Dane County Zoning Committee
Petition 12081

I DO NOT wish to have my 4.47 acres rezoned. This parcel is part of my farm. This area is located behind a 1.07 acre parcel which I also own.

Our farm is one of the few in our area which still has cattle, which my children , grandchildren and great grandchildren show at various cattle shows across the state and country.

I DO NOT wish to change my farm package at my bank.

The Village of Oregon will soon be at our door and I will need every acre of land to keep the farm going.

Again, I DO NOT want to change the zoning of this piece of land.

Thank you for considering my email to NOT change the zoning of this piece of property.

Thank you,

Rita M. Kluever
