Subject: Comment on Petition CUP 2600

Dear Zoning and Land Regulation Committee members,

We moved to Riley Circle/Road neighborhood fifteen years ago because we were drawn to its beautiful, rural setting. After we moved in, we learned that there were no longer horses at 8250 N. Riley Road, but we fully expected that at some point, the property would again have horses as it appears well suited for them. We would welcome seeing 1-4 horses in the neighboring property and have no objection to the CUP.

Thank you,

Jean and Ron Riggs
