Sent from my iPad. In support of the wind chime way community: Mr. King has not been respectful or truthful with our community. He does not show respect of our concerns,,does not oversee his property, and his attitude is such "that I can do what I want." Considering his legal background, I suppose he knows more about winning his case than I do, but I am more concerned about the integrity of my neighbors. Our half circle of neighbors has observed increased traffic affecting the safety of our kids and older population walking on the roadsides, increased noise around his property, and just total lack of concern for all of our community issues. Property taxes and home values are sure to be affected as well. Mr. Lane please accept my statement when considering Mr. King's request. Sincerely, Ken & Carol Funnemark. 4433 Wind Chime Way. We have been residents here since 1979

KATHY BLOMKER

**Testimony to the Dane County ZLR Committee, June 25, 2019**

My name is Kathy Blomker and I live at 4454 Wind Chime Way. Thank you for this opportunity to express concern about Richard King's proposed Conditional Use Permit for the house he owns at 4466 Wind Chime Way. His property is adjacent to ours for approximately 2100 feet. I want to remind you that Mr. King is not a neighbor; he does not live anywhere near and has no control over what is happening at the house while the property is rented out to these large groups, or any interest in the neighborhood beyond his commercial venture.

I would like to share one example of Mr. King's disregard for both the law and the neighborhood.

On Saturday, April 20, Dick and I were eating lunch and watching a guy, apparently hired by Mr. King, burning brush on the King property. King himself was not on site – a violation of the burn permit laws. It was a windy day, too windy to safely burn, and as we watched, the fire swept past his pile and roared into our giant brush pile about 40 feet onto our property. The guy's emergency management plan was apparently – a rake. The fire jumped a small path and wound up burning over half an acre of our property. We called the fire department immediately, of course; with the winds of the day we were terrified that our wooden house would go completely up in flames. The fire department and our good neighbors Ken Gulbranson and Mark Kudrna who are volunteer fire department personnel, were super. Firefighters spent at least an hour flapping the wooded edges of the fire perimeter to make sure the fire was out. Ken brought us a big sprinkler to use to put out our huge brush pile. No structural damage occurred, but the possibilities were horrifying. Furthermore, after the firefighters and deputies left, the guy doing the burning immediately took off, leaving FIVE piles of smoking and smoldering debris on the hillside of the King property. I had to call April of the fire department back. She sent Mark Kudrna over to check it out, and he just shook his head at the negligence. King was cited and fined for violations.

Now, this may not be a ZONING violation, but it provides clear evidence of Mr. King's disregard for the law and that he is NOT a reliable individual to be running a commercial lodging business where he is not present, presenting instead a hazard to the health, safety and general welfare of our community. He clearly does NOT meet Standard #1 for a Conditional Use Permit.

Mr. King has paid no attention to the constraints of the zoning the house is currently under. Mr. King has had large groups staying there numerous weekends over the late winter and spring months. On the weekend of April 26 it was a large noisy party complete with fireworks; deputies arrived at the house and that was officially reported. The following weekend we saw at least 8 cars driving into the property; lights in the King house late Friday and Saturday but not Sunday: a two-night rental, in violation of County codes. And the following two weekends after being reprimanded at the Town of Cottage Grove Plan Commission meeting there were large groups renting the place. These were all reported to the Township and to the County.

Mr. King's application for the Conditional Use Permit includes numerous zoning violations and they piled up until the long-term renters moved in after Memorial Day. During the Town Plan Commission meeting Mr. King repeatedly used Dane County Zoning Administrator Roger Lane as an excuse to continue his two-night rentals in violation of the zoning ordinances. I have an email here from County Zoning Inspector Sarah Johnson on January 4 stating:

Hello Kathy,

This afternoon, I spoke with Zoning Administrator Roger Lane regarding this zoning violation, and we discussed how to proceed moving forward. If the property remains in violation as of Monday of next week, and if the property continues to be advertised for short term rentals with a minimum 2 night required stay (rather than a minimum of 7 days), then the zoning violation will be referred to Dane County Corporation Counsel, and a lawsuit will be filed.

Thank you.

Sarah Johnson, Zoning Inspector

Given this communication, it did not seem credible that Mr. Lane gave Mr. King carte blanche to continue renting the property for two-night stands. Committee and Board Member Steve Anders ascertained in writing from Mr. Lane that Mr. King's claim indeed was untrue. And the property up until at least the morning of the Town Board meeting was advertised on AirBnB for October and beyond, showing two two-night rentals already booked in October! He testified at the Plan Commission meeting that "no one books for a week," and if people call and ask him he'll rent for less than a week. When challenged by Board Members, he responded that he will charge \$600 a night for two nights and a dollar a night for the next five – effectively making a two-night rental. And in fact, when I last looked, his October rentals show two seven-night rentals. All evidence thus far, and his own testimony, indicate he will still be renting this as a two-night party house but is blocking out the calendar to appear to be in compliance.

