2016 BUDGET AMENDMENT**

Amendment # HHN-C-1			
Sponsor/Committee:	Supv. Weigleitner		
Oversight Committee Action:	Health and Human Needs, Passed as amended 5 (Levin, Dye, Wegleitner, Veldran, Clausius)-1 (Ferrell)		
Personnel & Finance Action:			
Narrative Page:			
Department:	Human Services		
Program:	Capital Expenditures		
Motion: (revenue/expenditure/text effect)	Increase capital expenditures by \$2M to increase the affordable housing development fund to meet the level of interest of affordable housing development partners and address Dane County's significant affordable housing shortage as documented in the Dane County Housing Needs Assessment. At least 30% of the funds shall be made available for projects outside the City of Madison and at least 20% shall be made available for housing projects prioritizing the housing needs of persons returning to the community from incarceration, as a priority for 2016 funds.		
Program Effect:	In 2015, the County Board created the Affordable Housing Development Fund, allocated \$2M to the fund, and committed to annual funding of \$2M each year in 2016, 2017, and 2018.		
FTE Effect:			
Line Item Detail (not required for introduction, attach additional listing if necessary)			
Org	Object	DESCRIPTION:	Amount
CPADMIN	58720	Affordable Housing Development Fund (AHDF)	\$2,000,000
CPADMIN	84974	Borrowing Proceeds	\$2,000,000
Intent/Justification			
<p>In January, 2015, the Dane County Housing Needs Assessment was published and Dane County needs to produce somewhere between 16,000 and 31,000 affordable units in the next 26 years to meet existing and future affordable housing needs. On the lower end of this range, this is about 34 percent of all likely future housing units, and about 56 percent of all likely future housing units on the upper end of this range. Expressed in terms of units per year, the county needs somewhere between 648 and 1209 affordable units each year. In May, 2015, Dane County hosted a Housing Summit which drew a large number of community members, developers, and other municipal partners interested in addressing the need for affordable housing throughout the County. In June, 2015, the first RFP was released for \$2M in affordable housing development funds. The respondents requested almost \$5M in funding in this first year of the fund and with increased outreach and education regarding the development fund, the interest is expected to grow. A percentage of the funding is geared to municipalities outside the City of Madison to recognize the affordable housing needs throughout the County and funds are also targeted to persons returning from incarceration to support our reentry efforts and criminal justice reform.</p>

Intent/Justification			
<p>The stigma around menstruation and the related inability to access menstrual products around the world causes women to miss school, work, and suffer repeated vaginal infections. In the United States, access to menstrual products is a significant problem, especially for low-income women. Federal Supplemental Nutrition Assistance Program (SNAP), also known as Food Share or food stamps, does not cover non-food necessities including menstrual products. Incarcerated women frequently do not have access to menstrual products. Homeless women suffer an enormous burden trying to maintain their hygiene without access to menstrual products, 24 hour restrooms, and accessible showers. Increasing access to free menstrual products supports women's health, dignity, employment, and education.</p>

Sponsor/Committee:	Supervisor Schmidt		
Oversight Committee Action:	Public Works & Transportation, Approved 3-1 (Ripp)		
Personnel & Finance Action:			
Narrative Page:	p. 720		
Department:	Public Works, Highway & Transportation		
Program:			
Motion: (revenue/expenditure/text effect)	Increase expenditures and borrowing by \$1.5 million in the Capital Budget for Public Works, Highway, and Transportation to create a matching Transit Grant Fund to support investment in transit infrastructure projects. Examples of projects appropriate for use of the fund could include: park and ride facilities, transit vehicles such as buses, and transit vehicle garages. Add the following language to 2015 RES-255: "The Highway Commissioner and the Transit Subcommittee will work with the Department of Administration and Corporation Counsel in developing guidelines for the grant program that conform with capital spending restrictions."		
Program Effect:	The effect of this amendment is to create a Transit Fund program to support investment in transit infrastructure projects. The Transit Subcommittee of the Public Works and Transportation Committee will establish a process and criteria upon which to base Transit Fund project selections and will make recommendations to the Public Works and Transportation Committee, which will make final transit infrastructure funding selections.		
FTE Effect:	-

Org	Object	DESCRIPTION:	Amount
CPSUSTAN	NEW	Transit Fund allocation	\$1,500,000
CPSUSTAN	84974	Borrowing proceeds	\$1,500,000
Intent/Justification			
The county has placed a priority on operating and managing in a more sustainable way and reducing our contribution to climate change. These priorities combined with a growing county population require that we do more to prioritize, develop, and support access to public transit infrastructure in Dane County. This new Transit Fund will support investments in transit infrastructure for Dane County.

