ZLR Committee,

I oppose CUP 02582 for the following reasons.

I've been a Rutland town resident for 36 years, avid bicycle rider enjoying the rural roads of the Rutland Township. A woman walking on Center Rd was killed by a vehicle many years ago, traffic has more than doubled since. Dump truck is already heavy and dangerous. Meeting these large trucks on a bicycle is very frightening. This new gravel pit will only make traffic worse and more dangerous. STD1.

The Town of Rutland Comp Plan shows Center Rd north of Old Stone Rd as a future bicycle route and south of Old Stone Rd as a potential Rustic Rd. The gravel pit is on Center Rd and and heavy dump truck traffic is not compatible or consistent with the adopted Rutland Comp Plan. STD 7.

I have noticed considerable road wear from the quarry on N Union Rd which uses Old Stage Rd heavily. The new gravel quarry will also use Old Stage Rd, which will further deteriorate our township roads. STD 4.

Thank you for considering my opposition.

Joanne Weber
