

Determining a Resident's Eligibility for Reallocation

Check Spillman

- Check for Release date
- Skip those that have the institutional class of SPED, JUVE, INWK
- Check Security Class
- Check all offenses – can't just go by judicial status
 - Cash bail?, Recog?, Probation Revoked?

CCAP everyone regardless of Judicial status

- Review all open cases as there may be different hearings in each case depending where it is at in the court process
- Skip if Motion to Modify Bail recently filed – Bail hearings are added on quickly
- For Sentencing after Revocation Hearings, check the case number on the offenses as this will be a closed case
- Skip those that have a jury trial within the next month
- Eligible if hearing is 3 weeks in the future for Oneida
- Eligible if hearing is at least 2 weeks in the future for Rock/Iowa
- Skip those that are participating in Drug Court weekly review hearings – see list from Br4
- Skip those that have upcoming hearings in juvenile court

Sentenced

- Status of Jail Diversion?
- Skip if Resident worker
- Check w/Rec Deps in case they are in hiring process

Jail Revocation Hearings

- Eligible if the hearing is in the future and can be facilitated by the housing county
- If revocation decision is in and awaiting ROW, I check CCAP to see if sentence is withheld, imposed and stayed, or the potential exists for re-confinement time

Probation Holds

- Only those pending revocation will be eligible

Maintenance-Check everything again Weekly (Mondays)

- Check outcome of court dates of those returned to determine if they can be rehoused.
- Check court dates weekly for those housed in other counties in advance of transport day.

Medical/Mental Health

- Can the medication the resident is taking be administered in another county?
- Is the resident receiving Vivitrol or Suboxone?
- Are there mental health needs that would keep the resident in Dane County?
- COVID test if showing signs

If Competency is raised the resident isn't eligible to be reallocated

- Upcoming Competency Hearing is scheduled
- Order of Commitment for Treatment was entered
- Participating in Jail Based Competency Restoration
- Awaiting inpatient treatment bed

Resident Refusal

- Residents can refuse.
 - When a resident refuses relocation, the resident will be pending a due process hearing for a major rule violation.

Additional Considerations

- Re-Entry needs
- Check keep separates of residents who are already reallocated
- Rock County doesn't not accept females currently
- Residents needing to be kept separate for court cases, behavior, etc.
