

COVID-19 Update

Janel Heinrich, Director
Public Health Madison &
Dane County
September 9, 2021

DATA

49,600+ people have tested positive for COVID.

Our rates are below peak rates from the fall.

8/29 – 9/4/2021

19

Cases per
100,000 per day

11/17/2020
(Peak)

89.6

Cases per
100,000 per day

4.7x
higher

Our rate is below the state and national rates.

DANE COUNTY

19

Cases per
100,000 per day

WISCONSIN

35.1

Cases per
100,000 per day

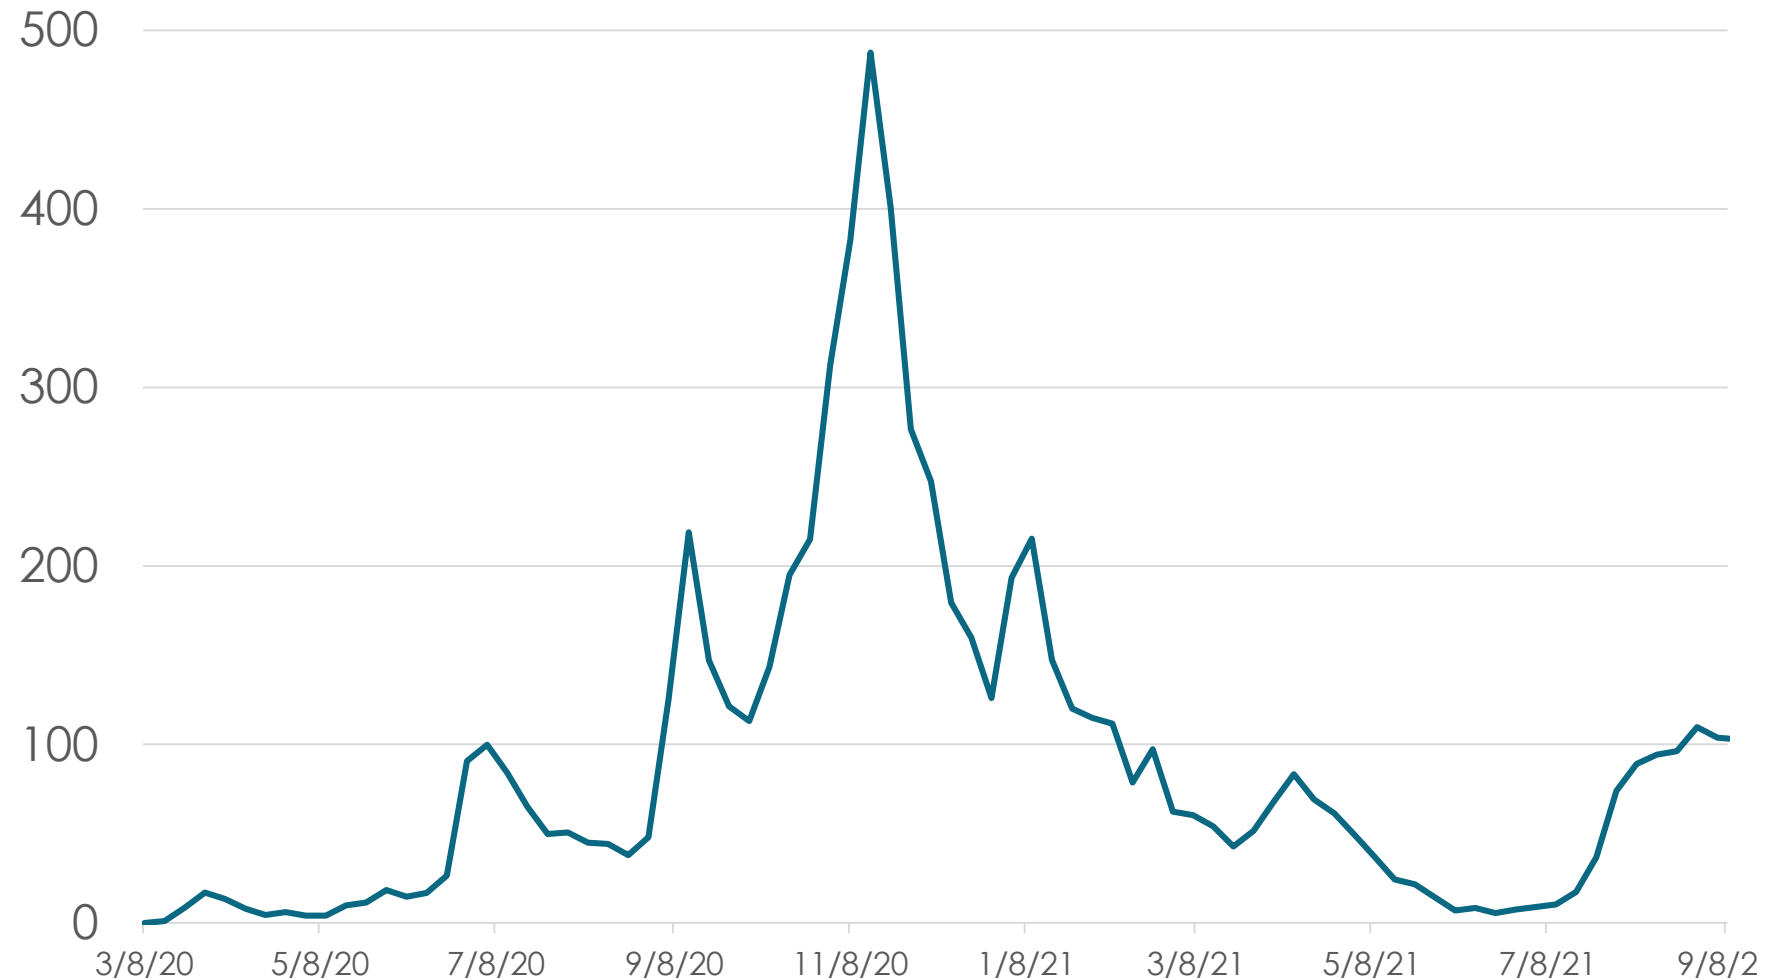

UNITED STATES

38.3

Cases per
100,000 per day

Our 7-day average is at levels last seen in February.

On June 2, it was **12** and today it's **103.3**.

