E. Reports to Committee

In December, the Zoo had a USDA inspection. This was the first inspection since USDA included standards around bird care in their scope of work. The Zoo is very proud of the animal care team for maintaining such high animal care standards and is happy to report that the inspector found no concerns.

2024 is an AZA accreditation year. Our formal application packet is due by March 1, 2024. A multi-day site visit will happen this summer, most likely in June or July. Final decisions will be made at the AZA annual conference this fall.

The Zoo is in the process of finalizing Core Values and a Strategic Plan.

The Zoo's veterinarian and some members from the animal care team attended a hoof-trimming workshop. The Zoo's male orangutan is undergoing a health checkup in February and will be participating in a research study during that procedure. Recently, several ornate box turtles hatched from the DNR population of turtles. The capybaras are in the Animal Health Center for the winter.

In 2023, HVZ raised over \$42,000 for conservation. The majority of the funds raised came from the Zoo's membership program.

For 2024, the Zoo will be contracting with a nutritionist to assist our veterinarian in diet plans for various animals at the Zoo.

Zoo Lights wrapped up another successful year. At the next meeting there will be more data available for a year end report.

F. Future Meeting Items and Dates
