Intent/Justification															
Planned Parenthood, the state's largest abortion provider, announced that effective October 1, 2025 they would no longer be providing abortions at their facilities. In response to this news, Public Health Madison and Dane County announced that its team of registered nurses would be available to help people find abortion services during Planned Parenthood's upcoming pause on abortions. There are two registered nurses in these positions. (1298, 2696) This amendment cuts Dane County's funding for these positions. My reason for introducing this amendment is because I believe abortion is murder and I do not support my taxpayers dollars going towards the aiding and abetting of murder. God's Word tell us in Psalm 127 that "Children are a heritage from the Lord, offspring a reward from him. Like arrows in the hands of a warrior are children born in one's youth. Blessed is the man whose quiver is full of them." All life, born and preborn, should be celebrated and protected. While an unintended pregnancy can be hard to navigate, murder is not the solution. Life is the solution and there are many nonprofits and adoption agencies that support mothers and fathers as they navigate those decisions.
