

**LTS PLANNING COMMITTEE
COP VARIANCE REQUEST**

Case Manager: Rebecca Repaal **Date:** 10-3-2017

FUND COP SERVICES FOR PARTICIPANT RECEIVING RECUPERATIVE SERVICES IN AN INSTITUTION (UP TO 90 DAYS).

The purpose of this variance is to maintain a participant's support network during relatively brief institutional stays. No variance is needed for recuperative stays of 30 days or less. When a recuperative stay exceeds 30 days a variance is necessary to allow the use of COP funds to continue to pay for noninstitutional community service expenses for up to 90 days for current COP recipients.

1. INSTITUTION NAME: UW Hospital

2. EXPECTED DURATION: 90 days for rehabilitation and strengthening

3. PARTICIPANT INFORMATION

- Male ☐ Female ☒ Age 84 Time on a Waiver Programs Since 11/2015 Protective Placement No
- Current living arrangement: ☒ home
☐ AFH
☐ CBRF (name, size)

- Health & medical problems (please use non-medical terms, include a list of their diagnoses):

Consumer's diagnosis include: Heart disease, asthma, dementia, brain injury, esophageal reflux, carpal tunnel syndrome, skin condition, allergies, neuropathy, respiratory muscle weakness, high blood pressure

- Situation requiring rehabilitation and desired outcomes:

On 7-26-17, client was at home and began choking. Her heart quit beating and she stopped breathing. Due to the amount of time client's brain was not receiving oxygen it is suspected she has a brain injury. Client was transported to UW Hospital where she has been since. Client currently is on a ventilator and has a tracheostomy. The hope is that client can continue to be weaned from her ventilator. If and when this happens alternative housing will need to be found

As of 10-3-17, client still at UW Hospital and is hooked up to the ventilator and she still has her trach

Services to be funded during rehabilitation: Case Management \$600.00/month
