F. Chair's Report

Spring Public Hearings

Discussion on when to have the Public Hearings in the spring. A decision was made to place this topic again on next month's agenda for further discussion and final decision. Frazier requested that staff come up with ideas as to where these can be held. Frazier requested that Fischer check into dates at the Alliant Exhibition Hall.

The AAA Legislative/Advocacy Committee is having a Save Medicare rally at ADRC, January 26 from 10:00 to Noon to inform people how Medicare is impacted by the repeal of the ACA.

G. ADRC Manager's Report

Fischer spoke about the changes made in the talking points when speaking to customers about Long Term Care. When a person placed on the waitlist comes to the top of the waitlist the options will be IRIS, Partnership and Family Care due to the length of the waitlist. Training was held with ADRC staff, Waiver Units and the Focal Points. Training is scheduled with APS and the broker system. Fischer reports that at the ADRC we use the term Family Care Model which includes IRIS, Family Care and Partnership. The ADRC has received some calls from customers in fear that the system is ending and nothing will replace it. Fischer believes that the messaging to the public is very important.

Fischer stated that the State has changed the functional screens and the target groups section is now automated. Fischer reported that the DD/ID system has some concerns about people on the waitlist and the new automation. Fischer reports the ADRC would encourage consumers to appeal if they come up on the waitlist and the new screen no longer finds them eligible.

Fischer informed the Board that the Bi-laws state that they are to elect officers at the first meeting of the year. Fischer will send out an email to everyone and if they want to nominate someone for a position email Paul Yochum. Action Item for next month will be to elect board officers. There will be a need for a chair, vice chair and secretary.
