4 **AUTHORIZING HIGHWAY SAFETY GRANT FUNDING FOR A SEAT BELT**
5 **ENFORCEMENT PROJECT**
6

7 The Wisconsin Department of Transportation (DOT), Bureau of Transportation Safety, is
8 providing grant funding to the Sheriff's Office for a highway safety program aimed at promoting
9 traffic safety, including vehicle occupant restraint, impaired driving, speed enforcement, and
10 inattentive driving, in Dane County; Grant Number SBE-2024-DANE CO SO-00133, funding is
11 available October 1, 2023 through September 30, 2024. This project is a collaborative effort
12 with the Madison Police Department and the Sheriff's Office to promote traffic safety in the
13 community with an emphasis on seat belt enforcement.
14

15 Consistent seat belt use by all vehicle occupants including those in rear seats is the
16 single most effective way to protect against ejection from a vehicle during a crash. A sustained
17 high-visibility seat belt enforcement effort is a proven effective countermeasure in changing
18 driver behavior and increasing seat belt use. Increasing seat belt use will save lives, prevent
19 injuries on Dane County roadways, and positively impact health and safety of citizens in the
20 community.
21

22 Total grant award for the seat belt enforcement project is \$115,000. The Sheriff's Office
23 will administer the grant, Madison Police Department will receive \$57,500 and the Sheriff's
24 Office will receive \$57,500 for enforcement efforts.
25

26 **NOW, THEREFORE BE IT RESOLVED** that the Sheriff's Office is hereby authorized to
27 accept \$115,000 from the Department of Transportation, Bureau of Transportation Safety, for
28 the Seatbelt Enforcement Project and the Dane County Executive is authorized to execute the
29 necessary documents for the grant agreement; and
30

31 **BE IT FURTHER RESOLVED** that \$115,000 is appropriated as additional revenue in the
32 Sheriff's Office, Field Services Rural Safety Belt Grant revenue account (SHRFFLD 80718) and
33 is credited to the General Fund; and
34

35 **BE IT FURTHER RESOLVED** that \$115,000 is transferred from the General Fund to the
36 following accounts:
37

38	Overtime-Safety Belt (SHRFFLD - 10061)	\$46,860
39	Retirement Fund (SHRFFLD - 10099)	\$5,700
40	Social Security (SHRFFLD - 10108)	\$3,590
41	Workers Compensation (SHRFFLD - 10189)	\$1,350
42		
43	Seat Belt Enforcement POS (SHRFFLD - 30272)	\$57,500
44		
	Total	\$115,000

45
46 **BE IT FINALLY RESOLVED** that all unexpended funds and unrecognized revenues
47 from the above referenced account lines are carried forward from the 2023 budget to the 2024
48 budget period.

General Contract Terms Seatbelt Enforcement

This Grant Agreement ("Agreement"), entered into by and between the Bureau of Transportation Safety ("BOTS") and ("Grantee"), is executed pursuant to terms that follow.

Purpose of this Agreement

The Bureau of Transportation Safety, housed within the Wisconsin Department of Transportation's Division of State Patrol, serves as the administering agency for state and federal grants relating to transportation safety. The purpose of this Agreement is to enable BOTS to award grant funding to Grantee for eligible costs of the Grant Project ("Grant") undertaken as outlined in the project narrative and work plan. The funds shall be used exclusively in accordance with the provisions of this Agreement, as well as applicable federal and state laws and regulations.

Term

Work conducted under this Grant must occur within the federal fiscal year: October 1 to September 30. This Agreement expires September 30 of the federal fiscal year during which the Grant is conducted.

Implementation

Grantee shall be solely responsible for the design and implementation of the Grant as described in the project narrative and work plan. Grantee agrees to conduct the Grant in accordance with these plans as approved by BOTS. Modification of the Grant shall require prior approval of BOTS. Any change in project coordinator, financial officer, authorizing official, addresses, or telephone numbers requires written notification act BOTS. If the work plan or other documentation must be changed after the contract is signed, Grantee must submit an amendment request via the Wise-Grants System.

Amended activity may not commence prior to BOTS approval.

Failure to perform planned activity may be considered grounds for termination of funding.

Audit and Maintenance of Records

Grantee government subdivisions are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S. C. 7501-8507) and the Single Audit Requirements of 2 C.F.R. §200, Subpart F (A-133 Single Audit Requirements). If Grantee government subdivision is subject to a Single Audit, BOTS must be notified of the audit and subsequent results. If Grantee is subject to these requirements, it will verify that it is compliance with these requirements and that it has filed with the Federal Audit Clearing House. BOTS may take corrective action within six months and may require independent auditors to have access to grantee's records and financial statements. Documentation of costs shall be maintained for three years following final reimbursement. Reimbursement claim cost detail shall include a list of all personnel whose time is claimed; current billing period and year-to-date wages and fringe benefits paid to each person listed; all travel listed individually and broken out by transportation/mileage, meals, lodging, and related costs; all materials and supplies and contractual services, itemized, required to complete project activity. Employee time records for actual hours worked or percent of time dedicated to project activity are to be maintained by Grantee and made available to BOTS upon request with reasonable notice. Each budget item identified as "Other shall be claimed separately.

Monitoring by the State

Grantee consents to monitoring by BOTS staff to ensure compliance with applicable state and federal regulations. Monitoring may occur on-site and will require access to original versions of employee payroll information, citations, and other materials related to the implementation of this grant.

Payment of Funds by the State

All highway safety projects are funded on a cost reimbursement basis. State or local funds shall be expended before federal reimbursement is made. BOTS shall reimburse Grantee only for the actual hours worked, and for other eligible costs, and only if the costs are incurred in performing tasks identified within the grant application. Personnel costs shall be reimbursed on the basis of actual hourly salary and fringe rate(s) that have been verified and approved by BOTS, or on the basis of percentage of annual salary and fringe dedicated to project activity as described within the grant application. All expenses for which Grantee seeks reimbursement must be documented in the Project Activity Reports.

