A motion was made by BOLLIG, seconded by RATCLIFF, to approve the CUP given that the CUP meets the 8 standards of obtaining a CUP with the conditions as noted in the staff report. The motion carried by the following vote: 4-0.

1. The physical development and operation of the conditional use must conform, in all respects, to the approved site plan, operation plan and phasing plan;
2. New and existing buildings proposed to house a conditional use must be constructed and maintained to meet current requirements of applicable sections of Wisconsin Commercial Building Code or Uniform Dwelling Code, if applicable.
3. The applicant shall apply for, receive and maintain all other legally required and applicable local, county, state and federal permits. Copies of approved permits or other evidence of compliance will be provided to the county zoning administrator upon request;
4. Any ongoing business operation must obtain and continue to meet all legally required and applicable local, county, state and federal licensing requirements. Copies of approved licenses or other evidence of compliance will be provided to the county zoning administrator upon request;
5. Existing onsite wastewater sewage disposal systems, if any, serving the conditional use must be inspected by a licensed plumber to determine its suitability for the proposed or expanded use. Deficient systems must be brought, at the owner's expense, into full compliance with the current requirements for new development of the state plumbing code and Chapter 46 Dane County Code;
6. All vehicles and equipment must access the site only at approved locations identified in the site plan and operations plan;
7. Off-street parking and circulation must be provided, consistent with s. 10.102(8) of County Ordinances;
8. If Dane County Highway Transportation and Public Works Department or the town engineer determine that road intersection improvements are necessary to safely accommodate the conditional use, the cost of such improvements shall be borne by the landowner. Costs borne by the landowner shall be proportional to the incremental increase in traffic associated with the proposed conditional use;
9. The County Zoning Administrator or designee may enter the premises of operation in order to inspect those premises and to ascertain compliance with these conditions or investigate an alleged violation. Zoning staff conducting inspections or investigations will comply with any applicable workplace safety rules or standards for the site;
10. The owner must post, in a prominent public place and in a form approved by the county zoning administrator, a placard with the approval of the Conditional Use Permit number, the nature of the operation, name and contact information for the operator, and contact information for the Dane County Zoning Division;
11. The owner or operator must keep a copy of the conditional use permit, including the list of all conditions, on the site, available for inspection to the public during business hours;
12. Failure to comply with any imposed conditions, or to pay reasonable county costs of investigation or enforcement of sustained violations, may be grounds for revocation of the conditional use permit. The holder of a conditional use permit shall be given reasonable opportunity to correct any violations prior to revocation;
13. Use shall be enclosed by a fence or other suitable enclosure to prevent animals from leaving the site.
14. Each animal shall be provided with adequate exercise space.
15. Horse boarding operations shall be limited to a maximum of 14 boarded horses at any one time.
16. Operations exceeding one animal unit per acre must comply with the

standards of s. 10.103(7).

17. Sanitary fixtures to serve the horse boarding operation use may be installed, but must be removed upon expiration of the conditional use permit or abandonment of the horse boarding use.

18. This Conditional Use Permit shall become effective only upon the rezoning to RM-8 becoming effective.

Deficient systems must be brought, at the owner's expense, into full compliance with the current requirements for new development of the state plumbing code and Chapter 46, Dane County Code.**
- 6) All vehicles and equipment must access the site only at approved locations identified in the site plan and operations plan.**
- 7) Off-street parking must be provided and be consistent with Dane County Zoning Ordinance Section 10.102(8).**
- 8) If the Dane County Highway Department, Department of Transportation, Public Works Department, or the town engineer determine that road intersection improvements are necessary to safely accommodate the conditional use, the cost of such improvements shall be born by the landowner. Costs born by the landowner shall be proportional to the incremental increase in traffic associated with the proposed conditional use.**
- 9) The Zoning Administrator or designee may enter the premises of the operation in order to inspect those premises and to ascertain compliance with these conditions or to investigate an alleged violation. Zoning staff conducting inspections or investigations will comply with any applicable workplace safety rules or standards for the site.**
- 10) The owner must post, in a prominent public place and in a form approved by the zoning administrator, a placard with the approved Conditional Use Permit number, the nature of the operation, name and contact information for the operator, and contact information for the Dane County Zoning Division.**
- 11) The owner or operator must keep a copy of the conditional use permit,**

including the list of all conditions, on the site, available for inspection to the public during business hours.

