## Six Standards of a Conditional Use Permit

Provide an explanation on how the proposed land use will meet all six standards.

1. The establishment, maintenance or operation of the conditional use will not be detrimental to or endanger the public health, safety, comfort or general welfare.

Contained on property.

2. The uses, values and enjoyment of other property in the neighborhood for purposes already permitted shall be in no foreseeable manner substantially impaired or diminished by establishment, maintenance or operation of the conditional use.

Been in business since 1977  
without complaints, or very few.

3. That the establishment of the conditional use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district.

Dog Kennel to east not bothered. Son  
lives to west.

4. That adequate utilities, access roads, drainage and other necessary site improvements have been or are being made.

Yes.

5. Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.

Yes

6. That the conditional use shall conform to all applicable regulations of the district in which it is located.

## Division of Zoning

January 5, 2018

Dave and Darlene Toothman  
4365 Old Stone Road  
Oregon, WI 53575

RE: Violation occurring at 4365 Old Stone Road, Oregon, WI 53575, in the Town of Rutland  
Parcel No. 052/0510-204-9160-2.

Dear Dave and Darlene,

On December 13, 2017, the Dane County Zoning Department received a written complaint for your property at 4365 Old Stone Road, in the Town of Rutland. The complaint was made regarding outdoor storage of inoperable and/or unlicensed vehicles and miscellaneous junk on your residential property at 4365 Old Stone Road. A site inspection was conducted on December 15, 2017. It was observed that there were numerous vehicles unlicensed, and some appearing inoperable, and a considerable amount of miscellaneous junk items that were being stored outdoors on your residential property. In speaking to you onsite during my visit, you admitted to operating a salvage yard business from this property.

Based on my observations, I find that your property is in violation of the Dane County Code of Ordinance (DCCO).

Section 10.01(28) of the DCCO states that junk is garbage, waste, refuse, trash, any used motor vehicle upon which no current license plate is displayed, any inoperable motor vehicle, any used tire or used motor vehicle part, and any scrap material such as metal, paper, rags, cans or bottles.

Section 10.16(1)(a) of the Dane County Zoning Ordinance states that any use not listed as a permitted use in a district is prohibited in that district and except as otherwise expressly provided, any use listed as a permitted use in any other district shall be construed as a prohibited use in any other district.

Section 10.18(9) of the DCCO states a motor vehicle that is inoperable or unlicensed is considered as salvage or junk and can only be stored in a licensed salvage-recycling center.

Section 10.20 SALVAGE RECYCLING CENTERS. (1) Use. For purposes of this ordinance, any premises used for the storage, gathering, recycling or sale of junk, as defined in this chapter, is a salvage recycling center. A salvage recycling center need not have a commercial purpose.

Section 10.20(1)(a) of the DCCO states that junk, as defined under this chapter, may be stored on any premises on which a permitted business enterprise is actually conducted, provided, that all such junk is actually used in the conduct of such permitted business enterprise, and that all such junk is at all times stored in an enclosed building on the premises, thereby securing it from public view.

Section 10.20(1)(b) of the DCCO states that junk, as defined in this chapter, may be stored on any premises used chiefly for residential purposes, provided that it is stored solely for eventual use on the premises, and that all such junk is at all times stored in an enclosed building thereby securing it from public view.

This letter serves as notice that your property is in violation of the DCCO. Your parcel is zoned RH-2 Rural Homes District. This is a rural residential zoning category that does not allow for any commercial uses and limited business uses. A salvage recycling center is permitted in the A-2 Agriculture District with an approved conditional use allowance. All unlicensed and/or inoperable vehicles and all miscellaneous junk must be removed from the residential property. If this is not completed by January 31, 2018, citations will be issued against the property owner each day in violation.

Your cooperation is appreciated in this matter.

