 17, 2019

Staff recommends the following conditions that will be applicable in approving the preliminary plat.

 - *Recording of an approved plat.*
 - *The Wisconsin Department of Natural Resources approves the requested Urban Service Area Amendment for the property.*
 - *The town/city agreement for the extension of sanitary sewer service is approved.*
 - *A developer's agreement between the developer and town shall be approved and executed prior to recording of the final plat.*
2. The public park land appropriation requirement is to be satisfied (private park land does not satisfy this requirement).
 - *The amount of land to be provided shall be at least 1,750 square feet of land for each proposed residential dwelling unit within the plat. 92 lots = 161,000 s.f.*
 - *No lands within the plat are being dedicated to the public for park purposes.*
 - *Where the town agrees to accept money for park or recreation purposes in lieu of land, the specific amount of money shall be set as a general standard by the respective town board, but in no case should the minimum amount be less than the last official equalized value of the required public land area (1,750 square feet of land for each proposed residential dwelling unit within the plat).*
 - *NOTE ON PLAT: All outlots are to be privately held and maintained with the lands being used for a golf course with easements given to the public for stormwater management across portions of them.*
3. All public land dedications are to be clearly designated “dedicated to the public.”
 - *All of the proposed streets are being shown as dedicated to the public.*

4. Comments from the Dane County Highway department are to be satisfied:
 - *150 ft. vision corners required at Welcome Drive intersection with CTH S.*
 - *No access along frontage of CTH S.*
5. Utility easements are to be provided.
 - *Easements across lots or along rear or side lot lines shall be provided for utilities where necessary, shall be at least 6 feet wide on each side of lot lines*
6. All streets shall be graded and surfaced in accordance with plans, specifications and requirements of the Dane County Highway Commission and the Town of Middleton.
7. Comments from the Dane County Surveyor are to be satisfied:
 - *Raleigh and Colonial cannot change on a curve. They will need to change at the intersection with Pioneer Pointe Pass.*
 - *Pioneer Pointe Pass is not recommended as Pointe and Pass are both recognized street types; however it is allowable.*
 - *Colonial may only be used as a street name once. Way and Court are street types and do not create separate names. The name is Colonial and may not be duplicated. Colonial Way can continue into the cul-de-sac if desired, or give Colonial Court a new name.*
 - *(All changes have been made and updated on the final plat)*
8. All street names shall be consistent with Chapter 76 of the Dane County Ordinances.