Equipment

Tangible, non-expendable personal property having an acquisition cost of \$5,000 or more, with a useful life of greater than one year, that is purchased in whole or in part by Grantee using funds awarded as part of this Agreement must be justified in the project narrative or work plan and approved by the NHTSA Regional Office in writing before initiating the acquisition of the equipment. Each item shall be tagged, inventoried, and monitored until the federal interest is released. Tangible, non-expendable personal property having an acquisition cost of less than \$5,000, and budgeted as materials and supplies, will also be monitored. Grantee must inform BOTS in writing when equipment is no longer used for the purpose for which it was acquired. Grantee's procurement of property under a grant will follow the same policies and procedures used for procurement from its non-federal funds, provided their procurement procedures follow the requirements for procurement standards set forth in federal law in 2 C.F.R. §§200.318 general procurement standards through 200.326 contract provisions. Each grantee receiving traffic safety funds must maintain written property management standards that comply with the requirements for property standards set forth in federal law in 2 C.F.R. §§200.310 through 200.316. These requirements include, but are not limited to, the maintenance of accurate property records [2 C.F.R. §200.313(d)(1)]. Such records will include a description of the property; a serial number or other identification number; the source of funding for the property (including the FAIN, if applicable); indication of with whom title is vested; acquisition date; cost of the property; percentage (at the end of the budget year) of federal participation in the cost of the project for the federal award under which the property was acquired; location, use, and condition of the property; and ultimate disposition data including the date of disposal and the sale price of the property. Grantees will institute maintenance procedures adequate to keep the property in good condition.

Print and Audio Visual Materials

Grantee shall submit all materials developed under this Agreement to BOTS for approval of content and style prior to final production and release. All video materials intended for general public viewing must be close-captioned. Grantee shall credit the Wisconsin Department of Transportation Bureau of Transportation Safety and the National Highway Traffic Safety Administration on all such materials. Grantee may not copyright any portion of materials produced under this Agreement.

Program Income

Program income is gross income derived by Grantee from Grant-supported activities. Grantee will report program income on reimbursement claims, stating whether the income is retained or credited as a reduction in federal share of project expenditures. If retained, such income may be used only for highway safety activities and is subject to audit by BOTS.

Additional Requirements Where Funds Are Expended on Law Enforcement

- B. Grantee agency certifies that it has a written departmental policy on pursuits or that it will initiate development of one during the grant period. The policy should conform to the guidelines of the IACP or a similar pursuit policy .
- C. 6. Be accorded consistent treatment. A cost may not be assigned a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
7. Except as otherwise provided for in 2 CFR part 225, be determined in accordance with generally accepted accounting principles.
8. Not be included as a cost or used to meet cost sharing or matching requirements of any other Federal award in either the current or a prior period, except as specifically provided by Federal law or regulation.
9. Be the net of all applicable credits.
10. Be adequately documented.

This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

Certification Regarding Debarment And Suspension

Instructions for Lower Tier Participant Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms covered transaction, civil judgment, debarment, suspension, ineligible, participant, person, principal, and voluntarily excluded, as used in this clause, are defined in 2 CFR parts 180 and 1200. You may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

Prohibition on using grant funds to check for helmet usage

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

Problem Identification/Project Justification

Instructions:

- Please complete this page, then click the **Save** button.
- Required fields are marked with an *.

In 2020, 43.8% of persons killed and 22.5% of persons sustaining incapacitating injuries in Wisconsin crashes were NOT wearing seat belts. Many of these people were ejected from their vehicle. Statewide seat belt use was 89.2% in 2020; however, Wisconsin seat belt use still remains about five tenths of one percent lower than the national average. It has been estimated that seat belt use by motor vehicle occupants in Wisconsin prevents more than 293 traffic related fatalities and more than 8,000 serious injuries annually.

Seat belt enforcement grant recipients are targeted based upon seatbelt usage data. The intention is to encourage extraordinary seat belt enforcement in areas of the state with low seat belt usage.

For crash data and other resources available at the county level, please visit Community Maps at the link below. If you require assistance in analyzing your crashes, please contact your Law Enforcement Liaison.

Problem Statement

A problem statement can be as simple as answering these three questions.

1. What and where is the problem?
2. How do we plan to solve the problem?
3. How do we check to see if the solution is working and what will be done?

Dane County Sheriff's Office crime analyst compares county wide crash data to identify target corridors for enhanced enforcement. Deployments focus on these selected corridors.

The task force will focus deployments on the corridors most impacted by these crashes, to reduce the number of seatbelt violation to reduce the number of injuries due to related crashes. The task force will frequently monitor community maps and crash data adjusting deployments based on the collected data.

In the past five years, in Dane County there have been 805 crashes involving an impaired driver with 70 fatalities and 1068 known injuries. In 2023 there have been 102 crashes with 11 fatalities and 102 known injuries.

Is the State Patrol participating with this Task Force?

Both the Operational Plan (OP) and signature page must be completed AND submitted with the grant at the beginning of the process on the "Supporting Documents" tab.

Agency will use Community Maps to help plan both dates and locations for deployments.

The budget is for deployments only; no grant funds are for equipment. This grant requires a 25% soft local match. Activity Reports may use one overall monthly statistical report if a pre-approved spreadsheet is attached. Such reports are due on/by the 15th of the next month (example: January's report is due by February 15th). ALL involved agencies MUST participate in mobilization periods such as click it or ticket and drive sober.

ALL agencies are encouraged to attend the quarterly traffic safety commission (TSC) meetings for their County.
