RE: Community Support for Resolution 2025-119

Dear Members of the Dane County Board of Supervisors:

The Marty Project and Rise for Animals respectfully submit the enclosed community letter of support, which bears **8,603** signatures from Dane County residents and allies in support of Resolution 2025-119.

By signing this letter, thousands of your constituents and supporters have proactively joined their voices with yours: affirming that Dane County has the moral responsibility to condemn unlawful neglect and mistreatment of animals within its borders. We, and they, thank you for your leadership in honoring this responsibility.

We ask that you reflect on this strong expression of public support as you consider and move forward Resolution 2025-119.

Sincerely,

Amy Van Aartsen
Co-Founder, The Marty Project

Ed Butler
Executive Director, Rise for Animals

Enclosure: Community Letter of Support and Accompanying Signatures

To the Dane County Board of Supervisors:

We, the undersigned — Dane County residents, Wisconsinites, and allies across the country who care deeply about animals and accountability — thank you for introducing Resolution 119, which calls upon the Wisconsin Department of Agriculture, Trade and Consumer Protection (DATCP) to revoke Ridglan Farms' state-issued, commercial dog breeder license and to remove the dogs covered by that license from Ridglan's custody.

We ask that you pass this Resolution without delay. The dogs imprisoned at Ridglan Farms cannot wait. Dane County must send a clear message: it refuses to be complicit in the unlawful neglect and mistreatment of animals within its borders, and it expects the State of Wisconsin to enforce its own laws.

Your leadership has sparked hope not only here, but nationwide. People everywhere are watching, applauding your courage, and standing firmly behind you as you push for accountability and compassion.

Thank you for standing up for the dogs, and for making clear that Dane County will not turn a blind eye to cruelty. You do not stand alone.

Signed in solidarity,
Rise for Animals, The Marty Project, and the 8,603 signatories below:

It's about time this hellhole is shut down. They have been neglecting/abusing dogs for years. A slap on the hand for violations is ridiculous. They need huge fines and need to be held accountable for their actions. It's obvious all they care about is the almighty buck. Disgusting. They are not above the jaw. Shut them down.

Cruelty to these dogs is abhorrent and unacceptable!! All the imprisoned dogs at Ridgman Farms must be rescued and this vile business should be closed ASAP!! Breeding dogs to suffer in labs is repugnant! They are not objects but treated as such! Disgusting! They suffer from stress with females being bred over and over until they are no longer useful! This reminds us of a large scale puppy mill which everyone despises!!

Dave and Rita Cross Lakeway, Texas

We pray this Hellhole will be closed ASAP and Resolution 119 be passed with Ridgman losing its license!!

I am well aware of the evil practices of all these people who torture these helpless animals and pray every day for it to stop.

Thank you, Dane County.

It is time to close ALL labs who cruelly abuse and torture innocent animals in these United States! Most of these animals NEVER know the feel of grass or the sunshine on their bodies due to being born in metal cagesâ€¦ no blanket or anything! Please! Letâ€™s stand together and close them all down! Experimenters can use machines instead of animals! ?

Dear Dane County Board of Supervisors,
 I implore you to move forward with removing the dog breeding license of Ridgman Farms dog breeding company. I commend you for looking into this matter of injustice. Dogs for Danes has been diligently have compassion for the beagles who are trapped in this terrible breeding company. I have already seen the evidence by video footage and by reading about previous employees that worked there, the environment for these dogs is horrendous. I have seen the evidence for myself as a concerned citizen. Quite frankly this is been going on for quite some time. I appreciate when people come together and speak up for animals who need help and cannot speak for themselves. As Edmund Burke said it best I will say again, "The only thing necessary for the triumph of evil is for good men to do nothing". Consider what these animals are going through because they're loving beings who don't deserve this type of cruelty. Thank you for your help.

Sincerely,
 Laura Eastman

End the cruelty to animals!!!

		God bless these precious pets. I pray for all abused animals every night. These evil people need to go to prison forever. There is a place one day for people like that. They should think about that God creates these pets to be loved & to not be abused. This cruelty has to be stopped. I pray those people get what they deserve.

“To me, cruelty is the worst of human sins. Once we accept that a living creature has feelings and suffers pain, then by knowingly and deliberately inflicting suffering on that creature, we are guilty, whether it be human or animal.”
And

“Compassion and empathy for animals beget compassion and empathy for humans. Cruelty towards animals begets cruelty toward humans.”

Let these dogs have a more safer, better, more kinder, more decent, more cared for, more happier, more reasonable, more loved, more of a deserved well-lived life, they are God's Creation to be a best, good man's friend & wonderful companion,& guide, and helpmate, and lovingly a great dog that is full of so much love for you and the family, dogs are very friendly, STOP trying to harm them, they have done nothing, or anything worthy of cruelty, or harm, or punishment. Grow up, stop using dogs for money making!! What a disaster.

We are supposed to be a civilized society. Maintaining dogs in cages and using them strictly as breeding machines is cruel and inhumane. The time for this practice to be stopped is long over due. All dogs deserve to be in loving families not caged 24 his a day. It's time for kindness and compassion to prevail.

