

**Approving Grant Agreement with
Domestic Abuse Intervention Services, Inc.**

1
2
3 The 2014 Capital Budget included funding for a \$2 million capital grant for Domestic Abuse
4 Intervention Services (DAIS) to assist with the development of service center and shelter for
5 victims of domestic violence.

6
7 The county has negotiated an agreement with DAIS to award the grant. The agreement
8 provides that the county be repaid if the facility ceases to function as a center for victims of
9 domestic violence during the first ten years after the grant is awarded.

10
11 The debt issued to support the grant will have a term of ten years.

12
13 Therefore be it resolved that the County Board approves award of a grant for \$2 million to
14 Domestic Violence Intervention Services and authorizes the County Executive and the County
15 Clerk to execute the grant agreement.
