

# Nutrition Site Management Formula Options

Factor	Nutrition/ Wellness Committee Option 4/8/15	Focal Point Directors Option #1	Focal Point Directors Option #2	State Suggested Option
% all meals served	50%	50%	40%	50%
% High Nutrition Risk				
Food Share Poverty (age 65+)	15%	28%	28%	12.5%
Living Alone (age 65+)	13%			12.5%
Population (age 75+)	12%	12%	12%	
Population (age 60-74)				
Rural Factor - Elderly (age 60+)	5%	5%	10%	12.5%
Minorities (age 60+)	5%	5%	10%	12.5%
<b>TOTAL</b>	100%	100%	100%	100%

Age is already captured as the program is for those over age 60

Nutrition Risk is captured by income, living alone, rural and minority

ACL-Admin. on Aging at Federal Level treats all risk equally, with none having more impact than another

**The funding formula is for Site Management of Senior Nutrition Sites. The costs should be relatively the same whether it is at Belleville or South Madison.** It includes coordination and oversight of the following: (1) program outreach targeting seniors at risk of malnutrition (living alone, multiple chronic conditions or medications, minority, rural, low-income, poor oral health); (2) supervision of a safe and sanitary facility; (3) service of meals in a congregate setting and the delivery of meals to homebound seniors by trained volunteers when appropriate; (4) collection and data entry of required participant registration and service delivery data; (5) utilization of a meal reservation system to accurately and timely order meals through the County contracted Caterer; and (6) the provision of nutrition education.
