

Send to ZLR COMMITTEE

Dear Mr. Lane,

I am writing as a Dunn resident and Colladay Point neighbor (not as a member of the Plan Commission) regarding CUP 2025-02669.

The Staff report indicates that an STR in an SFR-08 zone “appears reasonably consistent with comprehensive plan policies.” I respectfully disagree.

The Dunn Comprehensive plan explicitly allows STRs in 9 zones: RM-8, RM-16, RR-1, RR-2, RR-4, RR-8, RR-16, SFR-1 and SFR-2. It does not allow it in SFR-08. (see https://www.townofdunnwi.gov/files/ugd/7ab7a6_0a3ca88698144b958c6484521132e5c9.pdf pages 50-52 of the pdf (2-33 through 2-35 of the document)).

The only reason Dunn’s ordinance licenses STRs in SFR-08 is because of threats of lawsuits based on state law. In 2021 an STR task force appointed by the Town Board proposed an ordinance that would have allowed STRs in any residence, but would have required the operator to have their primary residence at or near the STR. This was consistent with the City of Madison and Town of Westport ordinances.

In April 2021 the Plan Commission approved an ordinance that required the STR owner have a primary residence on the property being rented. Existing STRs that operated with the required zoning CUP and PHMDC license prior to the ordinance would be exempt from the primary residence requirement, as would STRs operated by neighbors. This was done to acknowledge that neighbors had a stake in the community, and to accept investor owned STRs that had been operating without issues and following existing laws. At the same time, it acknowledged that STRs were not generally permitted by the comp plan in SFR-08. The approval sent the ordinance to the Town Board, with the caveat that it should be reviewed by legal counsel.

After review by legal counsel, and under the threat of a lawsuit from investor owned STRs that had been operating without the required licenses, the Town Board dropped the primary residence requirement. They indicated they were doing so to avoid the risk of a lawsuit. In 2021 that made some sense - there was uncertainty over what regulations were allowed by state law. Specifically, could the regulation that an STR be a primary residence withstand legal challenge?

Now, in 2025, there is less risk. The Town of Westport adopted a primary residency requirement in 2021 and that has not been challenged. Similarly, the City of Madison has had (since at least 2021) a requirement that the owner be onsite, or rentals are limited to 30 days per year. That requirement has not been successfully challenged.

I understand that the legal risk analysis can change over time, based on lawsuits (or lack of lawsuits). Perhaps it is time for Dane County (and the Town of Dunn) to reevaluate the state law in view of successful implementation of a primary residency requirement(or onsite living) by area communities.

The ZLR committee could add primary residency conditions to a CUP for an STR (transient tourist lodging) going forward, when the Town's Comprehensive Plan does not allow STRS in a particular zoning district (such as SFR-08). That would more closely follow a comp plan than simply allowing because of fear of a lawsuit (especially when the risk has been shown to be minimal by other jurisdictions).

III. Announcements

A. Ben shared that Jim Cisler recused himself from this meeting due to his feeling of a potential conflict of interest, but he did send a letter that was attached to the agenda. Jim Molloy stated that Jim Cisler's comments as a resident are welcomed.

IV. Business

A. Consider the Certified Survey Map submitted by Parker Ellingson in order to consolidate two parcels into one residential lot at 1907 Barber Drive in Section 26. Ben shared that the reason for the two parcel consolidation is so Parker can build a new shed on his property. Currently, that shed would be partially located on a parcel where no house exists, and this is not allowed

per Dane County Zoning regulations. If the lots are consolidated, his existing house would be on the same parcel as the proposed shed. Originally, these two parcels were part of a single CSM, but at some point down the line, the property was divided without the proper permits or approvals. For that reason, there is only one buildable lot here and Parker would like to re-combine these parcels to reflect the original CSM.

The original CSM has a note on the CSM that says an area of the land is reserved for a future road. The Town never built this road, does not intend to build a road here, and the road is not platted or mapped as road right-of-way. The Dane County Surveyor suggested that the Town Board should record a resolution that releases the reservation of land for road purposes. This resolution could then be noted on the new CSM so the land is free and clear moving forward.

Ben explained that typically on lots over 2 acres in size, the Town requires a building envelope to be depicted on the CSM. However, at Parker's previous pre-application meeting in March, the Plan Commission was OK with not requiring a building envelope on this lot because the existing development limitations with wetlands on this property would already push development into certain locations. Additionally, the entire lot is in the LSA and the Town is more supportive of infill development in the LSA.