12) Failure to comply with any imposed conditions, or to pay reasonable county costs of investigation or enforcement of sustained violations, may be grounds for revocation of the conditional use permit. The holder of a conditional use permit shall be given a reasonable opportunity to correct any violations prior to revocation.

13) Topsoil, or appropriate topsoil substitute as approved in a reclamation plan under Chapter 74, Dane County Code, from the area of operation shall be saved and stored on site for reclamation of the area. Topsoil or approved topsoil substitute must be returned to the top layer of fill resulting from reclamation.

14) The applicant shall submit an erosion control plan under Chapter 14, Dane County Code covering the entire CUP area for the duration of operations, and receive approval of an erosion control permit prior to commencing extraction operations.

15) The permit period shall be twenty (20) years from effective date.

16) A new reclamation plan shall be prepared and submitted within six (6) months of approval of the conditional use permit. The plan shall be specific to the 40-acre boundary. Reclamation shall meet all requirements of Chapter 74 of the Dane County Code of Ordinances. In addition, all reclamation plans must meet the following standards:

a) Final land uses after reclamation must be consistent with any applicable town comprehensive plan, the Dane County Comprehensive Plan, and the Dane County Farmland Preservation Plan.

b) Final slopes shall not be graded more than 3:1 except in a quarry operation.

c) The area shall be covered with topsoil and seeded to prevent erosion.

d) The area shall be cleared of all debris and left in a workmanlike condition subject to the approval of Dane County

e) High walls shall be free from falling debris, be benched at the top, and certified by a civil engineer to be stable.

17) The driveway accessing the subject site shall either be paved or covered with crushed asphalt for a minimum distance of 100 feet from the public right-of-way. The operator shall maintain the driveway in a dust free manner in accordance with local, state, and federal regulations, and shall clean any dust or mud tracked onto public roads.

18) The access to the driveway shall have gates securely locked when the extraction site is not in operation. The site shall be signed "no trespassing."

19) All surface and subsurface operations shall be setback a minimum of 20' from property lines that do not abut a public right of way.

20) Excavations below the grade abutting Madigan Road shall be setback 30 feet from the property line.

21) Hours of operation shall be Monday through Friday 7:00am to 6:00pm, and Saturday 7:00am to 4:00pm. There shall be no operations of any kind Sundays and on holidays. Holidays are to include: New Year's Eve, New Year's Day, Easter, Memorial Day, Independence Day, Labor Day, Thanksgiving, Christmas Eve, and Christmas.

22) There shall be a safety fence around the entire extraction area at all times. That safety fence shall be a minimum of 4 feet in height.

23) There shall be no alteration of topography within 5 feet of the property line.

24) Except for incidental removal associated with dust spraying or other routine operations under this permit, water shall not be pumped or otherwise removed from the site.

25) The operator shall require all trucks and excavation equipment to have

muffler systems that meet or exceed the current industry standards for noise abatement.

26) The operator shall meet DNR standards for particulate emissions as described in NR 415.075 and NR 415.076, Wisconsin Administrative Code.

27) Dane County and the Town shall be listed as additional named insureds on the operator's liability insurance policy, which shall be for a minimum of \$1,000,000 combined single limit coverage per occurrence. The operator shall furnish a copy of a Certificate of Insurance as evidence of coverage before operations commence. The liability insurance policy shall remain in effect until reclamation is complete.

28) Any fuel storage on-site shall comply with ATCP 93, Wisconsin Administrative Code, including provisions for secondary spill containment. All excavation equipment and vehicles shall be fueled, stored, serviced, and repaired on lands at least 3 feet above the highest water table elevation to prevent against groundwater contamination from leaks or spills.

29) In the event that a mineral extraction operation will destroy an existing Public Land Survey Monument, witness monuments must be established in safe locations and a new Monument Record filed by a Professional Surveyor, prior to excavation and disturbance of the existing monument.

30) Blasting or crushing of material is prohibited.