He also testified at the end of the Town Board Meeting that he is "a landowner and will do whatever" he wants.

Mr. King's actions have made it abundantly clear that he is a lawyer who believes he is above the law. He says he will have guests "sign a rental agreement" to meet Standard #2 of a Conditional Use Permit, to "prevent impairment or diminishment of the uses, values and enjoyment of other property in the neighborhood." What kind of teeth could those agreements possibly have? That is laughable, given Mr. King's disregard for the zoning agreements he himself is subject to.

Mr. King testified at the Town Plan Commission meeting that one of his rental properties became a meth lab. Really??? Please, for the public health, safety, and general welfare of our Wind Chime Way neighborhood, deny Mr. King his application for a Conditional Use Permit for Temporary or Transient Housing. Thank you!!

DICK BLOMKER

**Testimony to the Dane County ZLR Committee, June 25, 2019**

I would like to thank you for the opportunity to testify in regard to Richard King's proposed Conditional Use Permit for the house he owns at 4466 Wind Chime Way.

My name is Dick Blomker and I live at 4454 Wind Chime Way, next door and adjacent to Richard King's property.

My wife Kathy and I were shown the present property we live on in 1976 after a walk through the barnyard and reed canary grass to the creek. With help from family and friends we built our house and moved in the summer of 1978. It has been a joy watching the houses being built and many neighbors and families moving in over the years.

Our first conversation with the Kings was cordial, but in hindsight it did not include that the Kings intent was to re-purpose the house and property next door. If we had been informed we would have immediately expressed our concerns. Mr. King has never spoken to us about this use of his property.

The second time we spoke was when Mr. King began to cut down trees to improve their view. There was a problem, he was also cutting down trees on our property. One tree, a willow, was about 65 feet into our property. I initiated a conversation with Mr. King and he said that he thought he had been cutting only on his property. I offered to show him the property line and he seemed disinterested. I suggested that he have a survey done and that was the responsibility of the new owner.

Another incident of concern was a year ago last May on a Sunday afternoon when sitting on our deck we noticed that two high school age boys were fishing on our little dock. Another high school boy and girl were having oral sex right in front of them. I spoke briefly with all of them and learned they were from the Chicago area and they were having a post prom party. The boys stopped fishing and left, the girl and boy said nothing and moved a little bit, but still in plain view.

I called Mr. King telling him what was happening and he said that he was told there would be chaperones.

There continue to be a lot of drunken and rowdy parties on weekends. When we first built we would never have imagined having a party house right next door when we were having weekend family and friends at our home.

We raised three boys and during that time never needed to be concerned about their safety on Wind Chime Way, even though there are no sidewalks. With the parties next door we do have a lot of concern for all the neighborhood kids and really for any of us who enjoy an evening walk.

In conclusion I need to say that the rental uses of the Mr. King's house next door have certainly not been representative of the values of our neighborhood community and have significantly reduced the enjoyment of living in our home. I strongly urge you NOT to grant a Conditional Use Permit to the house next door owned by Richard King. Thank you.

MAIA SITT

A statement from the owners of 4472 Wind Chime Way and 1/3<sup>rd</sup> owner of the access drive to 4466 Wind Chime Way.

To whom it may concern:

The activities taking place at 4466 Wind Chime Way (owner Richard King) have been incredibly frustrating and I feel impede on our personal rights to a safe and quiet residence. I also believe these practices violate the original intentions set by the of the neighborhood and the neighbors, as well as the initial agreement signed by the three original owners of the property (see documentation).

My husband and I both hold full-time employment in Madison, pay our taxes to the Town of Cottage Grove. I work for the state and my husband for Neuwave Medical. We chose Cottage Grove and this neighborhood because of the good reputation the town has for community as well as its proximity to our jobs and family.

On purchase of our home; we were not aware that 4466 Wind Chime Way was being used as a rental property. Although it was quickly apparent when different cars and people would show up Friday evening and leave before 11am on Sundays.

After one particularly disturbing weekend involving a party, party bus and disruptive music, we were approached by other concerned neighbors and informed of the violations, citations, and the continuation of practices that the owner of 4466 Wind Chime Way was told to stop.

