Section: 17 Property address or location: 996 Storytown Road, Town of Oregon

Zoning District change: (To / From / # of acres) From A- 4 to A - 2 (8). 13.410 acres

Soil classifications of area (percentages) Class I soils: % Class II soils: % Other: %

Narrative: (reason for change, intended land use, size of farm, time schedule)

Separation of buildings from farmland
 Creation of a residential lot
 Compliance for existing structures and/or land uses
 Other:

The property is currently zoned A-4 but has a pre-existing house and 2 outbuildings on property but appears to meet A - 2 (8) zoning requirements. Our plan is to use the property for a horse boarding business by building a 60 x 120 riding arena, a 50 x 100 mixed use building with office area, bathroom, and heated indoor riding space, and a 30 x 70 feed barn. Construction of these buildings will likely occur in a phased proces with the riding arena and feed barn in phase one and the mixed use building in phase two. No change to the zoning boundaries is needed.

I authorize that I am the owner or have permission to act on behalf of the owner of the property.

Six Standards of a Conditional Use Permit
996 Storytown Rd. Brooklyn, WI 53521

- 1) The property will have a maintained perimeter fence which contains the horse pastures and riding areas. All horse activities will happen on the property and within fenced in areas. Customer services will also be within these areas. Manure will be managed at a designated area West of the driveway where it will be composted and removed. The property will be maintained in a natural way with the cultivation of tall grasses and native plants. The aesthetics will be geared towards a calm and peaceful environment for customers and the neighborhood. Thus the conditional use will not be detrimental to or endanger the public health, safety, comfort, or general welfare.
- 2) We are aware of the Weiman Airstrip located to the West and will not interfere with it's use. There will not be any use of loudspeakers and external lighting will be kept to a minimum. We also will abide by reasonable operating hours. Thus the uses, values and enjoyment of other property in the neighborhood for purposes already permitted shall be in no foreseeable manner substantially impaired.
- 3) The operations of the farm will be contained on-site and not be disruptive to neighboring properties. Thus the conditional use will not impede the normal and orderly development and improvement of the surrounding property.
- 4) The existing driveway will be upgraded to support customer use as well as provide access to the buildings by emergency vehicles, deliveries, and utility vehicles. A preliminary review letter will be obtained to assess the site for erosion and stormwater control needs. The necessary erosion and stormwater control plans will be developed and the permits obtained. Upon addition of sanitary plumbing fixtures, we will add a septic system as needed.
- 5) The existing driveway will be widened at the entrance as needed to allow for 2 vehicles to pass. The culvert will be upgraded as needed to support the ingress and egress of customers. Adequate parking and an overflow parking area will be provided. There will be no parking on Storytown Rd.

- 6) We will work with the Town of Oregon and Dane County to abide by regulations and consult with the local approving authorities in the development of the property.

- Written Operations Plan

Triquestrian, LLC provides Equine Assisted Psychotherapy and Equine Assisted Learning activities to participants. We hold individual and small group sessions up to 20 people. We will also provide horse boarding. We would like to be able to board up to 20 horses.

Hours of operation will be Monday through Saturday 9am to 5pm with 2-3 weeknights operating until 8pm.

There are 5 employees plus the owner, and we anticipate adding 2 employees to facilitate psychotherapy sessions. The existing house will be rented to one of the employees who will provide horse care.

Customers will attend hour long sessions. We anticipate being able to see up to 2 customers at a time throughout the day. A few times a week we may host a group session of longer duration and see up to 6-12 customers during that time. We have planned a parking area to accommodate 12 cars, as well as having designated overflow parking on the property. We will provide restrooms for the customers either in the form of an ADA Port-a-Potty, or through the construction of an ADA bathroom in the office portion of the buildings.

Outdoor storage for maintenance equipment, fencing supplies, and farm vehicles will be located alongside the cold storage pole building to be built East of the existing residence. It

will be contained within a fence. There is ~ 1,000sq/ft designated for outdoor storage.

The outdoor activities of the farm will include horse riding, horse groundwork, mindfulness and meditation, walking trails, and small scale gardening.

There will be dusk to dawn lighting at the main parking area and entrance of the barns. There will be manual exterior lighting on the porch of the main barn, off the Eastern side of the arena barns, and at the entrance of the existing small shop near the house.

There will be no outside loudspeaker system.

We propose a sign to be placed West of the driveway entrance. The sign will include the name of the farm (yet to be determined), as well as Triquestrian, LLC and the Triquestrian logo.

Trash Removal procedures will be taking trash and recycling to the Town of Oregon Recycling Center located at 1067 Storytown Rd. Oregon , WI.