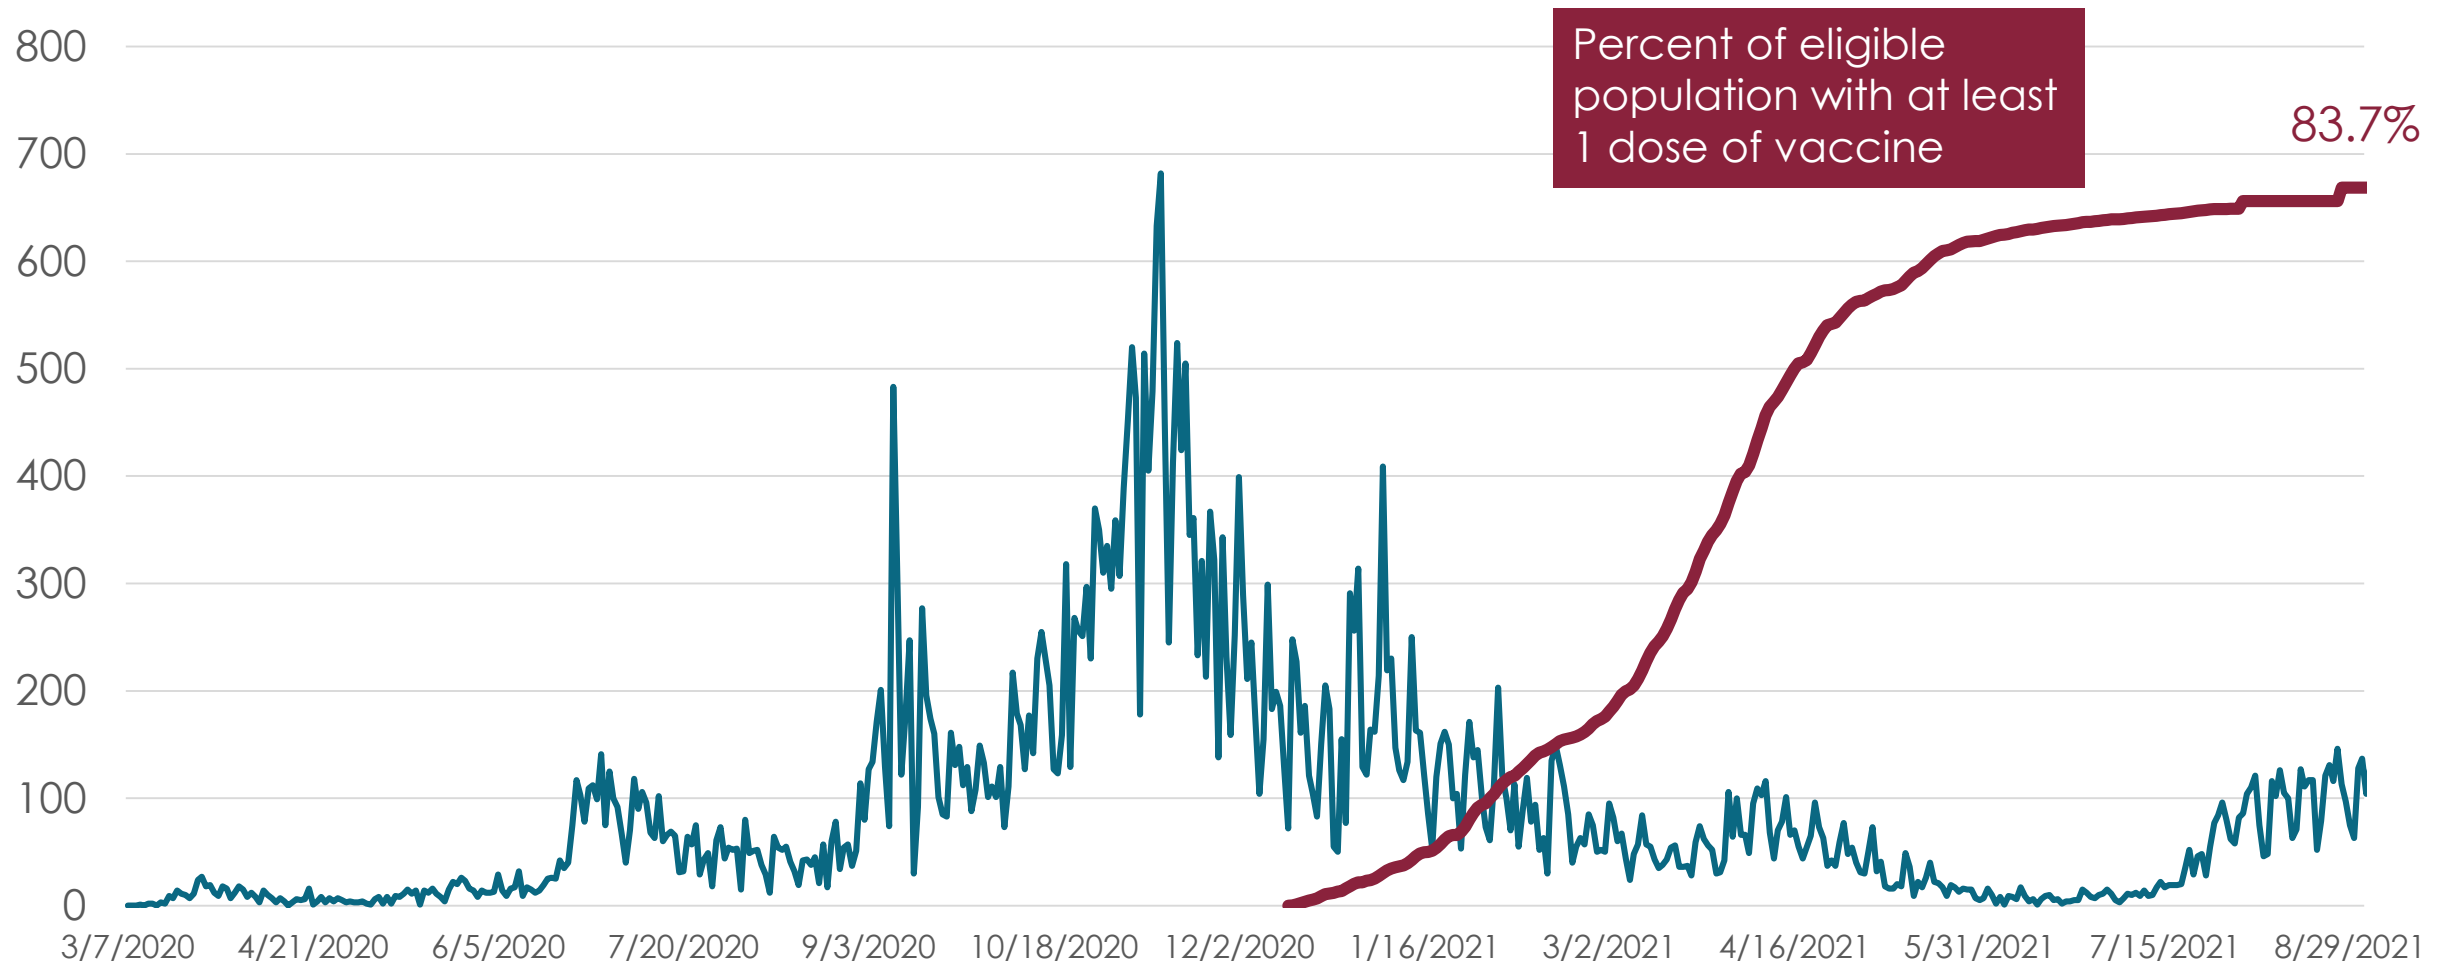

The rate for unvaccinated people is

2.8x as high

as the rate for fully vaccinated people.

