

**Board of Health for Madison and Dane County**  
*Resolution #2024 – 01*

**Authorization to Accept Additional Funds from the Wisconsin Department  
of Health Services for the Sexual Health Program**

Public Health Madison and Dane County (PHMDC) proposes the acceptance of additional grant funds from the Wisconsin Department of Health Services (DHS) for the Sexual Health program.

The Board of Health for Madison and Dane County previously approved Board of Health resolution #2023-36 authorizing the acceptance of \$15,000 for the Family Planning Dual Protection (Title V) grant from DHS. PHMDC received an additional \$2,668 from DHS, increasing the total amount to \$17,668.

Furthermore, the Board of Health for Madison and Dane County previously approved resolution #2023-36 authorizing the acceptance \$6,308 for the Reproductive Health Pregnancy Outreach (Title X) grant from DHS. PHMDC received an additional \$3,685 from DHS, increasing the total amount to \$9,993.

These funds are for continued efforts of ensuring high-quality, accessible, and affordable reproductive health care, including sexually transmitted infection screenings, testing, and treatment services, and outreach efforts to low-income pregnant women for maternal and infant health projects. These funds also allow us to continue to provide family planning services, such as pregnancy testing, all options counseling, and resources for reproductive health promotion and risk reduction, such as increased purchasing of HPV vaccine.

NOW THEREFORE BE IT RESOLVED, that the Board of Health for Madison and Dane County on behalf of Public Health Madison and Dane County authorizes the Director of Public Health, or their designee, to sign the associated agreement, accept and expend the funding in the amount of \$9,993 and \$17,668, and increase the 2024 Public Health Budget accordingly.
