Prior to each contract anniversary of the Support Commencement Date, Customer's Appraised Product Spend will be re-calculated for the upcoming contract year based on the previous 12 months ("Actual Product Spend"). If Customer's Actual Product Spend is more than **ten percent (10%)** above the Appraised Product Spend shown for that upcoming contract year in the Support Services Fee Summary table above, Microsoft will recalculate the associated Microsoft Unified Enterprise fees for the upcoming contract year. The recalculated Microsoft Unified Enterprise fees will be based on the Actual Product Spend and the Unified Enterprise Graduated Pricing Rate Table. Microsoft will invoice the customer for the difference between the re-calculated price and the original scheduled Microsoft Unified Enterprise fees sub-total from the Support Services Fee Summary table above. Customer agrees to pay Microsoft such additional amounts within **30** calendar days of the date of Microsoft's invoice. Please note that failure of payment to Microsoft may result in service suspension. Enterprise Customer may receive additional Flex Allowance which may be applied towards new proactive services, enhanced services and solutions services, and/or custom proactive services. Should Customer fail to allocate the Flex Allowance prior to the contract anniversary, Microsoft may apply the additional Flex Allowance towards new proactive credits