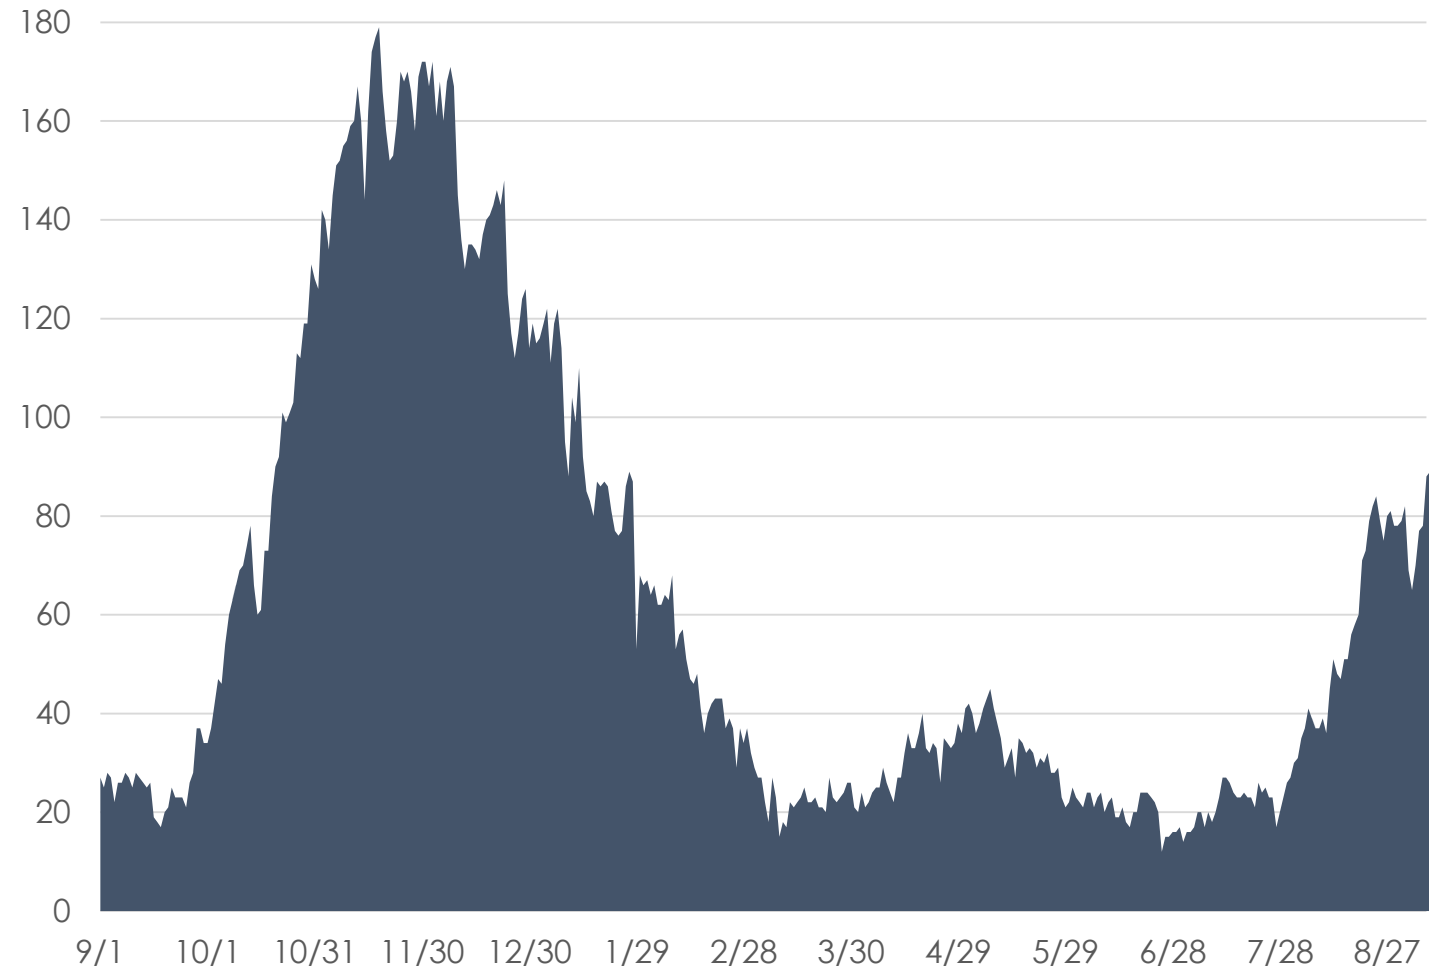

83.7% of our 12+ population has at least one dose of vaccine.