Parker shared that he wants to build the shed to store farm machinery.

Motion: Gardner/Greb to approve the Certified Survey Map submitted by Parker Ellingson in order to consolidate two parcels into one residential lot at 1907 Barber Drive in Section 26 conditioned on:

- 1. The surveyor removing the proposed shed rectangle**
- 2. The surveyor changing the language of "Road Way Reservation to be released" to "Road Way Reservation released per Register of Deeds Doc # _____"**
- 3. The Town Board passing a resolution to release the reservation of land for road purposes that appears on CSM 1061.**

- B. Consider making a recommendation to the Town Board on Ordinance No. 11-24 to Regulate and License Short-Term Rentals. Jim explained that this ordinance was created by the Short Term Rental Task Force. Cathy and Ben presented a Powerpoint (attached). Short Term Rental members asked the Plan Commission to consider alternatives within the proposed ordinance. Plan Commissioners recommended that alternative 11-24-3 (c) (3) (i), (ii), (iii) that is in the proposed ordinance be approved by the Town Board as the Commission appreciated the flexibility here. Commissioners commented that they felt that hosts should get a CUP if required by the County. Commissioners recommended that license plate information of guests be collected by hosts and shared with the Town and law enforcement upon request. The license plate information would not become public

record or shared with the public. Commissioners recommended that the total number of people outside at one time be limited to 16 total people, including renters, guests, and children. However, the Commission did not come to a firm conclusion on this topic and would like the Town Board to look further into this regulation. Commissioners discussed that a federal employee number should only have to be provided if it is required and relevant to their application and operation. Commissioners thanked the task force for their hard work on the ordinance. Commissioners discussed whether there could be a small committee of volunteers that could help monitor short term rental advertisements, handle complaints, and help hosts with becoming compliant. The Town could look further into such an arrangement.

George Corrigan of 2168 Colladay Point Drive shared that from his research, 11 short term rentals in the Town would not meet the primary residence clause in the Town's ordinance.

Heather Kruse of 2046 Barber Drive is a host and she believes that there is some confusion from hosts about whether a CUP was needed for everyone. From speaking with other hosts, she believes that the sticking points in the ordinance with some hosts are the primary residence requirement and limiting rentals to 180 consecutive days per year. She thought 16 people for outside events is fair and likes the idea of a committee of volunteers to oversee short term rentals.

Ann Christianson of 2210 Colladay Point Drive thanked the Short Term Rental Task Force and Plan Commission for their work on this topic and wondered how violations are managed. Cathy shared that the Town would reach out to people first to try to resolve the problem.

Eric Frey of 2222 Colladay Point Drive commented that he thought 16 people outside was a lot of people for 180 days out of the year, as opposed to having that many people outside every so often like one would typically see in a residential neighborhood.

Motion: Gardner/VanBrocklin move that the Plan Commission make a recommendation to the Town Board to approve an ordinance regulating short-term rentals, similar to the proposed ordinance, and with the following changes and pending changes that may be advised during legal review or other input.

- 1. Use alternative 11-24-3 (c) (3) (i), (ii), (iii) that is listed in the proposed ordinance.**
- 2. Require that license plate information of guests be collected by hosts and shared with the Town and law enforcement upon request.**
- 3. Limit the total number of people outside at one time to 16 total people, including renters, guests, and children. However, the Commission did not come to a firm conclusion on this topic and would**

like the Town Board to look further into this regulation.

4. Only require that a federal employee number be provided if it is relevant to a hosts' application and operation.

- C. Consider making a recommendation to the Town Board on Ordinance 12-3 (3) to Repeal and Recreate Chapter 12-3 (A) of the Town of Dunn Code of Ordinances, the Land Division Ordinance, in order to incorporate language from the current Comprehensive Plan and Dane County Zoning Ordinance. Ben shared that the current Land Division Ordinance does not reflect every change that was made to the Town Comprehensive Plan in 2019 and it references the old Dane County Zoning Ordinance. This proposed updated ordinance would take those previously approved changes into account and match the Town and County's existing regulations.

Motion: Gardner/Greb to recommend to the Town Board on Ordinance 12-3 (3) to Repeal and Recreate Chapter 12-3 (A) of the Town of Dunn Code of Ordinances, the Land Division Ordinance, in order to incorporate language from the current Comprehensive Plan and Dane County Zoning Ordinance.

Meeting adjourned by Chair Molloy at 9:07 pm.

Submitted by Ben Kollenbroich, Planning and Land Conservation Director
