## STANDARDS FOR CONDITIONAL USE PERMITS

Applicants must provide adequate evidence demonstrating to the Town and Dane County Zoning & Land Regulation Committee that the proposed conditional use satisfies the following 8 standards for approval, along with any additional standards specific to the applicable zoning district or particular use found in sections [10.220\(1\)](#) and [10.103](#) of the code.

Please explain how the proposed land use will meet the following standards (attach additional pages, if necessary):

1. The establishment maintenance or operation of the conditional use will not be detrimental to or endanger the public health, safety, comfort or general welfare.
2. The uses, values, and enjoyment of other property in the neighborhood for purposes already permitted shall be in no foreseeable manner substantially impaired or diminished by establishment, maintenance or operation of the conditional use.
3. The establishment of the conditional use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district.
4. Adequate utilities, access roads, drainage and other necessary site improvements have been or are being made to accommodate the conditional use.
5. Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.
6. That the conditional use shall conform to all applicable regulations of the district in which it is located.
7. The conditional use is consistent with the adopted town and county comprehensive plans.
8. If the conditional use is located in a Farmland Preservation (FP) Zoning district, the conditional use is subject to the following additional standards found in section 10.220(1). Attach additional pages, if necessary.
  - Explain how the use and its location in the Farmland Preservation Zoning District are consistent with the purposes of the district:
  
  - Explain how the use and its location in the Farmland Preservation Zoning district are reasonable and appropriate, considering alternative locations:
  
  - Explain how the use is reasonably designed to minimize the conversion of land from agricultural use or open space use:
  
  - Explain how the use does not substantially impair or limit the current or future agricultural use of surrounding parcels zoned for agricultural use:
  
  - Explain how construction damage to land remaining in agricultural use is minimized and repaired, to the extent feasible:

**WRITTEN STATEMENT OF INTENT AND OPERATIONS PLAN**

Applicants must provide a detailed written statement of intent describing the proposed conditional use along with an operational plan that explains how the conditional use will be operated. Please use the form below and provide responses, as applicable, to your proposed conditional use. Attach additional pages, if necessary.

Describe in detail the proposed conditional use. Provide the specific location of the use(s), type of equipment used, planned property improvements, including description / size of existing or proposed new buildings to be used, and any other relevant information. For existing or proposed commercial operations, provide the name of the business and describe the nature and type of business activity.
List the proposed days and hours of operation.
List the number of employees, including both full-time equivalents and maximum number of personnel to be on the premises at any time.
List any anticipated noise, odors, dust, soot, runoff or pollution associated with the conditional use, along with any proposed measures that will be taken to mitigate impacts to neighboring properties.
Describe any materials proposed to be stored outside and any activities, processing or other operations taking place outside an enclosed building.
For proposals involving construction of new facilities and/or infrastructure, describe, as applicable, any measures being taken to ensure compliance with county stormwater and erosion control standards under <a href="#">Chapter 11</a> of <a href="#">Chapter 14</a> , Dane County Code.
List and describe existing or proposed sanitary facilities, including adequate private onsite wastewater treatment systems, associated with the proposed conditional use. For uses involving domestic pets or livestock, list and describe measures taken to address manure storage or management.
List and describe any existing or proposed facilities for managing and removal of trash, solid waste and recyclable materials.
Describe anticipated daily traffic, types and weights of vehicles, and any provisions, intersection or road improvements or other measures proposed to accommodate increased traffic.
Provide a listing of any hazardous, toxic or explosive materials to be stored on site, and any spill containment, safety or pollution prevention measures.
Describe any existing or proposed outdoor lighting along with any measures that will be taken to mitigate light-pollution impacts to neighboring properties. The Zoning Administrator may require submittal of a photometric plan for outdoor lighting if deemed necessary to determine potential impacts to neighbors.
Describe any existing or proposed signage, including size, location, and materials, consistent with the county's sign ordinance found in s. <a href="#">10.800</a> .
Briefly describe the current use(s) of the property on which the conditional use is proposed.
Briefly describe the current uses of surrounding properties in the neighborhood.

## APPLICATION CHECKLIST FOR A CONDITIONAL USE PERMIT

A scaled site plan and detailed operations plan must be submitted with your Conditional Use Permit application. Please use the checklist below to ensure you are submitting all required information applicable to your request. Please attach to your application form the required maps and plans listed below, along with any additional pages.

