Dear Ms. Graves,

Dane County Land Division is in receipt of another deed instrument that was prepared by yourself. This deed was identified by the Land Records Review Analyst due to peculiarities in its configuration and was sent to Dane County Land Division for review for compliance with Dane County Code of Ordinances.

Dane County Code of Ordinances, Chapter 75, *Land Division Regulations*, a land division which creates a parcel under 35 acres in size is required to have a Certified Survey Map prepared and approved. The Quit Claim deed under Register of Deeds document #5939243 violates Dane County Code of Ordinance Section, 75.17.

75.17 CERTIFIED SURVEY MAPS.

(1) Procedure. (a) Application. Any land divider who shall divide land located in an unincorporated area of Dane County which results in a land division shall prepare a certified survey map in accordance with section 236.34 of the Wisconsin Statutes and all of the requirements in this chapter which may apply. All certified survey maps shall be submitted to the committee for approval and shall, after approval, be recorded in the office of the Dane County Register of Deeds.

The purpose of this chapter is to promote the public health, safety and general welfare of the county. It is designed to further the orderly layout and use of land and to facilitate the further resubdivision of larger parcels into smaller parcels of land.

Under Dane County Code of Ordinances, Chapter 10, Zoning Regulations, Section 10.123(7)(a), the minimum size for a lot in the Farmland Preservation, FP-35 Zoning District is 35 acres net. The afore mentioned document creates a parcel of land within the FP-35 zoning district that is approximately 3.80 acres in size and violates the minimum size requirements of the FP-35 Zoning District.

This letter serves as notice that the transaction that has occurred under Register of Deeds document #5939243 is in violation of the Dane County Codes of Ordinance sections as stated. A parcel of land was created under 35 acres in size without being part of a Certified Survey Map. Further, the property did not receive approvals for the necessary zoning district classification or for the creation of the lot.

In order to correct the situation, a rezone petition will need to be submitted to the County Zoning Division to change the classification of FP-35 to a zoning district that is in compliance with the current size and land use for the subject parcel. No parcel may have two different zoning districts and zoning boundaries are to be coterminous with parcel lines.

You are hereby instructed to submit the aforesaid information within 30 days of the date of this letter to avoid further enforcement action.

Attached with this letter is a copy of the recorded Warranty Deed #5939243. Your cooperation and attention is appreciated in this matter. Please contact me with any questions, everson.daniel@countyofdane.com

Sincerely,

Daniel Everson
Dane County Plat Review Officer