Department:	Public Works, Highway & Transportation		
Program:			
Motion: (revenue/expenditure/text effect)	Increase expenditures and borrowing by \$1 million in the Capital Budget for Public Works, Highway, and Transportation for the SMART Fund to allow departments to implement energy efficiency, alternative energy, and other sustainability initiatives to increase the county's energy.		
Program Effect:	The effect of this amendment is to maintain the amount of the SMART Fund, which was funded in 2014 at \$2 million. The fund will have some carryover from 2015, and a minimum of \$1 million in 2016 will help to ensure its capacity to increase operational savings and meet sustainability goals by helping departments to invest in continuing energy efficiency, renewable energy, and other sustainability efforts.

CPSUSTAN	57556	SMART Fund allocation	\$1,000,000
CPSUSTAN	84974	Borrowing proceeds	(\$1,000,000)
Intent/Justification			
<p>The county has placed a priority on operating and managing in a more sustainable way and reducing our contribution to climate change. This amendment maintains the capacity of the county to do so by maintaining the SMART Fund at its 2015 funding level to supplement department budgets for capital projects that maximize sustainability and achieve long-term savings for the county. Examples of projects appropriate for use of the fund include: covering differential costs for converting fleet vehicles to alternative fuel , low-emission vehicles, facility lighting upgrades, replacement of outdated HVAC systems with high efficiency systems, etc.</p>

LWLEGACY	57469	FISH MONITORING/REMOVAL/BUBBLE	\$5,000
Intent/Justification			
<p>The Friends of Cherokee Marsh have offered to partner with Dane County in a 5-year effort to remove carp from Cherokee Lake and thereby improve the water quality. This amendment represents the first year of the initiative. The amendment accepts \$2,000 in revenue in 2016, and authorizes borrowing of \$3,000. It then allocates \$5,000 in spending authority to hire a commercial fisherman to remove the carp. Carp removal has been used as a strategy in the past to improve the water quality of Lake Wingra.</p>

		Development Fund to a 1-to-1 match	
Intent/Justification			
This change will allow the nonprofit partner agencies that are working with Dane County on Silverwood Park to begin work earlier (on renovation/demolition of buildings at the park), entering into and completing capital projects more quickly. The change will have no effect on the county's commitment to capital borrowing, only the amount that partners must raise before triggering the county's matching funds for the same project. The intent is to move more quickly on renovations for Silverwood Park, therefore tapping into growing community support/interest in development of the park.

LWLEGACY	NEW	Yahara Clear Lakes - REHAB Initiative - 2016	\$250,000
LWLEGACY	84974	Borrowing proceeds	(\$250,000)
Intent/Justification			
<p>Per SUB. 1 TO RES. 196, 11-12 -- Dane County Clear Lakes Initiative -- adopted February 2, 2012 by the Dane County Board of Supervisors, the Dane County Board of Supervisors established a five-year Clear Lakes Initiative to protect and enhance the lakes in the Yahara River Watershed, including initial funding of \$250,000 over the first two years, focusing on efforts to control sediment/nutrient transmittal through shoreline erosion and the high concentration of carp within the Cherokee Marsh.</p> <p>The Yahara Clear Lakes - REHAB Initiative will continue these efforts with a multi-year program plan to further the development of the Floating Bog Interceptor (FBI) gardens first established in the Yahara Clear Lakes Initiative; further enhance the marsh shoreline biodiverse habitat and create a natural eco-friendly Green Engineering Peninsula Structure (GePS) to combat further shoreline erosion within the Cherokee Marsh. Along with these primary environmental objectives, project plans will include additional water quality monitoring upstream and downstream of the Cherokee Marsh and an increased focus on the public outreach/education efforts on the performance of these environmental management practices.</p> <p>This amendment would increase the capital budget planning amounts for years 2017, 2018, 2019 and 2020 to \$250,000 per year.</p>
