Excused: 2 - PEARSON and ENDRES

C. Presentations

1. Post Family Care Planning: Programs within Developmentally Disabled System

Monica Bear, Dane County Human Services, Developmental Disabilities Manager

Monica Bear shared information about programs that have been developed within the DD system which have maximized employment opportunities, transportation and crisis prevention, referring to "BUILDING ON THE DANE COUNTY DIFFERENCE"

[2017
RPT-200](#)

BUILDING ON THE DANE COUNTY DIFFERENCE 06212017

Attachments: [BUILDING ON THE DANE COUNTY DIFFERENCE 06212017](#)

It is a report produced by DD Providers, Dane County Department of Human Services (DCDHS) and other stakeholders, highlighting unique features and outcomes of Dane County's DD services. It is hoped that the employment, supported living and transportation outcomes can be maintained by the new Family Care Managed Care Organizations (MCOs) and IRIS Consulting Agencies (ICAs) so that persons with DD do not experience diminished community connections, employment rates or the ability to reside outside their family homes with housemates they choose in a place they choose. Dane County hopes to preserve a safety net that minimizes and shortens admissions to psychiatric institutes, state centers and other institutional placements.

Wisconsin Department of Human Service (WI DHS) has expressed an intent to host approximately 5 Family Care/IRIS informational sessions for Dane waiver participants and their families. While all presentations will include the same content, each session will be tailored to a specific target population. WI-DHS estimates 3 sessions for Adults with I/DD. WI-DHS does not intend to invite MCOs or ICAs to these sessions. They have advised family advocates against inviting MCOs and ICAs to a family-hosted informational session. Family advocates have been informed MCOS and ICAs could experience financial sanctions for attending a family-hosted event. Parent and participant advocacy efforts will be organized independent of Dane County.

The Aging and Disability Resource (ADRC) Information and Assistance (I&A) staff will be the primary disseminators of FC/IRIS information at the time of Options Counseling. I&A staff will be limited in the information they can share. Brochures or fact sheets about various programs in the Family Care Model programs will be reviewed and approved by WI-DHS. Jennifer Fischer, ADRC manager can provide more specific information on this topic.

Committee members expressed concern that current DHS directives may result in inadequate information to make a fully informed decision when choosing a Family Care Model Program.

Expansion of I/DD children services: The state budget is likely to include funds to eliminate the Children's Long Term Support wait list. In Dane County this could benefit over 400 children and families. Expansion of children's services is anticipated to provide employment opportunities for some County staff displaced by the Family Care/IRIS transition.

D. Reports to Committee

1. Facility Variance Request – McFarland Villas

FREEMAN reviewed process by which requests are approved for Legacy Waiver funded individuals to move into CBRFs that exceed 20 beds.
