Loan Terms and Conditions

Loan terms are designed to be somewhat flexible and the CDBG Commission will balance the need to maintain financial viability of the business against ensuring a reasonable return on the County's investment

Matching Funds Requirement:

Projects must leverage at least \$1 of non-federal funds for every \$1 of MBL funds. However, based on the risk involved, leverage rates required by the CDBG Commission may be higher on working capital and improvements to real property.

Non-federal funds include: personal funds advanced by the Borrower; loan funds contributed by a bank, credit union, or savings and loan; private foundation funds; angel investor funds; and other non-federal sources.

Federal funds are defined as those originating from a federal source, such as the U.S. Department of Agriculture - Rural Development, U.S. Small Business Administration, or a state program such as the Wisconsin Housing and Development Authority (WHEDA).

Loan Size:

\$1,500 - \$8,000.

Loan Term:

Maximum 7 year term.

Interest Rate:

The interest rate will not exceed the Prime Rate, as published in the Wall Street Journal on the business day most closely following the verified receipt of a completed application by the County, plus one point. The interest rate will be determined by the CDBG Commission.

Repayment:

No payment is due for 6 months. Interest will accrue during this period. Interest-only payments are due from 6-18 months. Monthly installments of Principal and Interest are due thereafter for remainder of loan.

Loan Fees:

Dane County, through action by the CDBG Commission, may establish loan origination fees, closing fees, servicing fees and other fees to cover reasonable charges directly related to either processing an application, or servicing a loan. All fees collected are retained by the MBL fund.

Loan Forgiveness:

There are two ways a business may qualify for loan forgiveness.

1. Business operates in Food and Agricultural sector.

Agriculture is an important component of the Dane County economy. To support this sector and attract new entrants, Dane County is offering loan forgiveness to qualifying businesses working in the food and agricultural sector. Applicant must indicate and explain in application how it qualifies as a food and agricultural business.

2. Business creates at least one (1) additional job.

Non-food and agricultural businesses that create at least two (2) total full-time equivalent (FTE) jobs may qualify for loan forgiveness.

LMI business owner + 1 LMI employee

IF the business is eligible for the MBL program because, as a new business owner, he/she is creating a job for self and qualifies as an LMI resident of the Dane County Consortium, **THEN** one additional FTE job created and filled by a person of LMI is required for loan forgiveness.

Non-LMI business owner + 2 LMI employees

IF the business is eligible for the MBL program because business owner is not LMI but is creating a new job that will be filled by an LMI resident (or is receiving MBL funding but for other reasons the business does not qualify as a microenterprise business), **THEN** a second FTE job created and filled by a person of LMI is required for loan forgiveness.

Applicants must indicate their intent to seek loan forgiveness in the MBL application. To qualify, the business must create the agreed upon positions and retain those positions for at least one year. The earliest a business may receive forgiveness is 24 months from the date of the executed loan agreement. The loan must be in good standing with all reporting and programmatic requirements to be considered for loan forgiveness. A final determination of loan forgiveness eligibility will be made by the CDBG Commission prior to loan closing.

Collateral/Security:

As determined by the CDBG Commission, the loan may be secured through one or more of the following means:

- Promissory note;
- A mortgage on the real property being acquired/rehabilitated;
- A General Business Security Agreement secured by a UCC filing with the Wisconsin Department of Financial Institutions covering assets of the business including equipment, inventory, and supplies;
- Personal guarantees of 1) each proprietor, and/or 2) each limited partner who owns 20% or more interest and each general partner, and/or 3) each stockholder owning 20% or more voting stock, and/or 4) any partner or entity providing a guaranty on the loan;
- Collateral assignment of life insurance in an amount at least equal to the amount of the loan for each of the borrowers/guarantors;
- Collateral assignment of key-person insurance in an amount at least equal to the declining loan balance for each of the owners/guarantors;
- Other security documents that the County may require in its sole discretion to evidence the loan and otherwise protect its security interest and liens.

Insurance:

At all times during the term of the loan, the Borrower must maintain property/casualty insurance on all business assets and collateral in an amount at least equal to the Borrower's outstanding loans, and name the County as a lender loss payee/additionally insured for any and all items purchased with the loan. Evidence of such insurance must be provided at the loan closing and immediately upon subsequent MBL staff request.
