When unique and specific technical qualifications are required

III. State your rationale for request for waiver. Please be specific.

The facility is required to provide dental services on a regular basis pursuant to Federal and State statutes. Dr. Silberschmidt has been providing dental services since April, 2007 and has formed a therapeutic relationship with the facility's residents and continuing his service contract will ensure continuity of care.

The last RFP for the 2014 – 2018 contract period resulted in only one proposal, that being from the current provider. BPHCC residents require clinicians with specialized skills in dealing with various behavioral displays.
