

AWARD OF CONTRACT TO UW HOSPITALS AND CLINICS FOR NURSING SERVICES FOR
JUVENILE DETENTION RESIDENTS—JUVENILE COURT PROGRAM

The Juvenile Court Program has contracted with UW Hospitals/Clinic Authority to provide nursing services for residents in the Juvenile Detention Center since 1998. Annual contract extensions have occurred since that initial contract was adopted and the department desires to continue this service with an updated contract.

UW nursing staff provide a range of services to residents 20 hours per week and the department is billed for actual hours worked. They have provided high quality, cost effective care for the juveniles. These services have been in coordination with our UW Doctor who serves Detention residents, for which the department is not billed for services.

THEREFORE BE IT RESOLVED that a contract be awarded to UW Hospitals and Clinic Authority from 7/1/19 through 6/30/24 not to exceed \$350,000 and that the County Executive and County Clerk are authorized to execute the contract documents.