### **SCALED SITE PLAN. Show sufficient detail on 11" x 17" paper. Include the following information, as applicable:**

- Scale and north arrow.
- Date the site plan was created.
- Existing subject property lot lines and dimensions.
- Existing and proposed wastewater treatment systems and wells.
- All buildings and all outdoor use and/or storage areas, existing and proposed, including provisions for water and sewer.
- All dimension and required setbacks, side yards and rear yards.
- Location and width of all existing and proposed driveway entrances onto public and private roadways, and of all interior roads or driveways.
- Location and dimensions of any existing utilities, easements or rights-of-way.
- Parking lot layout in compliance with s. [10.102\(8\)](#).
- Proposed loading/unloading areas.
- Zoning district boundaries in the immediate area. All districts on the property and on all neighboring properties must be clearly labeled.
- All relevant natural features, including navigable and non-navigable waters, floodplain boundaries, delineated wetland areas, natural drainage patterns, archeological features, and slopes over 12% grade.
- Location and type of proposed screening, landscaping, berms or buffer areas if adjacent to a residential area.
- Any lighting, signs, refuse dumpsters, and possible future expansion areas.

### **NEIGHBORHOOD CHARACTERISTICS. Describe existing land uses on the subject and surrounding properties:**

- Provide a brief written statement describing the current use(s) of the property on which the conditional use is proposed.
- Provide a brief written statement documenting the current uses of surrounding properties in the neighborhood.

### **OPERATIONS PLAN AND NARRATIVE. Describe in detail the following characteristics of the operation, as applicable:**

- Hours of operation.
- Number of employees, including both full-time equivalents and maximum number of personnel to be on the premises at any time.
- Anticipated noise, odors, dust, soot, runoff or pollution and measures taken to mitigate impacts to neighboring properties.
- Descriptions of any materials stored outside and any activities, processing or other operations taking place outside an enclosed building.
- Compliance with county stormwater and erosion control standards under [Chapter 11](#) of [Chapter 14](#), Dane County Code.
- Sanitary facilities, including adequate private onsite wastewater treatment systems and any manure storage or management plans approved by the Madison and Dane County Public Health Agency and/or the Dane County Land and Water Resources Department.
- Facilities for managing and removal of trash, solid waste and recyclable materials.
- Anticipated daily traffic, types and weights of vehicles, and any provisions, intersection or road improvements or other measures proposed to accommodate increased traffic.
- A listing of hazardous, toxic or explosive materials stored on site, and any spill containment, safety or pollution prevention measures taken.
- Outdoor lighting and measures taken to mitigate light-pollution impacts to neighboring properties.
- Signage, consistent with section [10.800](#).

### **ADDITIONAL MATERIALS. Additional information is required for certain conditional uses listed in s. [10.103](#):**

- Agricultural entertainment, special events, or outdoor assembly activities anticipating over 200 attendees must file an [event plan](#).
- [Domestic pet](#) or [large animal boarding](#) must provide additional information in site and operations plans.
- Communication towers must submit additional information as required in s. [10.103\(9\)](#).
- Farm residences proposed in the FP-35 district must submit additional information as required in s. [10.103\(11\)](#).
- Mineral extraction proposals must submit additional information as required in s. [10.103\(15\)](#).

**Four Paws Pet Services LLC**  
**Pet Daycare and Boarding Services**  
**Business Plan**

**Property and facility information**

Four Paws Pet Services LLC will take over the existing facility that is being used for La Fleur Stables LLC. There is currently a conditional use permit (1701) in use on this property. Our plan is to convert the current horse stable into a small animal boarding kennel. We will offer grooming, training services, daycare, and boarding for small animals (dogs and cats).

Four Paws Pet Services LLC is 100% family-owned. This business allows for 3 generations of our family to work together and continue a family business tradition.

The proposed building, of roughly 20,000 square feet, is enclosed and is confirmative to the commercial building standards set for Wisconsin. All small animals will be housed in this indoor facility that is functional all year round. The entire building is temperate-controlled.

