<p>The Lake Science, Stewards and Recreation Program would take place during summer 2018. Up to 30 middle and high school age youth who live at Bayview Townhouses, a Project Based Section 8 low income housing development located at the corner of West Washington Avenue and Regent Street, will be involved in the program. The program goals include:</p> <ol style="list-style-type: none"> 1) Improved science skills through education about local lake ecosystems 2) Increased appreciation of lakes and understanding of issues such as water quality, conservation and supply 3) Increased access to and instruction in open water recreation and safety <p>The program's curriculum will focus on lake and shoreline conservation, stewardship and open water safety and recreation. Weekly science-based lessons and experiments will be augmented with in-depth open water safety and recreation instruction. Youth will learn how to conduct science-based field research, including bird counting, water quality testing, and shoreline habitat assessment. They will also participate in stewardship activities, including shoreline and water trash disposal and invasive plant removal. Open water recreation and safety instruction will be provided by Brittingham Boats staff. Lessons and equipment covered include: canoes, paddleboards, and kayaks. Once teens pass the necessary safety lessons for each type of equipment, they will be required to conduct ongoing lake and shoreline conservation activities and field research in order to gain additional access to rentals during non-program hours. The equipment access component of the program will deepen the teens' appreciation of and commitment to local lakes while increasing access to open water recreation for diverse, low-income neighborhood youth.</p>

Narrative Page:	Resolution 252		
Department:	Operating Budget Resolution Provision		
Program:			
Motion: (revenue/expenditure/text effect)	Neither revenues nor expenditures be changed and the following language be added to 2017 RES-252: "The 2018 Budget Proposal contains \$140,000 for a comprehensive review of the existing mental health services system in Dane County. This is in response to concerns expressed regarding the lack of adequate and appropriate services to address the needs of those struggling with issues of mental illness. This lack of services is often identified as the cause of incarceration and/or hospitalization or other unnecessary restrictive forms of treatment. The goal is to review the current mental health services system provided by both public and private funders and identify the needs, gaps, and possible solutions to address the issues identified. The feasibility of a Mental Health Crisis Restoration Facility or other needed crisis responses will be included in the context of this more thorough examination of the available mental health resources in Dane County. In the development of the RFP, the Department will reach out to community partners and stakeholders during the drafting of the RFP and take into consideration any prior legislation in this regard. This process will also review the recommendations from the 2015 community work-group on mental health, including the suggestion to develop a tool-kit to assist the Dane County Circuitry court Judges."

First, all fiscal activity in all funds will be closed according to Generally Accepted Accounting Principles, and any budgeted transfers other than between the general fund and the human services and badger prairie funds will be made. To the extent that the GPR requirement to balance the Human Services Fund is less than the amount budgeted, any surplus will be applied toward any deficit in the Badger Prairie Fund. The unassigned general fund balance shall not decrease, and shall increase a minimum of the percentage increase in the combined expenditures of the general fund and the human services fund. To the extent funds are available after the above items are applied, the remaining surplus of GPR budgeted for the human services fund will be retained in the human services fund and applied to future budgets for expenditures."

<p>This budget amendment gives the Catholic Multicultural Center \$25,000 to provide the immigration legal services and social services necessary to address the growing needs of immigrants in our community facing severe hardship in the face of increased federal restrictions and enforcement. This funding would support a bilingual program assistant, contracting for interpreter services for non-Spanish speaking immigrant and refugees clients, and scholarship money for immigrants and refugees who have extreme financial hardship and are unable to afford CMC's low fees. In addition, funding will support community workshops and educational sessions for immigrants depending on current needs, based on the ever-changing immigration scene at the federal level. CMC is recognized by the Board of Immigration Appeals (BIA) to represent clients in immigration matters. <p>This amendment creates six new Lead Child Protective Services (CPS) Social Workers from six existing Social Worker positions. These Lead Social Workers will be assigned to each of the CPS Initial Assessment and Ongoing Units and will carry a reduced caseload so that they can take on added responsibilities such as support and mentoring for other workers, assistance with complex cases, assistance to supervisors with workflow needs of their unit and meeting coverage, monitoring training of new social workers in their unit. These will be posted an internal competitive promotional opportunity. The goal is to help reduce the high rate of turnover in CPS by increasing the support and mentoring for CPS staff, creating a promotional opportunity in the CPS system, and creating an outlet for supervisors to delegate some work appropriate for these Leads to perform so that they can focus more on their unit needs.</p>
