RES 2019-581

**ACCEPTING STATE OF WISCONSIN GRANT FUNDS TO PROVIDE TREATMENT FOR
UNMET NEEDS OF THOSE WITH OPIOID USE DISORDER
DCDHS – ACS DIVISION**

The State of Wisconsin Department of Health Services (DHS) has awarded grant funds to Dane County Department of Human Services (DCDHS) to address unmet needs of those individuals who are attempting to recover from opioid use disorder. Dane County has previously received grant funds from DHS for this purpose, however, the federal source of this grant has recently changed.

The funding from this grant is to support activities through the current federal fiscal year, which ends on September 30, 2020. The funding will be used to support the continuation of existing programs that provide treatment to individuals who are dependent on opioids. The services supported by this grant include Medication Assisted Treatment (MAT), which consists of outpatient counseling and medications that are designed to support recovery at Journey Mental Health Center. Grant funds will also be available to provide MAT to those opioid-dependent individuals who are returning to the community from the Dane County Jail. The grant will also fund withdrawal management at Tellurian’s Treatment Readiness Center and the administration of Vivitrol (naltrexone) for those preparing for a stay in residential treatment. This federal grant also includes a rigorous data collection requirement. Finally, part of these funds will be used to fund a part-time employee who will conduct surveys with those who receive services through this grant. Survey respondents will receive gift card incentives in exchange for completing a survey.

NOW, THEREFORE, BE IT RESOLVED, that the following revenue account is adjusted and that the revenue be credited to the County General Fund and transferred from the General Fund to the following expenditure accounts in the Department of Human Services:

Revenue Account Number	Account Title	Amount
460000 85259	State Opioid Response	\$303,125
