| Organization/Project  | Project Summary  | Priorities Addressed                                | Target Population   | Direct Impact  | Indirect Impact   | Requested | Recommend  |
|---|--|---|---|--|---|-----------|------------|
| <b>Bayview Foundation</b><br>Take A Break                                       | Bayview Foundation provides afterschool programming for youth ages 6-18 who live in the Bayview Townhomes. Their goal is to create a safe space for the 30+ elementary students they serve to give students a place to relax and think about their actions and emotions.   | Mental health, Violence Prevention, Education       | Students involved in Bayview's After School Program - school age youth in the Bayview Townhomes and Triangle Neighborhood | 33 children aged 6-11 enrolled in Bayview's Elementary After School program.                   | Parents and siblings of kids who are in the program, and adults who work in the program.        | \$2,500   | \$1,100    |
| <b>Briarpatch Youth Services</b><br>Teens Like Us - Pride Prom                  | Provide safe and supportive spaces for all LGBTQ+ youth to build community, explore identities, and learn about safe and healthy relationships. They hope to do so by holding a prom event for LGBTQ+ youth that includes a catered dinner, DJ, a quiet space to help youth de-escalate/practice self care, and provide safe sex supplies.   | LGBTQ+, Women's Rights, Homelessness, Food Security | LGBTQ+ youth throughout Dane County ages 13-19.   | 500-600 youth attending events throughout the year; 8-12 students planning the event.          | Resources offered to parents/caregivers of youth attending events.                              | \$2,850   | \$1,500    |
| <b>Clark Street Community School</b><br>The Growing Community                   | The Growing Community provides a space for outdoor learning and contributes as a nutrition resource to the greater community. The outdoor classroom provides seminars offered to nearly 200 youth at the school and larger community. They want to redesign and make upgrades to the garden.   | Education, Environment, Health, Food Security       | Students and community members of the Clark Street Community School   | 99 students at CSCS, 20 staff, 108 after school Youth Center students, and neighborhood youth. | Community members; people accessing the local food pantries, where excess supplies are donated. | \$2,450   | \$2,000.00 |
| <b>Dairyland Dancing Diamonds</b>   | Dairyland Dancing Diamonds is a dance group that puts youth on a path to success by providing a safe space away from violence in their communities. The group supports community efforts by performing at local fairs and events. They are asking for funding to assist with transportation, costumes, snacks etc. to run the group, as well as funding to support their community efforts of providing blankets/socks to homeless families and for a food pantry. | LGBTQ+, Education, Women's Rights, Homelessness     | Students of all age groups and ethnic backgrounds.  | 25 youth involved in the club.   | 500 or more community members impacted by volunteer efforts by club members.                    | \$650     | \$300      |
| <b>East High School Food For Thought Club</b><br>Food for Thought Snack Program | The Food For Thought Snack program seeks to expand the number of bags of snacks that are provided weekly to teachers throughout the school. Teachers give out snacks from these bags to students in their classrooms who may be hungry. This helps to improve student performance and alleviate hunger. They are asking for funding to expand the number of teachers to whom they supply snacks.   | Health, Homelessness, Food Security                 | Economically disadvantaged high school students in need of food during the day  | 935 students (57% of East High School students are economically disadvantaged)                 | Family members of the students.   | \$3,000   | \$2,200    |

|---|--|--|---|---|---|-----------|-----------|
| <b>LaFollette High School Food Pantry</b>   | The Food Pantry club is hoping to reopen the food pantry. They want to make snacks available to teachers in their classrooms to provide to students who are hungry. They also want to maintain a food pantry that social workers and other staff will be able to access to provide food for families in need. The funds will be used to purchase storage bins, shelving units, a refrigerator, freezer, microwave, and supplies to be used for outreach and promotion. | Homelessness, Food security                    | Students of La Follette High School and their families who are low-income   | 897 students (57% of La Follette Students are considered low-income).   | Family members of the students.           | \$3,000   | \$1,000   |
| <b>Madison Country Day School Amnesty International Country Day Cozy Drive</b>  | Goals are to provide the homeless people of Madison with clothes and other materials. They will use the funds to store and distribute clothes and backpacks. The members of the group will collect clothing donated to the school and package them.  | Homelessness                                   | People in Madison who are experiencing homelessness   | 150 homeless people in Madison  | Madison community.                        | \$1,000   | \$1,000   |
| <b>Madison East High School Engineering Club</b><br>Engineering Night Out 2019 & East Area Solar Energy Exploration (EASEE) | They are asking for funds to help with a one night event where there will be a science fair with exhibits, demonstrations and activities, information about careers and higher education, three workshops and a field trip to MATC. The funds will be used to buy the rights to show a film, STEM activity supplies, snacks, paper & printing materials, and bus transportation costs.   | Education, Racial and Religious Discrimination | Junior high students typically underrepresented in STEM (workshops), and families in the East High School community (events). | 150-200 guests who attend Engineering Night Out, 100+ students who attend workshops, 20-30 students involved in hosting the event | Families of youth and community members.  | \$1,740   | \$1,300   |
| <b>Madison LaFollette Black Student Union</b><br>2019 LaFollette Black Student Union  | The BSU, which comprises of 25 members, will be touring multiple HBCU's along with black history landmarks. This project hopes to build confidence in the youth's educational abilities as well as introduce them to broader opportunities. The funds will be used for hotel rooms, transportation and food costs.   | Education                                      | Students at La Follette High School who are a part of the Black Student Union   | 25 students visiting the Historically Black Colleges/Universities   | Families of youth and community members.  | \$3,000   | \$2,000   |
| <b>McFarland High School Raise Your Voice Club</b>  | Their goal is to end the stigma around mental health and create a positive and inclusive culture at MHS through three different projects: mindfulness kits, bringing in speakers for assemblies to talk about mental health stigma, and plan a courage retreat. The funds will be used for the fidgets, tools and supplies for the kits, speakers and retreat activities, fundraising supplies and peer mentor training materials.                                     | Education, Health                              | All students and staff at McFarland High School   | 750 students and 75 staff at McFarland High School impacted by mindfulness kits, speakers/retreats, and peer mentor program       | Family and friends of students and staff. | \$3,000   | \$1,000   |