Such a shame that money, greed and heartlessness is nearer and dearer to them than the quality of life for these innocent dogs. The dogs don't have a voice, but you have a mind that could make you think differently!! In the END you will answer for your deeds!!!!

P.S. ALL that money you're making--you can't take it with you, no U-Hauls ever follow a hearse. Why not have a change of heart and use that money to free these innocent animals to have a wonderful, free life....smell the fresh air, step on green grass and feel bright sunshine on their faces. This totally breaks my heart. To know this is going on and you and your group have no admission of guilt of what you are doing!!!! SHAME ON YOU!!!!

		Beautiful animals must not be mistreated or abused. And worse, not abused for profit. In a fair system, that should result in automatic removal of a license to do business. In this case, breeding animals only to neglect and harm them meets that criteria.

Some facts for you:

Those that hurt animals, especially companion animals, are a lot more likely to hurt members of our species.

One common link for all those guilty people on death row is they first harmed animals.

		I had never heard of Ridgman, but I've rescued puppy mill dogs before. It's inhuman (as well as inhumane) to treat animals like this. It's APPALLING that the WI Dept. of Agriculture allows and actually CONDONES such cruelty. All this for \$\$\$\$\$\$. Their god is \$\$\$\$\$\$. I come to Wisconsin several times a year because I love some of your landscape. Unless the great people of WI stop this insanity, I will definitely be changing my plans and will go to other beautiful states instead. Not a single penny of my money will go to a state the officially condones animal cruelty. I pray you do what is not only right, but the only civilized thing to do and shut down Ridgman for good! And ban the owners from being involved with animals again to prevent a repeat.

Instead of dogs (which are man's best friend) why not use monkeys or smaller animals? But even monkeys are quite human. Can you figure out how to do your research without using a living entity? Times are changing & it's time for you to change, accordingly.

Public Comment Regarding Ridglan Farms

August 19, 2025

I'm old enough to clearly remember New Year's Eve 25 years ago when we turned the clocks forward into the 21st century. At the time Anthropologist Jane Goodall partnered with Biologist Marc Bekoff to envision twelve mantras for the New Millennium.

Jane Goodall moves me to share relevant thoughts from some of our most revered humans.

To me, cruelty is the worst of human sins. Once we accept that a living creature has feelings and suffers pain, then by knowingly and deliberately inflicting suffering on that creature, we are guilty, whether it be human or animal. And

Compassion and empathy for animals beget compassion and empathy for humans. Cruelty towards animals begets cruelty toward humans."

-Jane Goodall, Zoologist, Primatologist, Anthropologist

If you have men who will exclude any of God's creatures from the shelter of compassion and pity, you will have men who will deal likewise with their fellow men. -Saint Francis of Assisi (mystic and preacher)

The greatness of a nation and its moral progress can be judged by the way its animals are treated. I hold that, the more helpless a creature, the more entitled it is to protection by man from the cruelty of man. -Mahatma Gandhi, Political Ethicist

The question is not, Can they reason? nor, Can they talk? But rather, Can they suffer? -Jeremy Bentham, Philosopher, Social Reformer

He who is cruel to animals becomes hard also in his dealings with men. We can judge the heart of a man by his treatment of animals. -Immanuel Kant, Philosopher

If you are neutral in situations of injustice, you have chosen the side of the oppressor. -Desmond Tutu, Theologian

Our lives begin to end the day we become silent about things that matter. -Martin Luther King Jr, Minister, Activist

We must always take sides. Neutrality helps the oppressor, never the victim. Silence encourages the tormentor, never the tormented. -Elie Wiesel, Political Activist

"Kindness and compassion toward all living things is a mark of a civilized society.

-Cesar Chavez, Civil Rights Activist

Hear our humble Prayer, O God, for our friends, the animals.

Especially for animals who are suffering,

For animals that are overworked, underfed, cruelly treated;
For all wistful creatures in captivity that beat their wings against bars.

For any that are hunted and lost or deserted or frightened or hungry; For all that must be put to death.

We entreat for them all Thy mercy and pity,

And for those who deal with them,

We ask a heart of compassion and gentle hands and kindly

The Dane County Board of Supervisors,

Please revoke Ridglan Farms state issued commercial dog breeder license. I implore you to remove the dogs of their possession and bring the dogs to safety as soon as possible. When I've heard of this dog breeder company I was very concerned for these dogs. I appreciate your efforts to take a stand on their welfare. Edmund Burke once said, "the only thing necessary for the triumph of evil is for good men to do nothing". This has been an ongoing issue for some time now. I ask for your justice so these animals will be free. Thank you!

*Sincerely,
Laura Eastman*

*Dear Dane County Board of Supervisors,
As a United States citizen, I implore you to please revoke Ridglan Farms State issued commercial dog breeder license. I wholeheartedly ask you to kindly remove the dogs out of their possession as quickly as possible. I have educated myself on this matter and this dog breeder company is very irresponsible and harmful to dogs. Thank you for your time and have a good day.*

Sincerely,

Laura Eastman	N Tonawanda, New York
