#### C. Action Items

## When to have Department Heads to Present Plans at Advisory Meetings and who?

Presentations will allow heads to give feedback on the Equity plans and update the Advisory Committee on where they are on their plans. This will give Department heads the opportunity to give status updates. The Advisory Committee is willing to go to another location to make it easier on for Department heads to attend and present their Equity Plans. Committee can move meetings to City County Building or Libraries to make it easier on Directors.

Goal is to have at least one Department come and present at the June meeting. Departments should be prepared to discuss strategic/equity plans to the Advisory Board. The presenters should be able to present to the group even if there is no quorum. Committee would want to know which Departments are missing their Equity Plan, when they will be finished and how to help them get their plans. The Advisory group would ask if they have a strategic plan and if not why. The committee could then help get the plan going then assist in the area of hiring that would be a good place to start to support staff of color in the various departments.

One of the goals is to get the Equity Plans on the OEI website. Departments have until June for OEI to receive each agencies plan. Theola Carter will be the one review. OEI would have a deadline be placed on the website. Once the plans are on the website the workload would be divided and have several people read each plan. Approximately 5 each.

Question surround hiring staff of color and supporting them in the workplace. When persons are hired there is a perception that things are all fixed and they are not. The OEI Board need to think about this and how to help Departments. Each Department is required to have an Affirmative Action Plan. The Equity and Inclusion can be added on to the plan and it would be a part of compliance.
