To whom it may concern,

I am a resident of the Town of Rutland, and live on Center Road, a very short distance from the proposed quarry expansion site. My family and I are opposed to the approval of this CUP and the expansion of the quarry.

Living in close proximity gives us an insight which those of you on the County Boards do not have. There is considerable disruption to our lives and enjoyment of the Town with the current state of the quarry. An expansion of it would undoubtedly increase the traffic and daily noise which plague Center Road and Cty Hwy A.

There is very little support for expansion from the community and neighbors, despite what may be portrayed by the applicant and the Town Board members.

The applicant has been vague and incompletely presented his plans or intentions to the community, and I urge you to represent the majority of the community in opposing this application.

Thank you,  
Aaron Thiel