We would use the current infrastructure, roughly 20,000 square feet indoors, and convert the inside stalls into small animal kennels as well as large run areas for the animals. We would also like to add a fenced-in area on the south side of the building to allow the dogs to have an outside run area, weather permitting. This outdoor area will be 18 feet by 102 feet in size. This outdoor run area will not house all animals at once but will be rotated with different play groups. However, it would not be routinely used as we will house the animals indoors most of the time.

After researching other local dog daycares and boarding facilities, 100 dogs are what we feel our capacity would be. According to the maps that have been shared with us, our facility is within 500 feet of only 2 residences. With this being said, each animal within our business will have an interior containment area.

With the horse boarding business (CUP #1701) we ask that the conditional use permit continues to exist. All of the operations for horse boarding will be held in a separate building that is not being used for Four Paws Pet Services LLC. All horses will be kept in a separate building and also have access to our outdoor pastures.

### **Hours of Operation**

Monday-Sunday 5:00 am-9:00 pm. (This includes hours for employees to let out boarding dogs, clean the facility, and also allow for training classes after daycare has been let out.)

Daycare Hours: Monday-Friday 6:30 am-6:30 pm

Outdoor group play hours: Monday-Friday 8:00 am-5:00 pm

Boarding Drop off and Pick up times: Saturday 7:30 am-11:30 am and Sunday 3:30 pm-5:30 pm

### **Number of Employees**

With a 100-small animal capacity, we plan to have a maximum of 7 full-time personnel equivalents/total number of employees on the premise at any time.

### **Disposal of Waste**

The facility currently has a waste containment area that is attached to the building and is enclosed from the outside, as well as from the inside via a sliding door. We will place a dumpster in this area and request pick-up from Waste Management twice a week. This area has a garage door that is large enough for the Waste Management trucks to come in and out without removing the dumpster. Twice a week is consistent with other dog daycares in the area that do a larger volume of dogs.

### **Driveway and Parking**

Our driveway is a recycled blacktop. Under the existing conditional use permit for the horse business, the access point on Meadow Road has not been an issue with 100s of vehicles coming in and out of this business. We have even had semis enter and exit our property for horse transportation services.

We do plan to implement a one-way direction around the facility.

Attached is an image of where the parking spots will be with the specifications found under Dane County Code of Ordinances Section 10.102(8). We will have 44 parking stalls that are 8 feet by 17 feet in size. There is also a handicapped spot already identified near the front entrance that meets commercial building standards.

There is currently a state-approved drainage plan, which will be attached to this application, however, we do want to note that we are currently in contact with land and resources staff with the county to verify that no new permits or approvals are needed with heavy traffic flow

through our business as well as touching up our parking areas with additional recycled blacktop. There are no current issues.

There are multiple entrances to the building, which allows customers to park in any of our parking stalls and have a limited range to walk to get to our business. However, we want to stress that the nature of this business is a drop-off and pick-up structure. Many customers will not need to park, and if they do, it is for a very limited amount of time. Our goal is to give our customers a quick experience.

We will be using dog daycare-specific software, called Gingr, which will allow customers to schedule a drop-off and pick-up time. This way we will be able to control how many vehicles are coming at one time.

The parking image is below.

## Information on Noise Management

The walls of the facility are 8 inches thick and insulated, this is a great sound barrier to the outside. The ceilings are roughly 17 inches thick and insulated. There will be an employee with each play group supervising. This allows us to manage barking and find where a dog is happiest by switching a dog to a different playgroup or having them in one of our kennels for a quiet period to allow them to calm down. We also have a more insulated room within the facility, labeled "pet quarantine room" on our floor plan, that will allow us to place a dog in a quiet place outside of the large play areas when necessary.

Overall, barking may happen, but it certainly won't be a continuous noise and there are ways our staff can address the noise immediately, not allowing it to continue. As stated above, our walls are thick and insulated, which will buffer almost all of the noise from the outside, if not all.

## Four Paws Pet Services LLC Business Introduction

At Four Paws, we believe that every dog deserves regular daycare as well as access to boarding, grooming, and training services. Our knowledgeable team will enrich your dog's life by providing a safe, fun, and stimulating environment for them to learn, exercise and socialize.

When you enroll your pup in our dog daycare and/or boarding, they will spend their days playing with like-minded dogs. They'll burn off energy and practice basic obedience from our caring team. And most importantly, they will find the sense of purpose that all dogs crave.