Sincerely,

Patrick M. Klinkner  
Dane County Zoning Inspector  
608-266-9082

cc: Dawn George, Town of Rutland Clerk  
Bob Salov, Dane County Supervisor, District 37  
Roger Lane, Dane County Zoning Administrator

collocators shall be subject to conditions established for the conditional use permit for the tower.

(10) Conditional use permits issued hereunder shall identify the primary type or types of transmission equipment which is to be placed on the subject communication tower. Any communication tower on which the transmission equipment so identified is no longer placed or used for a continuous period of 12 months shall, upon notification by the committee, be removed by the holder of the conditional use permit issued under this section. If the tower is not removed within 60 days of such notification, the county may remove the tower at the expense of the holder of the conditional use permit.

(11) The committee may require that an applicant for a conditional use permit under this section provide information regarding the applicant's then current plans for future placement or construction of communication towers in Dane County in addition to the tower which is the subject of the application.

[History: cr., OA 57, 1996-97, pub. 09/02/97.]

#### **10.195 STANDARDS FOR KEEPING DOMESTIC FOWL IN SINGLE FAMILY RESIDENTIAL YARDS.**

(1) *Purpose.* The purpose and intent of this section is to provide a listing of standards that shall apply to the keeping of domestic fowl in the yards of single family residences. The standards are designed to ensure that the keeping of fowl is done in a responsible manner that protects the public health, safety, and welfare and avoids conflicts with neighboring uses.

(2) *Use.* The keeping of 6 domestic fowl in the yards of single family residences located in any zoning district shall be a permitted use, if such use complies with the following:

- (a) Domestic fowl shall not be slaughtered.
- (b) Domestic fowl must have access to a covered enclosure.
- (c) Domestic fowl shall not be allowed to roam free and must be kept in a covered enclosure or fenced enclosure at all times.

(d) Covered and fenced enclosures must be clean, dry and odor-free, and kept in a manner that will not disturb the use or enjoyment of adjacent lots.

(3) *Permits for covered enclosures.* Notwithstanding the exemption set forth in section 10.04(1)(b)9.a., zoning permits shall be required prior to the erection, placement or construction of covered enclosures.

(4) *Location of covered and fenced enclosures.*

1. Covered and fenced enclosures shall be within the rear or side yard.

2. Covered and fenced enclosures shall not be closer than 25 feet to any residential structure on an adjacent lot.

3. Covered and fenced enclosures shall not be located closer than 75 feet from the ordinary high water mark of any lake, river, or stream.

(5) *Violations.* Any violation of these standards shall be subject to the penalties set forth in section 10.25(5).

(6) *Effective date.* This section shall become effective as of January 1, 2013.

[History: cr., OA 11, 2012-13, pub. 10/31/12.]

#### **10.196 STANDARDS AND PROCEDURES FOR WIND ENERGY SYSTEMS.**

(1) This section provides the standards and procedures for issuance of conditional use permits for wind energy systems, as defined in s. 66.0403(1)(m), Wis. Stats. The purpose of this section is to ensure any proposed wind energy system complies with applicable provisions of PSC 128, Wisconsin Administrative Code as amended, and this section.

(2) No restriction shall be placed, either directly or in effect, on the installation or use of a wind energy system, unless the restriction satisfies one of the following conditions:

- (a) Serves to preserve or protect the public health or safety.
- (b) Does not significantly increase the cost of the system or significantly decrease its efficiency.
- (c) Allows for an alternative system of comparable cost and efficiency.

(3) *Use.* Wind energy systems are a conditional use in any district. The County will apply Wis. Stats. s. 66.0401 and PSC Ch. 128 Wisconsin Administrative Code as amended, in the evaluation of such requests.

(4) *Procedures.* To the extent not inconsistent with state law, the procedures for consideration of conditional uses set forth in s. 10.255(2) shall be followed.

[History: cr., OA 42, 2012-13, pub. 05/14/13.]