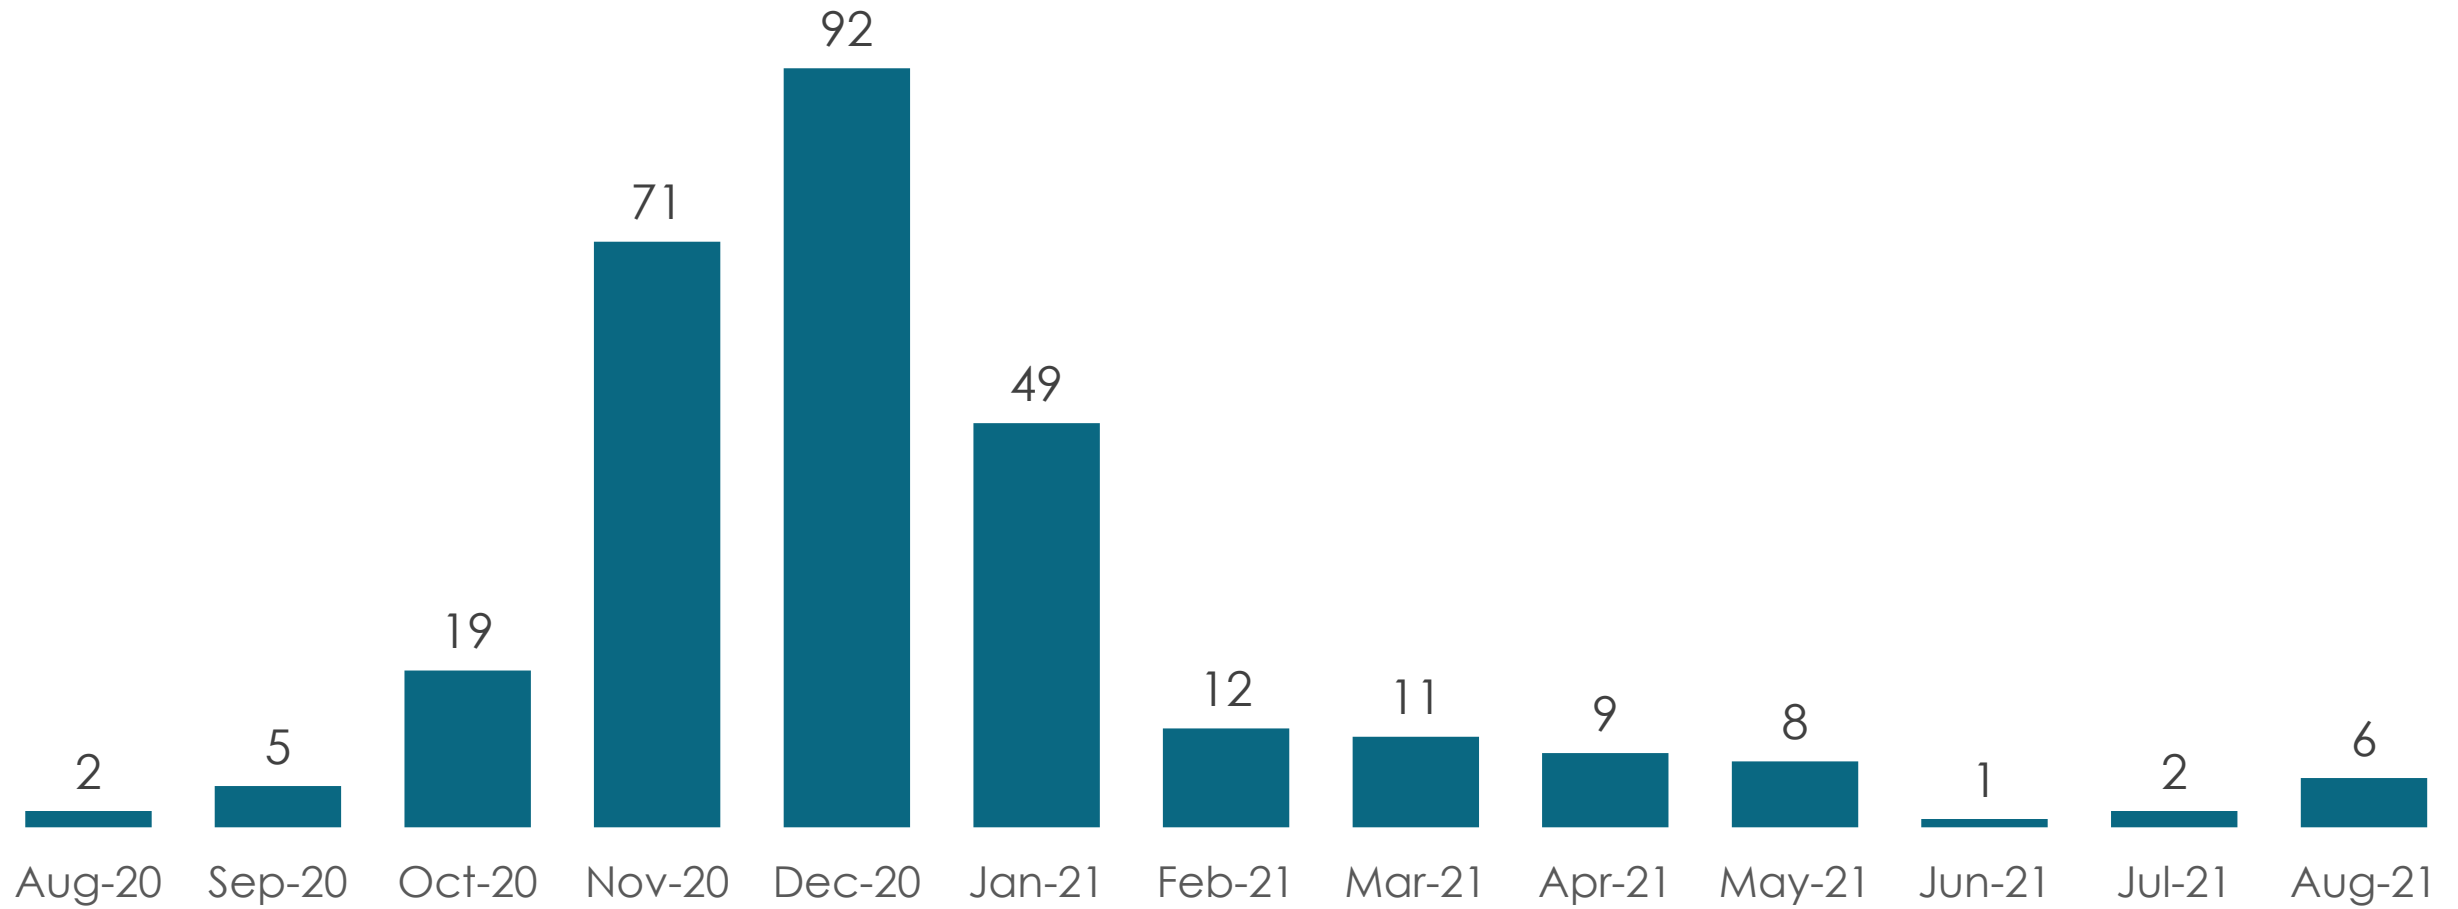

Hospitalizations

Hospitalizations are stable but at an elevated level. They are still below where they were in late fall.

