2021 RES-029

**ACCEPTING COVID-19 VACCINATION COMMUNITY OUTREACH GRANT FROM
THE STATE OF WISCONSIN DEPARTMENT OF HEALTH SERVICES
DCDHS – ACS DIVISION**

The Aging and Disability Resource Center (ADRC) of Dane County has been awarded a grant from the Wisconsin Department of Health Services to conduct outreach activities connected with the vaccinations for COVID-19. This grant funding comes from funding directed toward immunizations and vaccines. The effective dates for this grant are March 1, 2021 through August 31, 2021. In pursuit of its goal to immunize approximately 80% of the eligible population, the State of Wisconsin is making this funding available to remove barriers and to promote acceptance of COVID-19 vaccination for marginalized communities and other vaccine-hesitant populations.

Under terms of the grant The ADRC of Dane County will focus its efforts on reaching out to vaccination-eligible individuals who are homebound and providing them with the means for these individuals to be vaccinated. Homebound individuals may include those who strictly shelter at home to avoid COVID-19 risk, those who do not drive, those with limited personal mobility, those who depend upon oxygen or non-portable equipment, those with dementia or cognitive impairment, or those who are otherwise in frail condition. The ADRC of Dane County is partnering with UW Home Care Direct to administer COVID-19 vaccinations to this population.

The ADRC of Dane County is the primary place for people to obtain unbiased, accurate information on all aspects of life related to aging or living with a disability. The ADRC is a one stop shop to can get information for yourself, or if you are a concerned family member, friend, caregiver, or other professional. This grant fits well into the mission of the ADRC.

NOW, THEREFORE, BE IT RESOLVED that the following new revenue account and new expense account be added to the Aging and Disability Resource Center section in the Department of Human Services; and