#### **10.20 SALVAGE RECYCLING CENTERS.**

(1) *Use.* For purposes of this ordinance, any premises used for the storage, gathering, recycling or sale of junk, as defined in this chapter, is a salvage recycling center. A salvage recycling center need not have a commercial purpose.

(a) Junk, as defined under this chapter, may be stored on any premises on which a permitted business enterprise is actually conducted, provided, that all such junk is actually used in the conduct of such permitted business enterprise, and that all such junk is at all times stored in an enclosed building on the premises, thereby securing it from public view.

(b) Junk, as defined in this chapter, may be stored on any premises used chiefly for residential purposes, provided that it is stored solely for eventual use on the premises, and that all such junk is at all times stored in an enclosed building thereby securing it from public view.

(2) *Location and boundaries.* No salvage recycling center shall be located within two hundred (200) feet of the boundary of a residential district.

(3) *License.* (a) Before any premises may be used as a privately operated salvage recycling center, it shall be licensed. Application for such license shall be made to the zoning administrator, setting forth the description of the premises, the nature of the business and the materials to be handled, the type of construction of any building to be used in connection with the business, the applicant's name or names, officers, if any, and address of each. The application shall be referred to the zoning committee which shall, within a reasonable time, hold a public hearing, notice of which shall be given by a class 2 notice under chapter 985, Wis. Stats. If, after such public hearing, the zoning committee finds that the premises are in conformity with the provisions of this ordinance, and that the site is suitable for the conduct of such business, the committee shall grant a license, and such license shall expire on July 1 of each year. Licenses may be renewed from year to year on authorization of the committee when inspection discloses that the business is being conducted in accordance with the provisions of this ordinance.

(b) *Revocation of license.* Upon the complaint of any interested person, or on its own motion or after inspection discloses that the provisions of this ordinance are being violated, the zoning committee may hold a public hearing to determine whether a privately operated salvage recycling center license shall be revoked, notice of such hearing to be given to all interested parties. After public hearing, the zoning committee may order the license revoked.

(c) Should any town elect to license salvage recycling centers by adoption of an ordinance pursuant to the provisions of section 59.55(5),

Wis. Stats., and file a copy of such ordinance with the zoning department, then the provisions of paragraphs (a) and (b) above shall not apply, but no such license shall be issued by any town for such purpose unless the area is properly zoned and unless the zoning committee, after public hearing, determines that the site is suitable. When a salvage recycling center is licensed by the town, then the responsibility of controlling such salvage recycling center rests with the town.

[History: am., Sub. 2 to OA 11, 1991-92, pub. 12/18/91; (3)(c) am., OA 43, 1996-97, pub. 06/17/97.]

**10.21 NONCONFORMING USES.** (1)(a) The lawful use of a building or premises existing at the time of adoption of this ordinance may be continued as a nonconforming use, but if such nonconforming use shall be discontinued for a period of one (1) year, such nonconforming use will be deemed to have terminated and any future use shall be in conformity to the provisions of this ordinance except as otherwise provided by this ordinance.

(b) No building or premises used as a nonconforming use shall be added to or structurally altered so as to increase the facilities for such nonconforming use.

(c) Mineral extraction operations which existed prior to 1969 and were registered with and approved by the Dane County Zoning Administrator shall be considered nonconforming uses.

(d) Mineral extraction sites that were registered as nonconforming sites as provided by this ordinance shall not be considered abandoned or discontinued if the site is inactive for more than one year.

(e) The stockpiling and processing of asphalt and concrete pavements for the purpose of recycling for reuse in asphalt or concrete mixtures or as base course products shall be allowed as part of a nonconforming mineral extraction site.

(2) Any building lawfully erected prior to the adoption of this ordinance which does not conform to the requirements of this ordinance as to setback, side yards or rear yards, may be continued in use, but any future additions or structural alterations shall conform to the provisions of this ordinance.

(3) Any existing nonconforming use may be changed to another nonconforming use of a similar or more restricted classification or to a conforming use; provided, however, that when a use has been changed to a conforming use or a
