## What Does This Mean to Me?

Family Care and IRIS both offer the full range of long-term care services.

- Family Care
  - Includes care management services and flexibility to self-direct some of your services and support.
- IRIS
  - You self-direct all of your own services and support.
- Family Care Partnership
  - Includes care management services and flexibility to self-direct some of your services + support and acute and primary care

## Your Experience Matters

- Family Care and IRIS are similar to your current program: Community Options Program (COP) or Community Integration Program (CIP)
  - Same goals
  - Similar services
  - Same eligibility requirements to participate
  - You continue to remain at the heart of the programs
- You choose which program is best for you
