

The Dane County Board of Supervisors hereby requests that DCSO hold a minimum of 2 public information sessions in the West precinct hosted prior to implementation, which should outline key principles and policies regarding the pilot.

The Dane County Board of Supervisors hereby requests that DCSO provide quarterly reporting to the Public Protection & Judiciary Committee in 2024 on measures of pilot success and lessons learned throughout the implementation, including significant changes to draft policies and procedures and resource needs.

The Dane County Board of Supervisors hereby requests that the Public Protection & Judiciary Committee hold a public meeting in the West Precinct in mid-2024 to gather public input on implementation of the pilot. Public access to any footage will be through the existing records request process and in accordance with Wisconsin's Open Records Law.

The Dane County Board of Supervisors hereby requests that prior to pilot implementation, pilot principles and vision, and draft policies and procedures for camera activation, deactivation, prohibited recording, and records retention, release, and redaction be posted online and available to the public. The County Board of Supervisors recognizes that the purpose of a pilot is to learn and test assumptions regarding body worn cameras, and that all policies and procedures will be reassessed and enhanced throughout the pilot period.

The Dane County Board of Supervisors hereby requests that all updated Body Worn Camera policies and procedures shall be posted online and easily accessible to the public within ~~18 months of the pilot start date.~~ 30 days of a change.

The Dane County Board of Supervisors also requests that, pending implementation of a County Board of Supervisors Community Engagement Project in 2024, at least 2 focus groups shall be conducted in the West Precinct and should focus exclusively on perceptions of the implementation of the Body Worn Camera pilot, and that findings from these focus groups should be communicated to the Public Protection & Judiciary Committee and DCSO.

Finally, the Dane County Board of Supervisors requests that a third-party evaluation of the pilot should be included in the 2025 budget focusing on key success measures including increased accountability, transparency, and strengthened relationships with communities served. An evaluation should include focus group sessions for a qualitative evaluation of public perception of the pilot. This input should be targeted to residents of the county's West Precinct where the pilot will occur, and should include perspectives from victims of crime ~~and other community members directly impacted by the pilot.~~ and individuals who are most directly impacted by the criminal legal system The evaluation will produce a final report summarizing key findings which will be submitted to DCSO and the Public Protection & Judiciary Committee. ~~The report will include recommendations for public reporting measures that should be made available for permanent implementation and/or expansion and summarize findings from the focus groups. The evaluation should prioritize seeking feedback from people of color and undocumented community members in the West Precinct.~~ Input from the evaluation will be considered but may not influence future decisions on the body worn camera project. The evaluation will be dependent on funding available in the 2025 budget.
