

2016 RES-476

AUTHORIZING AN ALLIANT ELECTRIC TRANSMISSION LINE EASEMENT

Highway PD/McKee Road is scheduled for reconstruction in 2017. The project includes an overpass that will provide a safe crossing for bicycles and pedestrians. The overpass has been a long-desired amenity by the County, City of Madison, and the Ice Age Trail Alliance.

Due to the overpass and highway reconstruction, Wisconsin Power & Light Company (Alliant) must relocate local electric service outside of the highway right-of-way. The primarily underground electric line will be located on county property south of Highway PD/McKee Road and will skirt the slope intercept for the highway/bridge project. Above ground equipment will be limited to pad-mount transformers, pedestals and other equipment to serve County-operated buildings.

The purchase price of the easement has been established at \$2,000.

NOW, THEREFORE, BE IT RESOLVED that Dane County does hereby approve and authorize the above-described easement Wisconsin Power & Light Company (Alliant), subject to approval by the WI Department of Natural Resources; and

BE IT FURTHER RESOLVED that the Dane County Clerk and County Executive are hereby authorized to execute the described easement and related documents on behalf of Dane County; and

BE IT FINALLY RESOLVED that the Land & Water Resources Deputy Director or Real Estate Coordinator are authorized to administer the closing.
