3 **ADD MEDICAID CRISIS INTERVENTION REVENUE TO NEW SERVICE**
4 **DCDHS – BEHAVIORAL HEALTH DIVISION**
5

6 The Dane County Department of Human Services (DCDHS) has a unit in the Behavioral Health
7 Division that are able to capture Medicaid revenue for the work they are doing. The Youth
8 Connect team helps youths and their families recover from a mental health crisis, supporting
9 young people who have recently been hospitalized due to a suicide attempt and do not already
10 have established treatment providers. An assigned social worker works with the family to
11 develop a plan for the youth to stay safe in the short-term and to connect them to resources that
12 will stabilize the enduring mental health concerns. The Youth Connect team also has parent
13 peer specialists available to work with families. Parent peer specialists are those who have lived
14 experience of parenting a child with special needs and who use that experience and specialized
15 training to support other parents. Some of the activities of this unit are reimbursable through
16 Medicaid. This action allows DCDHS to collect that revenue.