Four Paws offers off-leash, open-play dog daycare for dogs of all sizes, breeds, and temperaments. We offer a clean facility with professional and loving caregivers and focus on healthy socialization and fun exercise. Daycare services will be offered Monday-Friday.

Before your dog begins daycare or boarding with us, a scheduled meet & greet evaluation (temperament assessment) facilitated by one of our staff members will be **required**. This meeting will give us a chance to meet your pup and learn whether they will enjoy our enclosed, large group, open-play environment, and which playgroup they will best succeed in.

Your dog's safety and comfort are important to us, which is why we practice only the most modern dog-care skills and apply our dog language, dog behavior, and group play knowledge to supervise healthy play among the dogs. We pair your dog with like-minded friends who share similar play styles and personalities, creating a play environment that is fun and safe. We review playgroups daily as dogs may transition playrooms as their playstyles change and develop with

age and experience. All our active playrooms are supervised by well-trained, loving staff members.

Our facility is roughly 20,000 square feet that will feature multiple indoor play areas as well as an outdoor play area that dogs will rotate between and play with dogs that are within their same size range as well as similar temperaments. Each play area will have multiple kennels attached to the outside them for rest times or to provide separate containment areas when needed.

Boarding dogs may use these kennels as well. We have 2 different sized kennels to ensure your dog is comfortable and each dog will have access to food and water as well as a raised bed for their comfort.

### **Daycare**

Keeping your dog active during the day is important for their mental and physical health. Our four-legged guests will play in an always clean play area. We will have multiple large indoor play areas as well as a large outdoor play area. Inside the play areas, we will include dog play equipment that is specifically designed for our K9 guests.

Choosing Four Paws Daycare means your dog can spend the day playing with other K9 friends, plus receive loving attention from our devoted staff. We offer structured activities, supervised playgroups, and huge indoor play areas for your dog's enjoyment.

Four Paws has a convenient location in a beautiful country setting on 15 acres of land, a large outdoor play yard, and multiple indoor play areas that all include K9 play equipment for stimulation and exercise.

#### Benefits of Daycare

- Great socialization for your dog.
- Your pet isn't home alone all day.
- Healthy weight management benefits.
- Helps burn off excess energy.
- At the end of the day, your dog's energy level will equal yours after a long day at work.

Daycare is offered Monday through Friday from 6:30 am-6:30 pm. We welcome tours of our Daycare facility any time during our business hours. Keep in mind that our first and last half

hour of the day can be our busiest times and we may not be able to give as much attention as we would like for a tour, as other times throughout the day.

### **Requirements to Attend Daycare and Board Your Pet**

Daycare and boarding dogs must meet the following vaccination and preventive care requirements:

- DHLPP (Distemper)
- Rabies
- Bordetella
- Canine Influenza (H3N2 and H3N8) (Recommended but not required)
- Negative fecal result within the past 6 months, then required annually.
- Proof of flea/tick preventative i.e., Frontline

Other Requirements

- All dogs must be spayed/neutered after 6 months of age.

### **Safety:**

All daycare and boarding guests must meet, and continue to meet, certain temperament requirements for the safety of all our guests and staff. We will also require a “meet and greet” for a temperament assessment prior to attending daycare or boarding your pet.

### **Health:**

Owners must certify their pet is in good health and has not been ill or exposed to any illness in the last 30 days.

### **Boarding**

We look forward to welcoming you and your pet when you come in for your stay. Here is a basic guideline of what to expect at drop-off:

- Upon arrival, we will go through some basic information with you, including phone numbers to contact you while you’re away. We’ll also go over your feeding and medication instructions.
- Once your pet is checked in, we'll take them back to their room. We encourage all parents to tour the facility before dropping their pet off for their first visit so that you

already had a chance to view the rooms and will be relaxed and comfortable having our caring staff take your pet to their suite.

What sort of activities are available to my pet during their stay at Four Paws? Our guests have a wide variety of activities to occupy them during their stay at Four Paws. Every dog receives three playtimes each day. Our Staff will supervise your pet's play day and also plan many fun activities for them throughout the day for some dog-gone fun! You can also enroll your dog in daycare while they stay with us as well!

We will also offer boarding for cats upon request. Dog Boarding will be offered all days of the week, with drop off and pick up times limited on Saturday morning and Sunday afternoon.

