Minutes - Final Unless Amended by Committee

Airport Commission

Consider:

Who benefits? Who is burdened?

Who does not have a voice at the table?

How can policymakers mitigate unintended consequences?

G. Reports to Commission

1. *Activity Report*

Director Jones reported that enplanements were up 20.3% December 2018 over December 2017. Dane County Regional Airport's (DCRA) continued annual growth at 13.3% remains way above the national average that is in the 4-5% mark. The number of passengers is at a record-breaking 2.1 million.

Airlines continue to add seasonal, and year-round, non-stop flights to various existing and new destinations.

Meetings with Airlines continue for additional, prospective non-stop flights.

2. *Air Park Matters*

Director Jones reported on Air Park Matters. She had received inquiries from tenants regarding property upgrades and other matters. Jones will keep the commission up to date on any approvals that would need to come before them for consideration. There were a few questions and answers regarding the Shopko area parcels. Overall, the Airport Park tenants' activity is "status quo."

3. *Power Outage Update*

Director Jones briefed the commission on the recent power outage at the Airport. Staff, tenants, airlines passengers, law enforcement, all cooperated to make the best of the power outage. Once the source of the outage was found, a switch issue by Madison Gas & Electric (MG&E), the power was back up and within 90 minutes operations were returned to normal. All life safety devices continued to operate during the outage and the parking ramp was unaffected so the Airport never closed during the event. Jones reiterated that the concerted effort by all parties to get passengers enplaned and on their way was a success.

H. Future Meeting Items and Dates

The next meeting of the Airport Commission is tentatively scheduled for, Wednesday, March 13, 2019 @ 5:30pm, or Call of the Chair

I. Public Comment on Items not on the Agenda

There was no public comment on items not on the agenda.

J. Such Other Business as Allowed by Law

There were a few questions about the recent winter weather events. The Airport took on some diversions from other airports. The Airport staff should be commended on the clearing of the runways during the recent weather events.

The Chair reported that we have a new citizen member County Executive appointee currently moving through the approval process. The appointee should be joining the commission likely for the Commission's April meeting.

Director Jones will keep the Commission up to date on the water utility monthly testing on the Perfluorinated compounds (PFAS) affected wells and other updates on the matter.

K. Adjourn

A motion was made by Cmsnr. ARMSTRONG, seconded by Chair HAIGHT, to adjourn. Motion carried by a voice vote. (7-0) The meeting adjourned at 6:05PM.

Minutes respectfully submitted on behalf of William Haight, Chair
