Six Standards of a Conditional Use Permit

Provide an explanation on how the proposed land use will meet all six standards.

1. The establishment, maintenance or operation of the conditional use will not be detrimental to or endanger the public health, safety, comfort or general welfare. We are currently a family orchard located on Alpine Rd. in the town of Oregon. Our operation is seasonal and consists of apple picking, selling and harvesting along with other outdoor family activities such as a corn maze, pumpkin picking and animal petting pens. Our neighbors to the east currently operate a large horse boarding facility. The neighbors to the west of us use their property for livestock and crops.

2. The uses, values and enjoyment of other property in the neighborhood for purposes already permitted shall be in no foreseeable manner substantially impaired or diminished by establishment, maintenance or operation of the conditional use. Our orchard is a clean, quiet, organized agricultural operation. We are currently conducting business, Sept. 1 - Nov. 1. Open Friday, Saturday and Sunday, 10 AM - 6 PM. Our driveway entrance and parking lot is located off Alpine Rd. in a large open field which more than accommodates our current customer base.

3. That the establishment of the conditional use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district. There are no current deed restrictions to our knowledge and all surrounding properties are established in ag use.

4. That adequate utilities, access roads, drainage and other necessary site improvements have been or are being made. Our proposed future plans include an Apple Barn to sell and store apples. That would include electricity, septic and water. Our driveway and parking lot currently is adequate with potential to safely increase with no parking off the property.

5. Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets. Our driveway and parking lot are currently adequate and can safely increase according to our growth with no traffic conflicts.

6. That the conditional use shall conform to all applicable regulations of the district in which it is located. We are currently compliant with all Oane Co. Zoning ordinances.

Alpine Ridge Orchard Operation

1.) Currently:

- Pick your own and already picked apples
- Raspberries
- Asparagus
- Peaches
- Pears
- Cherries
- Pumpkins
- Corn Maze
- Petting Zoo
