I, Mark Rettenmund, property owner of 4873 State Road 78, Black Earth, WI 53515, grant permission to my son Derick Rettenmund and his wife Kaitlyn Rettenmund to act as my agents for the building variance application. They currently rent the property and the building and addition in question have been their investment for their goat milk production business. Please allow them to speak on my behalf in applying for the permit variance.