Additional documentation, emails and photographs show the specifics of each violation we captured and were provided at the local Zoning meeting, but can be provided upon request. However, as this has been a long and drawn out process, these photos do not highlight the extensive number of times it happened, but does provide some visuals of the transient nature of the renters of that property. These individuals have no investment in the neighborhood.

There is constant traffic and visitors on our private drive, and very little care, attention or regard to speed and safety is considered by the weekend renters. On more than one occasion we have had strangers approach our home, lost, looking for directions to "the rental" and or parking outside our driveway because there isn't enough space for all the cars in the driveway. We've also had some renters approach the house for assistance to get their ill-equipped vehicles out of the snow. One time the individuals left their car at the top of the private drive on our grass and proceeded to spin the tires in an attempt to loosen the car and damaged our property. I have provided pictures of this.

I am a petite woman and assumptions are often made about my age, it also follows that I am often times at a disadvantage when it comes to strength and height. I should not have to fear for my safety or damages to the property that my husband and I have invested our money and life into.

I have been frustrated with the continuation of these activities after I was told the owner of 4466 Wind Chime Way was told to stop. If the violation is small enough that the owner can still rent the property and just take the slap on the wrist, then obviously more needs to be done. Even now, he has admitted to renting the place to additional renters in the fall and made verbal threats that he "could be doing much worse things than renting it" at the Zoning meeting. Richard appears to feel he is above the law.

Additionally, if the owner has multiple locations for rent, and plans to adhere to codes etc... has consideration been paid to the requirements under the American's with Disabilities Act and whether his

property will adhere to requirements to ensure that all people with and without disabilities can access this rental? Adding a ramp to the house does not mean that the property is accessible. With additional construction doorways should have been widened, bathrooms made accessible as well as kitchen to comply with accessible building codes. To do otherwise is discriminatory practices if he is running this as a rental property in a town/city/state with accessibility codes.

I would request stronger action on the part of the town and the city should he continue to violate the decisions made to not approve this application.

Thank you for your consideration,

Maia Stitt

Jim Stitt

My name is Jim Stitt. I live at 4472 Wind Chime Way. My wife and I purchased our home in June 2016 and at the time we were not aware that the house next to us was rented out on the weekends but it quickly became obvious when there were different cars parked there on the weekends and the house was empty and quiet during the week.

I have only met Richard a few times, typically when I have been out working in the yard, and he stops by to look in on his house. My conversations with Richard have been pleasant and I appreciate the investment that he has made in cleaning up the property.

With that said, I am concerned by the lack of information and the misrepresentation that Richard has shown in previous town meetings. To clear things up, he does not stay there but a few nights a year and he has been renting it out on the weekends, from Friday to Saturday, even after he received citations from the zoning inspector of Dane County Planning and Development, Sarah Johnson, based on communication as early as January 22, 2019. What is frustrating is that he does not seem to care about the law or his neighbors otherwise he would have stopped renting his house many months ago.

My wife and I own one of the houses that shares the private drive with Richards house. Our home is at the beginning of the driveway so I see everything. I see the cars speeding up and down the private driveway because they are doing it right in front of my house. I see Richards garage from my driveway, so I know that he has been renting it out pretty much every weekend this year and that the frequency of rentals seems to be increasing for every year that we have lived there.

The private drive is a single lane shared by three houses. The only time that we have had to deal with traffic on the driveway is during the weekends. This becomes more a problem during the winter when the vehicles can't pull off to the side to make way for other cars. I know that Richard doesn't typically rent it out as often during the winter, but it happens and because the driveway is not plowed by the town, and the renters are not prepared for the driveway conditions, we occasionally end up with stuck cars. This year I helped some of our weekend neighbors move stuck cars. We have even had cars parked at the end our our driveway (see picture), which makes it difficult for us to get out.

Our house is close enough that we can hear the parties when they get loud enough but not close enough to see what happens in the back lot. Because ours is the first house on the drive we have had strangers stop by asking for directions which is startling because the neighborhood is normally pretty quite. I also have to think about the safety of my family when there are people knocking at our door looking for the party house. These party groups occasionally walk up and down driveway, nothing has happened yet but I keep the garage door shut on the weekends just in-case. The most recent example of that was this memorial day weekend (see picture).

Fortunately, no one has been injured yet, but we shouldn't wait for it to happen. My wife and I have no problem with people staying there for longer periods of time who are invested in the neighborhood, but that is not going to happen when the house is rented out for party weekends.
