

2017-2019 DANE COUNTY LEGISLATIVE AGENDA**General Principles**

The unique role counties play in administering state programs---human services, transportation, the environment, surface and ground waters, health, the justice system and other state-mandated services---must be recognized:

1. The state must fairly share responsibility with the counties in determining the scope, design and cost of statewide programs;
2. The state must provide an adequate and predictable share of funding for state services delivered by the counties;
3. The state must help counties reduce the need to rely on property taxes; and
4. The state should enhance the ability of counties to more effectively manage county government.
5. The state shall perform a biennial review of all mandated programs to determine continued need for the programs and annually review all mandated programs funded at 50% or less.

**Eliminate Racial Disparities**

The elimination of racial disparities and the elevation of racial equity are among the most important priorities and responsibilities of Dane County. Specific areas that help alleviate racial disparities include Child Welfare, Economic Wellbeing, Family Structure, Youth Initiatives, Education, Prevention, Employment, Criminal Justice, Health Care, Housing, Transportation, Economic Development, Contracting and Service Delivery.
