To Whom It May Concern,

The Dane County Sheriff's Office is in support of the Zeteo Community residential programming project.

Sex and labor trafficking crimes are increasing across the nation, as well as here in Dane County. The Dane County Sheriff's Office is dedicating detectives and other resources to eliminate and deter sex and labor trafficking activity. For our sheriff's office to be successful, it requires collaboration with partners like Zeteo Community. The mission of Zeteo Community and the Dane County Sheriff's Office is to break the cycles of control and power by the abusers.

The Dane County Sheriff's Office supports the Zeteo Community's efforts to build a women's residential programming facility for victims of sexual exploitation and their children. Currently Dane County does not have a facility meeting the housing needs of our victims. Together, we will create local outreach that serves the women of our area and builds a community of support.

If you have questions, concerns or comments, my contact information is below.

Thank you for your time, consideration and service to our Dane County community.
