**Subject:** Notice - Dane County New Tower MLA Partner Towerking

### NOTICE

You are receiving this Notice per Dane County, Wisconsin Ordinance.

Please be aware that Towerking has proposed a new tower at the following location. The tower has available heights of 185' and below. Please contact me should you have any interest in leasing this tower at this location.

(I would have sent this to your RF engineer as well but I'm not sure who that is now? – is it Dan Sobczak still?)

**Subject:** Notice - Dane County New Tower Towerking / T-Mobile

Mike, are you working the same position in Chicago? If not, can you please push this email to the correct contact and copy me?

### NOTICE

You are receiving this Notice per Dane County, Wisconsin Ordinance.

Please be aware that Towerking has proposed a new tower at the following location. The tower has available heights of 185' and below. Please contact me should you have any interest in leasing this tower at this location.

This location is being used by our anchor tenant to cover the Eastern portion of Stoughton and Route 51 to I39. This anchor tenant is using the same towers as T-Mobile in the area, so it would seemingly make sense that this new tower would be placed well.

### NOTICE

You are receiving this Notice per Dane County, Wisconsin Ordinance.

Please be aware that Towerking has proposed a new tower at the following location. The tower has available heights of 185' and below. Please contact me should you have any interest in leasing this tower at this location. I'm aware of your location nearby on the SBA tower, but wasn't sure about the relationship between VZW and SBA at this time.
