## DANE COUNTY BOARD OF SUPERVISORS 2023 OPERATING BUDGET AMENDMENT

Amendment # PWT-O-3					
Sponsor:	Supervisor Miles, Andrae, Kigeya, Pellebon, Castillo, Wright				
Oversight Committee Action: Personnel & Finance Action:	Public Works and Transportation, approved 3-1, Ripp Public Protection and Judiciary				
Department:	Sheriff				
Program:	Capital Budget				
Motion:					
(revenue/expenditure/text effect)					
Neither expenditures nor revenues be changed, and the following provision be included in 2022 RES-208 Dane County Operating Budget Appropriations Resolution:					
"Cease work on Mead & Hunt change order #13 and prepare a change order #14 with Mead & Hunt to design a 5-story tower, with a mezzanine on the fifth floor, that, to the extent possible, accomplishes the following goals and objectives, in order of priority:					
1) Replace outdated cell blocks in the City-County Building, improving safe conditions for all residents, staff, visitors, and volunteers 2) Eliminate or greatly reduce solitary confinement 3) Reduce total number of beds not to exceed 825, subject to classification and type determined by DCSO 4) Increase medical and mental health space 5) Maximize in-person visitation 6) Maximize programming space 7) Consolidate jail facilities, including permanent closure of the Ferris Center					
Program Effect:					
Completing a redesign of the tower will result in right-sizing the Jail Consolidation Project to account for continuing fiscal pressures and a growing recognition that implemented and emerging justice diversion programs will have a net cumulative effect mitigating the jail population growth.					
Intent/Justification					
See Page 2					
	NET GDD EFFECT: \$0				

## IIntent/Justification:

Right-sizing the jail project recognizes that diversions and reforms in the criminal justice system will have a sustainable reduction in the jail population. Re-evaluating the project also highlights the need for continued long-term coordination and investment to eliminate racial disparities in the jail population and ground all policies and practices in pursuit of equity. Efforts already underway include the following initiatives: Implementation of the CARES mobile response team in the City of Madison and additional resource investments for County-wide mental health response;

\$600,000 four-year grant funding \to establish a Community Court and Community Justice Center (2023 budget proposal includes Office of Criminal Justice Reform Director and a Community Court Coordinator);

Establishing a short-term Crisis Triage Center for acute mental health stabilization needs;

Implementing a pilot to increase the use of electronic monitoring in the Jail Diversion Program;

Development of a Jail Population Review Team; and

Development of the Pretrial Services Department.

Ample opportunity exists to further reduce the jail population through efforts including:

Developing a Justice Innovation Fund (\$500,000 proposed in 2023 operating budget);

Eliminating non-Dane County residents from the intergovernmental agreement with the U.S. Marshall Service for federal residents-in-transit;

Implementing initial appearance weekend court;

Reducing arrests for individuals with outstanding warrants for non-violent offenses;

Continuing to reduce the average length of stay through improving system processes especially related to Probation and Parole holds implemented by the Department of Corrections;

Providing additional supports for Public Defenders to represent Dane County residents;

Further reducing use of cash bail; and

Implementing non-jail housing alternatives for individuals in Jail Diversion (proposed as a budget amendment for 2023).

The new Justice Innovation Fund proposed in the 2023 operating budget will be an ongoing source of investment to launch new programs relying on community input and evidence-based approaches to reduce incarceration. The County Board is committed to working in collaboration with DCSO, Human Services staff, community partners, individuals with lived experience, the judicial branch, DCSO, and other law enforcement jurisdictions in Dane County dedicated to addressing and eliminating the root causes of incarceration, including through expansion of housing programs, treatment options, and supportive services. Increasing regular public data reporting will support evidence-based decision-making to permanently reduce the jail population.

To further evaluate long-term jail needs resulting from ongoing system investments, a study in 2024 is recommended to evaluate long-term impacts of diversion and alternative programs and identify unmet needs for both housing and programming space across justice-related facilities, including the planned jail, Juvenile Detention, Crisis Triage Center, and Community Justice Center. Pending the results of such an analysis that documents the need, adding a sixth floor to the tower may be considered.

Consideration of additional borrowing authority for the 5-story tower outlined will not be pursued until the need is demonstrated by a cost estimate based on 95% Construction Design Documents and the project is ready for bids.