### BYFY 18-19 Funding Recommendations

|--|--|-------------------------------------|--|---|---|-----------|-----------|
| <b>McFarland Youth Center, Inc</b><br>Fresh Food Friday                    | The group is planning on making Friday the day that they cook healthy and fun foods with the middle school youth. Activities are teaching about culture through food choices, gardening and harvesting food for Fresh Food Friday, experiencing new and healthy food choices. They will garden during spring and summer to gather fresh foods. Funds will be used for cooking supplies and tools, cooking components, and gardening tools. | Health, Homelessness, Food Security | Middle school students involved with the McFarland Youth Center                    | 30 students each week grades 6-8 who participate in cooking and nutrition education programs; 15 youth tasked with organizing and implementing program                    | Families of youth served  | \$1,790   | \$800     |
| <b>Memorial High Latinos Unidos Club</b><br>Unidos Festival                | Their goal is to host a week long festival for the whole school. It will have traditional dances, music, food and presentations in hopes that it will lessen racial discrimination. They will also paint a display window that mirrors their theme as a way to promote the event. The funds will cover Latin DJ services, dance performers, food, drinks, decorations, and eating utensils.  | Racial and Religious Discrimination | Students and staff at James Madison Memorial HS                                    | 18 student members of the club, and 500+ students and staff who attend presentations and the festival   | Families of the youth and adults served.                                      | \$1,710   | \$700     |
| <b>Public Health and Advocacy Club</b><br>Sustainable Solution             | Expand access to food for West High School Students. Creating a sustainable way to access food thus addresses both food security and health and wellbeing of students and their families.  | Health, Food Security               | Students at West High School   | 754 economically disadvantaged students (33% of West students) who may utilize the food pantry, and 15 student club members who are involved in implementing the project. | 2,000 family members of youth served.   | \$1,500   | \$700     |
| <b>Rape Crisis Center of Dane County</b><br>Gamechanger Outreach Campaign  | Working with with the schools around the Madison area to implement education on violence and abuse prevention. There will be a youth advisory board to create policy, protocols and marketing materials for the program.   | Violence, abuse prevention          | Middle and High School students in Dane County                                     | 13,000 in MMSD schools who have access to materials created, and 16 students on the Youth Advisory Board  | Community members and families of youth served                                | \$3,000   | \$900     |
| <b>Scholars of Excellence</b><br>Scholars of Excellence College experience | This project will give participants an opportunity to visit a college campus that was identified as a collaborative interest. This visit will promote the importance of education and why students of color need to prioritize education in their lives.   | Race, Education                     | Students at MSCR who are interested in preparing for college                       | 25 students of color in grades 7 and 8, and 5 staff   | Community members who benefit from community service hours completed by youth | \$3,000   | \$1,500   |
| <b>Wildcats United</b><br>Wildcats United Food Pantry                      | The overall goal of the group is to reduce food insecurity for families in the Dane County Area. The group is requesting funds for their food pantry at Verona Area High School to create and provide students and their families living in a food insecure household with a bag of food over the weekend when they are unable to access free/reduced meals provided by the school.  | Homelessness, Food security         | Students in Verona Area High School who utilize the free and reduced lunch program | 377 students (25% of Verona Area High School students are on free and reduced lunch); 10 students who organize and plan events  | Families of youth served  | \$3,000   | \$3,000   |