### **Grooming**

Make your dog the envy of the neighborhood with our professional Spa Grooming services. You can rest assured knowing that your dog is in capable hands and will be given professional and compassionate care during their spa day with us.

Our grooming services include a massaging bath, coat conditioning, haircut tailored to your specifications, full brush out, nail trim, and ear cleaning. Our services are available Monday through Friday, by appointment. Prices vary by breed and coat length. Contact us and we would be happy to give you a quote for your pup's groom.

### **Training**

Our training philosophy is simple: engaged minds and wagging tails! We have developed classes that not only combine the latest scientifically proven, positive training techniques but also focus on making training simple and fun for the whole family, including your pup.

Our focus is on helping to build strong relationships between you and your pup. We use a combination of treats, praise, games, and other rewards to teach your pup and build those strong ties. We strive to work with you and your dog as individuals to meet your training goals instead of focusing solely on a set curriculum from week to week.

We love dogs and know the importance of a solid training foundation to help bring out the best in your dog. We understand the ups and downs of training. We are here to celebrate your successes and help you through your rough spots. You and your dog become part of our team as soon as you walk in the door!

**I. Scaled Site Plan. Show sufficient detail on 11"x17" paper. Include the following information as applicable:**

- I. See attached documents, image A and image B. As well as a Floor Plan of the interior of the facility, state-approved drainage plan, section plans, and parking plans.**

**II. Neighborhood Characteristics. Describe existing land uses on the subject and surrounding properties:**

Provide a brief written statement describing the current use(s) of the property on which the conditional use is proposed.

- i. There is currently a full-service horse stable that offers boarding, training, and lessons to the public. This business already holds a conditional use permit.**

Provide a brief written statement documenting the current uses of surrounding properties in the neighborhood.

- i. There are only two properties within 500 feet of the proposed building, they both are 20+ acre farm-ets. To the SE there is a subdivision. To the south, there is vacant land owned by the city which is currently being turned into soccer fields. Lastly, to the West, there is another farm-et.**

**III. Operations Plan and Narrative. Describe in detail the following characteristics of the operation, as applicable:**

a. Hours of operation.

- i. Monday-Sunday 5:00am-9:00pm**

B. Number of employees, including both full-time equivalents and maximum number of personnel to be on the premises at any time.

- i. A maximum of 7 personnel on the premises at any time.**

c. Anticipated noise, odors, dust, soot, runoff or pollution and measures taken to mitigate impacts to neighboring properties.

- i. With housing small animals, there may be noise. However, they will be indoors in an insulated 20,000-square-foot building that holds noise to a minimum, with limited outdoor time. The walls of the facility are 8 inches thick and insulated, this is a great sound barrier to the outside. The ceilings are roughly 17 inches thick and insulated. There will be an employee with each play group supervising. This allows us to manage barking and find where a dog is happiest by switching a dog to a different playgroup or having them in one of our kennels for a quiet period to allow them to calm down. We also have a more insulated room within the facility, labeled "pet quarantine room" on our**

floor plan, that will allow us to place a dog in a quiet place outside of the large play areas when necessary.

Overall, barking may happen, but it certainly won't be a continuous noise and there are ways our staff can address the noise immediately, not allowing it to continue. As stated above, our walls are thick and insulated, which will buffer almost all of the noise from the outside, if not all.

D. Descriptions of any materials stored outside and any activities, processing or other operations taking place outside an enclosed building.

i. We would like to fence in an area off the south side of the building so dogs could have an outdoor run area, however, there would be limited time outside, reducing noise. We would also build a shaded area in the outdoor fenced space. This outdoor play area will be 18'x102' in size. This play area will not house all dogs at once, but be rotated between different play groups when in use.

ii. There is another equipment building that is roughly 6,000 square feet located north of the proposed building within 15 feet that may store equipment but will not be used for this business.

e. Compliance with county stormwater and erosion control standards under Chapter 11 of Chapter 14, Dane County Code.

i. We will continue to comply with county stormwater and erosion control standards under Chapter 11 of Chapter 14, Dane county code. There is currently a drainage plan in use that is state approved. See "State Approved Drainage Plan" document attached. We are also in contact with land and water resources staff to verify that no new permits or approvals are needed, there are currently no issues.

f. Sanitary facilities, including adequate private onsite wastewater treatment systems and any manure storage or management plans approved by the Madison and Dane County Public Health Agency and/or the Dane County Land and Water Resources Department.