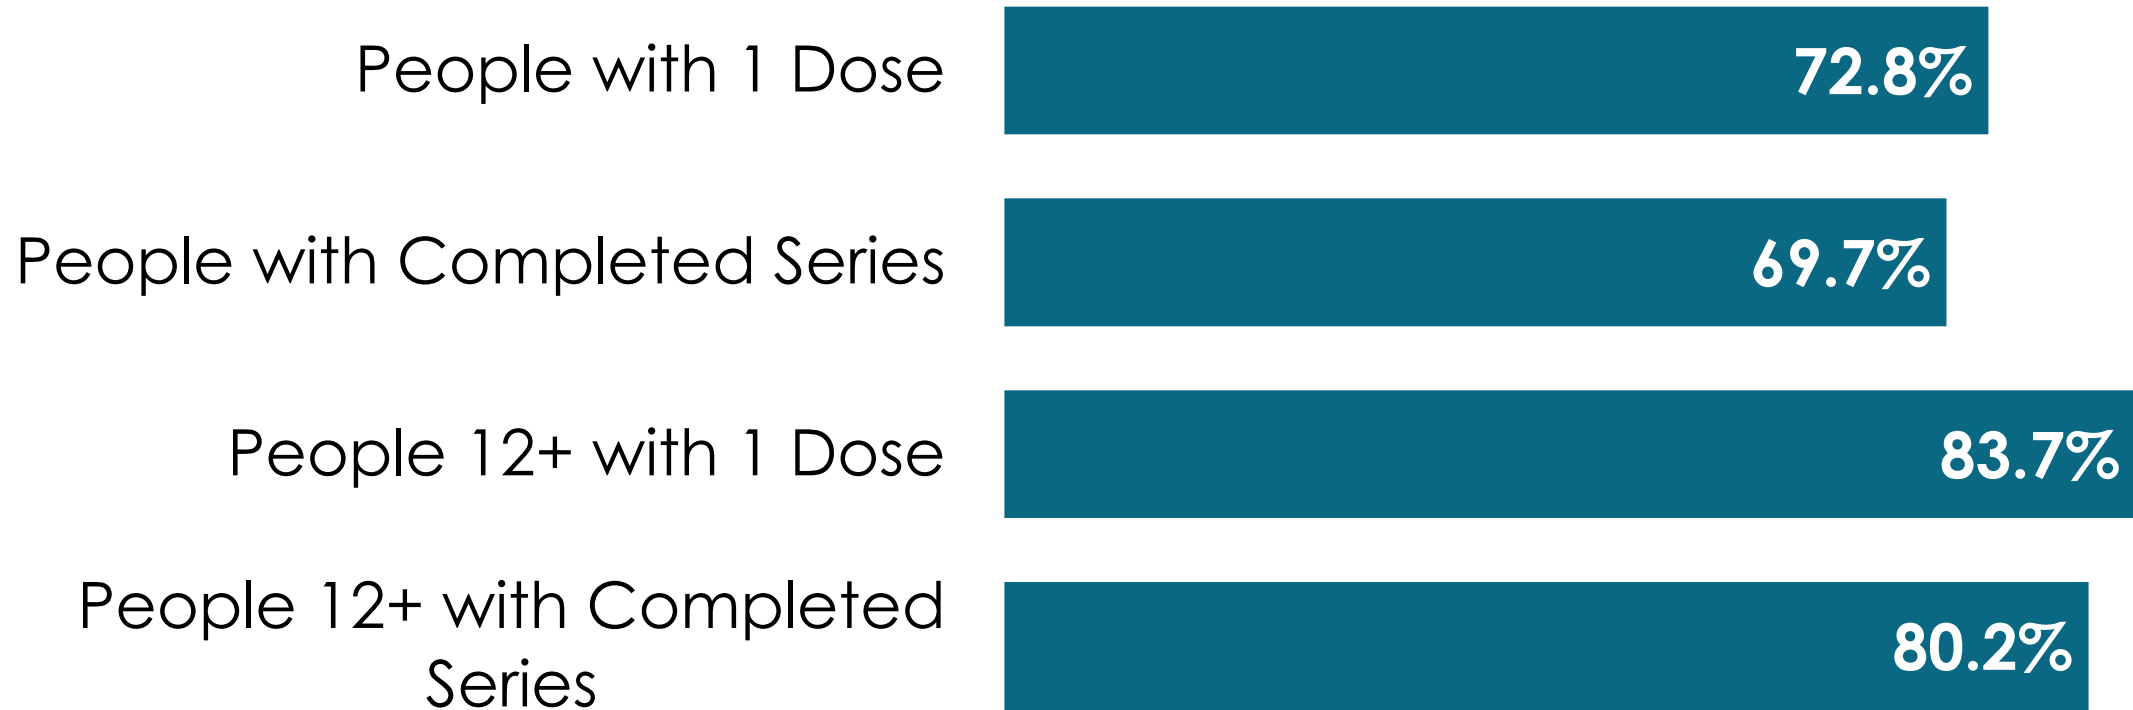

Today there are 89 people hospitalized.

Deaths

COVID-19 Vaccine