i. There is an existing septic system that services this building and well on the property. Currently, there is a fully functioning employee breakroom, a handicap-accessible bathroom, and a wash rack. There is also an enclosed animal waste area within the facility to manage the smell and keep the building sanitary.

g. Facilities for managing and removal of trash, solid waste, and recyclable materials.

i. We will add an additional dumpster into our animal waste location of the building that will be emptied by waste management weekly. This section is an enclosed area attached to the proposed building.

h. Anticipated daily traffic, types and weights of vehicles, and any provisions, intersection or road improvements or other measures proposed to accommodate increased traffic.

i. With daily traffic, the driveway that comes off Meadow Road is long enough and offers multiple turn-around areas for customers. Added traffic into this business will not impede Meadow Road. Vehicles will include daily commuter vehicles, horse trailers (for personal horses only), and waste management trucks. The current business has brought in 100s of vehicles on busy days over the last 20 years and Meadow Road has not been affected by it for the duration we have had the horse business. We plan to guide traffic one way around the facility to manage traffic flow.

ii. The driveway on the property is a recycled blacktop, not gravel. The recycled blacktop is very durable and has almost no dust pick-up when driven on. This type of driveway will be able to withstand high amounts of traffic in the proposed business for many years to come.

i. A listing of hazardous, toxic, or explosive materials stored on-site, and any spill containment, safety or pollution prevention measures taken.

i. There will be NO hazardous toxic, or explosive materials stored on site. The only exception is household cleaning supplies.

j. Outdoor lighting and measures taken to mitigate light pollution impacts to neighboring properties.

i. The lighting on the property is within the code of the building and is currently in use by the current business. Outdoor lights on the building are designed for the safety of the customers being able to see our parking lot at night. No new lighting is proposed.

k. Signage, consistent with section 10.800.

i. We will be adding a Ground sign with our logo, hours of operation, and a brief description of the business. This sign will replace the current sign that is on the property near the entrance. The ground sign will hold the following standards: a freestanding sign mounted on supports or uprights and whose

bottom edge is less than 8 feet above the ground which follows the standards set by section 10.800.

**IV. ADDITIONAL MATERIALS.** Additional information is required for certain conditional uses listed in s.10.103:

a. Agricultural entertainment, special events, or outdoor assembly activities anticipating over 200 attendees must file an event plan.

i. N/A

b. Domestic pet or large animal boarding must provide additional information in site and operations plans.

i. See attached documents, Four Paws Pet Services Business Plan.

c. Communication towers must submit additional information as required in s. 10.103(9).

i. N/A

d. Farm residences proposed in the FP-35 district must submit additional information as required in s.10.103(11).

i. N/A

e. Mineral extraction proposals must submit additional information as required in s. 10.103(15).

OWNER: LA FLEUR VAN ESS STABLES  
BUILDING ADDRESS: 3440 MEADOW ROAD  
VERONA, WISCONSIN 53593

- CONCRETE WORK:**
- ALL CONCRETE WORK SHALL OBTAIN A MINIMUM COMPRESSIVE STRENGTH OF 3,500 PSI AT 28 DAYS. SLUMP NOT TO EXCEED 4 IN.
- ALL BELOW GRADE CONCRETE, CONCRETE FOOTINGS TO BEAR ON FIRM DRY VIRGIN SOIL, OR COMPACTED GRANULAR FILL IN UNIFORM LAYERS NOT TO EXCEED 6" IN DEPTH. EACH LAYER SHALL BE UNIFORMLY SPREAD AND COMPACTED TO AT LEAST 90% OF MAXIMUM DRY DENSITY.
- THICKNESS OF CONCRETE OVER REINFORCEMENT SHALL BE:
- 1.) MINIMUM 3" WHERE CONCRETE IS DEPOSITED ON GROUND
  - 2.) MINIMUM 1-1/2" WHERE EXPOSED TO WEATHER
  - 3.) MINIMUM 1-1/2" FOR ANY OTHER CONDITION
- ANCHOR BOLTS:**
- SHALL BE SIZE AS SHOWN AND SET WITH USE OF A TEMPLATE. EXPANSION ANCHORS SHALL BE DRILLED ACCORDING TO MFG'S INSTRUCTIONS, AND BOLT SIZE USED AS SHOWN.
- ROOFING:**
- 29 GAUGE "WHEELING" HIGH TENSION STEEL (85,000 PSI FULL HARD) W/ SILICONIZED POLYESTER FINISH AND LONG LENGTHS. STANDARD ERECTION AND FASTENING DETAILS AS RECOMMENDED BY THE MANUFACTURER.
- SIDING:**
- SAME AS ROOFING MATERIAL.
- STEEL TRIM:**
- SAME AS SIDING MATERIAL.
- STANDARD CONSTRUCTION DETAIL AND PRACTICES GOVERN. ANCHOR BUILDING AND ROOF TRUSSES AS SHOWN:
- 2x4, 6, 8 SYP ARE #2 GRADE OR BETTER
  - 2x4, 6, 10 TPP ARE #2 GRADE OR BETTER
  - 2x4, 6, 8, 10, 12 SYP ARE #1 GRADE, KD 19R
  - 2x6, 8, 10, 12 TSP ARE #1 GRADE, KD 19R
  - 1-3/4" WIDE "DANG-LAM" ARE #1 SYP LAMINATED LUMBER (SEE FLOOR PLAN FOR DEPTH)
- SYP = SPRUCE-PINE-FIR  
TPP = SOUTHERN-YELLOW-PINE  
TYP = PONDEROSA PINE WITH 0.4 PCF CCA TREATMENT  
TSYP = SOUTHERN YELLOW PINE WITH 0.6 PCF CCA TREATMENT
- ELECTRICAL:**
- ALL WORKMANSHIP AND MATERIALS TO CONFORM TO STATE AND ELECTRICAL CODE, LOCAL ORDINANCES AND RULES OF THE POWER CO., GENERAL ILLUMINATION AND LIGHT LEVELS TO CONFORM WITH OSHA STANDARDS. (ELECTRICAL WORK TO BE DONE BY OTHERS)
- ⓧ = EXIT LIGHT, 6" HIGH RED/GREEN "EXIT", SWITCH AT PANEL.
- FIRE PROTECTION:**
- ⓧ F = FIRE EXTINGUISHER "SENTRY" MODEL 3A-20BC WITH WALL MOUNT BRACKET TYPICAL.
- HVAC:**
- HVAC PLANS TO BE SUBMITTED BY HVAC CONTRACTOR. (IF REQUIRED) HVAC WORK TO BE DONE BY OTHERS.
- PLUMBING:**
- PLUMBING PLANS TO BE SUBMITTED BY PLUMBING CONTRACTOR. (IF REQUIRED) PLUMBING WORK TO BE DONE BY OTHERS.
- OVERHEAD DOORS:**
- EZ THERM R-15 INSULATED. (SEE FLOOR PLAN FOR TYPE AND SIZE) (DOORS TO BE INSTALLED BY OTHERS)
- WALKDOORS:**
- STEEL INSULATED WALKDOOR WITH LATCH GUARD AND WINSTOP.
- BARrier FREE DESIGN REQUIREMENTS:**
- IDENTIFICATION SIGNS SHALL BE PROVIDED WITH THE INTERNATIONAL SYMBOL FOR A BARRIER-FREE ENVIRONMENT AT ALL OF THE FOLLOWING AREAS: ACCESSIBLE ENTRANCES, TOILET FACILITIES, DRINKING FOUNTAINS AND PARKING STALLS.
- PARKING STALLS:**
- SHALL BE PROVIDED AT THE RATE OF 2% OF THE TOTAL STALLS REQUIRED. ALL STALLS TO BE MARKED WITH PAVEMENT MARKINGS AND THE REQUIRED HANDICAPPED SIGN. ALL WALKS FROM PARKING STALLS WILL BE ACCESSIBLE (WITHOUT STEPS).

**DESIGN LOADS**

<b>ROOF LOAD</b>	OVERALL SNOW LOAD = 30 PSF TOP CHORD DEAD LOAD = 5 PSF BOTTOM CHORD DEAD LOAD = 4 PSF COLLATERAL LOAD = 3 PSF
<b>FLOOR LOAD</b>	LIVE LOAD: NONE DEAD LOAD: NONE
<b>WIND LOAD</b>	TOTAL WIND LOAD = 20 PSF
